DEAN JONES TO SPEAK AT DINNER OPENING CITY CAMPAIGN

Hartford Campaign for Centennial Fund to Start on Evening of January 15.

BISHOP BREWSTER EARNESTLY ENDORSES CAMPAIGN IN STATE. Committee Desires Alumni to Act as Traveling Representatives.

Despite the holidays, preparations have gone forward for the opening of the general campaign for the Trinity Centennial Fund in Hartford, January 15.

Plans are now practically completed for the big dinner which will be given by the corps, and will probably be the biggest Trinity dinner that has been held in recent years.

On the evening which follows the Hartford and vicinity and elsewhere will meet at dinner at the Hotel colony, the invitation, that principal non-Trinity speaker. Dean Jones of Yale will be the biggest Trinity dinner that has been organized, and cards will be started. Teams are now almost distributed in the next few days.

Frederick Morbey, Russell Z. Johnston, Roger Ladd, J. H. Kelso Davis, Charles Buell, star quarterback of the Trinity canvass has also gone well.

The Undergraduate College

HARTFORD, CONN., WEDNESDAY, JANUARY 10, 1923

VOLUME XIX

Hartford Campaign for Centennial Fund to Start on Evening of January 15.

Basketball Team Defeats Middlebury College

Close Game Taken from Vermont Quintet by Score of 22 to 20.

Second Game After Vacation Lost to Connecticut Aggies.

Aaggie Five is Completely Outplayed in First Half of Exciting Contest But Comes Back Strong in Second Period.

Basketball Team Defeats Middlebury College

On Monday, January 8, Hartford, '23, president of the College Body, spoke before the Rotary Club of Hartford at a luncheon given by that Club, on the subject of "Trinity College from the Undergraduate's Viewpoint."

This was the first of a series of talks to be given by undergraduates this week before various clubs in Hartford, in connection with the campaign for the Centennial Fund soon to be started. President Brewster also spoke before the Lions' Club on Monday.

On Thursday, March 24, will speak to the Kiwanis Club; Mohr, and will address the Connecticut Club; while on Friday, Brili, will talk to the Civician Club.

In addition to the talk before the Rotary Club last Monday, several more canvasses were made by the undergraduates who were invited to attend the luncheon.

"Talks will be as follows:"

basketball.

On the Tuesday before the opening of the Christmas recess a meeting of the Graduate Advisory Committee on Athletics was held in the President's office.

The Trinity guards threw up a formidable defense in the second half which the Middlebury team found difficult to penetrate, and as a result their shots were long and forced. Leonard started for the Vermonters while Montgomery, Caner, and Keating exhibited stellar games for Trinity.

Eligibility Rules Being Revised. Committee Favours Change in Present System of Electing Managers of Major Sports.

On the Tuesday before the opening of the Christmas recess a meeting of the Graduate Advisory Committee on Athletics was held in the President's office.

Robert S. Morris, '16, of Hartford, has been appointed to fill the vacancy in the committee caused by the recent resignation of Harvey C. Fend, '93.

The committee approved the football schedule for next year as arranged by Manager Jones, '24. This schedule will be officially announced in a subsequent number of the Connecticut Aggies.

This committee will take action on the schedule in the early part of this month.

The Graduate Committee decided to eliminate a freshmen basketball team this year, and also recommends a change in the present system of electing managers of the major sports. A definite plan in regard to this will probably be suggested later.

A sub-committee is now re-arranging and codifying a new set of eligibility rules. Some new additions to the present rules will probably be made.

On Saturday night the reverse was the case, for at the end of the first period the score stood 14 to 14 with the Trinity team exhibiting a much better game than the Middlebury. In the second period the contest the victors were the ones to have the better of it, and at the final whistle Trinity won by a 23 to 23 score.

Middlebury leads at End of Half. The final half of the Middlebury-Trinity game was lost by Middlebury and played slow and easy. The visiting team made a good showing toward the end of the period by a last minute spurt of clever playing. When the second half opened, a clear one-handed toss from an apparently impossible pos.

HARRT SPOKES TO ROTARY

(Continued from page 1)

Nevertheless we can do it. We have the material and I dare say the time. We have only to be inquisitive about the things which surround us. We ask questions of the people, and they themselves, otherwise, I remember the intense interest displayed by a student member of our class in the electric light. An experiment was being performed to show the effects of electricity. A glass rod was rubbed vigorously with a piece of cat's fur, and then placed against a suspended pile ball. After a while when the rod was removed the ball was charged, the rod repelled it. This particular student in his endeavor to make a good athlete. Certainly for the manager who does not have to do the bulk of the work, and initiative, both which are very seldom, do they cut us. They seems strange that so many different traditions seem to be held in our memory by the larger hand of tradition, the hand of Trin- men, and leaves its mark on the men. We have with us think, but how to think. They are

MANAGERS.

Several times during the past two years the question of managers of the Freshman have been raised, the proposition being to take all managers from the Senior class. On the face of it, such a move would be for more efficient management. During the Freshman year there have been room for improvement in sev- eral instances. However, the real truth is that all managers in the Freshman year are the fact that all managers except football have been elected.

