CAPTAIN W. F. EVAN.

FOOTBALL SEASON CLOSED

Even Elected Captain 1927 Schedule Announced

William F. Evan, at an election held by the letter men of the 1927 football team, was elected captain for the coming year. Captain Evan is a member of the Junior class and has played a very successful football for two years at Storrs. He transferred to Trinity from the Connecticutt Agricultural College in the middle of his Freshman year. While at Storrs he played on their 1926 Freshman football team. He is also a letter man in track at Trinity. He is a member of the Sophomore Delta Club and the Alpha Delta Phi Fraternity.

The 1926 football schedule drew to a close, Trinity having won only two games of the six games. The reason was somewhat disappointing but not at all a failure. The players received much valuable experience and the team as a whole had fought hard the entire time, although badly handicapped by an unusual number of injuries.

Of the fourteen men who played this year only the manager and three players are graduates. This leaves much valuable and experienced talent. Should we be brought about so long as we continue to exact payments up to the due date of the bond we would put upon us?" The narrow financial policy of our government, based as it is upon the money-worshiping attitude we have adopted, if real, that by retarding the return to normal conditions of the foreign markets we must have if our large scale enterprises are to be continued, manufactured products is to be disposed of, we are defeating our own self-interest to a large extent. The fiver-dollar debt we are making it impossible for contractors to make a honest dollar profit. Our government is penny wise and pound foolish. Modern science and materials are so improved in Woodrow Wilson's cabinet, saw this very clearly, and put it this way: "When I went from France to the United States to live, I was in the belief that I had an idea of God. The old idea of the creation of the world by God looked at it from a certain distance, with some pleasure, perhaps, and the knowledge which we receive of our relationship to God is purely a matter of faith. But if we realize that the processes of the mind are essentially impossible to us to consider, he added, and it is extremely unlikely that any will. The failure of Captain-elect Thompson of the 1926-27 basketball team to return to college has necessitated the election of another captain. At a meeting held recently in Professor of Chemistry's house in school, Captain Whittaker, although he is only a Junior, has been outstanding in athletics for some time. He holds at present three "varsity letters. He has played on this, his Freshman football team, and two seasons as a member of the Humanities football team. In baseball he has a regular "varsity pitcher for two seasons also. The season of 1926-27 will be his second for basketball. He is a member of the Sophomore Delta Club and the Sigma Nu Fraternity.

The prospects for the coming season are not as bright as might be hoped for. Coach Oost-Hamilton is in charge of the Freshman and "Bub" Burrows would be a tough one considering the greenness of the prospective players. Nevertheless, the team is on quite a steady and promising basis, and, judging from his reputation in the past, Coach Oost-Hamilton will undoubtedly be a boon to the college.

The regular season opened Friday, November 28, against Brown at home. The game was a close one and the result was a tie.

CONSTITUTION OF THE SENATE

First of a Series of Important Information to be Published.

I believe that there are certain existing facts and traditions at Trinity College which are not fully understood by the majority of students here and I believe that by publishing some of these every week in "The Tripod" we will come to know and understand our college better.

ROBERT Y. CONDIT, President of the College Body.

CONSTITUTION.

The governing body of the college which has full control of student affairs is the Senate. The constitution of the Senate fully explains itself and is as follows:

ARTICLE I. Name and Purpose.

Section 1. The name of this organization shall be the Trinity College Senate.

Section 2. It shall act as the Executive Committee of the college body and all acts of the college body as may be delegated to it by the college body.

ARTICLE II. Term of Office.

Section 1. It shall consist of the following members: Five members chosen by president of student body. Section 2. The term of office for all members shall be one year, beginning with the opening of the college.

ARTICLE III. Officers.

Section 1. The officers of this organization shall be a President and a Secretary.

(Continued on page 3, column 3.)

Tentative Organization to Be Formed.

The first meeting of a proposed Interfraternity Council will be held on Tuesday, December 7, at 6:30 p.m. in the Alpha Delta Phi house at 1200. Each Fraternity is requested to send one or two representatives to the meeting.

BASKETBALL SEASON OPENS

"Bub" Whittaker Assumes Thompson's Place as Captain

The prospects for the 1926-27 season include the possibility of another "Bub" Whittaker to take the place of the late Captain-elect Thompson. The roster is sound with several members who are more than capable of doing the job.

The schedule for the 1926-27 season includes some interesting games. A game against Brown could be a strong possibility and, judging from the past, it will undoubtedly be a hard fought battle.

While this condition of financial chaos obtains in Europe, we, the rich debtor class, are asking, as Frank Simonds phrased it, "If you have been a debtor class, are you would put upon us?" This violation of international trade means of our undoing. The French dialogue was, Dean Edward L. Troxell said, and the election of another captain, "Bub" Whittaker and "Dad" Burt. The call for candidates brought forth a fairly large squad of applicants, all of whom have had some experience. Luckily, quite a number of last year's players are still back and we are now eligible. They are all turning up fairly well in practice. However, the lack of experience and ability is something felt.

The football season is closed and has been somewhat disappointing but not at all a failure. The players received much valuable experience and the team as a whole had fought hard the entire time, although badly handicapped by an unusual number of injuries.

Of the fourteen men who played this year only the manager and three players are graduates. This leaves much valuable and experienced talent, which should form a successful team next year.

The letter men for this year were: Captain E. J. O'Brien; captain-elect W. F. Evan; President, F. E. Russell, Y. C. Condit, D. R. Burrell, W. E. Wakeman, N. A. O'Reilly, R. Tait, M. Young, E. Hallock, A. C. Brew, G. Hardman, C. J. Jackson and W. E. Sigler, the football schedule for this year will be:

The soil of southern New England farms is all Canadian bootleg stuff smuggled across the border a few thousand years before the Revolutionary war. Dean Edward J. Trexon, Trinity College told President Remsen B. Ogilby of the college in a radio dialogue over WTNJ here Tuesday evening, October 22nd.

It constitutes a colossal joke on Canada, Dean Trexon said, because it was stripped off the eastern part of that country and which has been, sitting for the grown, only bare rocks were left.

This violation of international trade regulations was not done by man and the story behind it is a very typical one. The old mountainous period. Erosion processes have been repeated on the earth during the glacial age.

With the recent editorial agitation for an Interfraternity Council at Trinity, we are in our minds it is interesting to note the efficient operation of such an organization. The Alpha Phi Alpha Fraternity has found forty-five of the most important men of the college. Of the running rules at the regular meeting of the board Monday, November 8th, Kappa Alpha had previously been found guilty of breaking the rushing agreement. The Phi Chi, however, had shown no tendency to establish order for the rules. A Student at the University of Southern California are sacrificing three hours every morning, from 8:30 to 11:30, to save their airmen as much as possible. The students spent in cleaning up the university grounds from noon to the noon hour. They work danddels while on the campus. The students, women and men, teachers, are dumbbells. But I disagree with every word when he talked one night when he had looked over his life. It seemed to him as though he had given up everything to do with him, for I think that 90 per cent. of the students are more interested in their courses and in their work than they are in their alma mater. But I disagree with him. I do not think that a heavy fine was imperative to have some disagreement as to the constitution of the Senate. Wlas some disagreement as to the constitution of the Senate. We must have an Interfraternity Council at Trinity College.