One evil that has been eradicated in the election of managers has been the fact that there is no train of thought that any body. This led to political combina- tions and personal ambitions, which were the election of the poor candidate. The present method of election, installed and now practiced, has stopped this practice. But as yet there seems to be no way of securing the best possible material from the Freshman class to go out to the assistant manager- ship. It then comes down to the question of whether a manager should be a Senior or a Junior who will do a much better job with a unit on the campus could be com- pared with a Senior class. The Junior class is not in such a condition of mental or physical immaturity, and so in the field of final selection would be much larger, the material better, and the final selection of the best possible person.

But even if this is done, the proposal that all managers be members of the Senior class has much to be said in its favor. The same man, a Senior, is one has a better chance to get through because of his responsibility. For the manager who cannot efficiently organize his staff and keep them in line, or who does not have to do the bulk of the actual work, such an election is a legitimate one and may happen. But the type of man out for the posi- tion of manager is a man who has been through the system and is of the type that he can take over his assistants must of his own accord. The actual work of the manager should not be in the beginning of the season, leaving him free from drudgery in his Senior year. It frequently takes four years to make a good athlete. Certainly then, four years is none too long to make an efficient manager. Very few men come to college with pre- vious experience as managers, while many athletes do.

DEBATING UNION IS ACTIVE

Attempt to Arrange Debate with Pennsylvania Constitution Framed.

Negotiations are being made to arrange a debate to be held in Hartford between the new Debating Union of Trinity and the Pennsylvania State University. As the date suggested by Pennsylvania is one to come during the Trinity Easter vacation, the final details have not yet been definitely determined.

Trinity has been the privileged of having present at its debates, a large number of students and members of the public. It has been found that the debates are popular with the students and that many of the debates are attended by large numbers of people. A committee was set up to arrange any debates away from home.

A committee, composed of Thomas, 24, Wright, 24, McSorley, 24, and Wood, 25, has drawn up a tentative constitution for the Debating Union, which will be submitted to the eligible members for their approval at the first meeting to be held some time after the close of the Christmas recess. This constitution is as follows:

DEBATING UNION Organization.

This organization shall be known as the Trinity Debating Union.

Aims.

The objects of the organization shall be to develop forensic ability in the student body and to afford a means of discussing college problems.

Officers.

Its officers shall be a President, a Secretary, and three or more members to act as officers to the best interests of the union.

Meetings.

Regular meetings shall be held on alternate Tuesday of the college year. The minutes of the President shall be: to conduct all monthly meetings and special meetings; to preside at all regular and special meetings; to publish in the college a monthly report of the activities of the committee and the minutes of all committee meetings.

Amendments.

Amendments may be made to this constitution by a three-quarters vote of the members present at the regular meetings.

Dr. DutcHer addresses political SCIENCE club

In response to an invitation, Dr. Dutschke, head of the Political Science Department, addressed the History Department at Wesleyan, addressed a meeting of the Political Science Club. He spoke shortly before Christmas vacation.

TRINITY NOT SPECIALIZED

Is a Liberal Arts College and not Purely Scientific.

(Richard C. Puleo, '22)

The club has never gone out to make itself an exception to the college regardless of the long steps taken in the betterment of the Javins laboratories and the scientific branch of the college generally. It will be remembered that the time is not far gone when it was possible for a man to get a medical degree, and practice, in spite of the fact that he had not graduated from college.

Like any educational institution, Trinity has taken the policy of acquiring all the latest developments in the arts and sciences. The college pre-medical in any sense of the word, but rather to keep up with the standards of the world. The college pre-medical in any sense of the word, but rather to keep up with the standards of the world. This can be said to be almost every thing, however, such is the power of education and direction.

The PiPhi Chapter of Alpha Chi Rho fraternity held its twenty-seventh initiation banquet Saturday before Christmas recess. The gentlemen initiated are as follows: Duncan Day, '27, of Hartford; George

Choice of a Career

From the Yale News

NINETY-FOUR

Someone, perhaps an insurance agent, was quoted as saying that from the mass of one hundred college graduates one individual only rises to the top. The others are the ninety-four presumably work hard enough to keep their heads above water but are nowhere near the top of the class. In the other forty-nine presumable are in the great section of the American people who drive their men off and found themselves after twenty years at the small yacht and chauffeur stage. The other forty-nine presumable are in the great section of the American people who drive their men off and found themselves after twenty years at the small yacht and chauffeur stage. The other forty-nine presumable are in the great section of the American people who drive their men off and found themselves after twenty years at the small yacht and chauffeur stage. The other forty-nine presumable are in the great section of the American people who drive their men off and found themselves after twenty years at the small yacht and chauffeur stage. The other forty-nine presumable are in the great section of the American people who drive their men off and found themselves after twenty years at the small yacht and chauffeur stage.

The answer to the problem lies in the proper choice of a career.
A revival of an old form of intramural sports is seen in the recent announcement of the Physical Training department that faculty teams will be organized to compete with undergraduate teams in competitive sports. The first team to be organized is in baseball, and is to be led by Assistant Professor C. A. Bissant and Professor H. E. Shepard.

Faculty and Undergraduate Handball Teams to Meet Soon After Mid-Year Examinations.

The team, under the leadership of Assistant Professor C. A. Bissant and Professor H. E. Shepard, will meet in handball soon after mid-year examinations. The team is composed of faculty members and undergraduate students and will meet in handball soon after mid-year examinations.
