JUNIOR PROM ACTIVITIES FEATURE THIS WEEK-END

Junior Week Officially Opened by Dance at Alpha Delta Phi Chapter House

Many members of the undergraduate body are planning to attend the annual Junior Prom, which will be held tonight in Alumni Hall. Junior Week started officially last night with a dance at the Phi Kappa Chapter of Alpha Delta Phi and it will close at midnight tomorrow night with three formal dances, the last of which will be given by three of the national fra- ternities on campus.

The Prom tonight will be preceded by the annual basketball game between Trinity and the Connecticut Aggie team and the contest will be played in the Hopkins Street Gym. The preliminary game, which starts at 7:30 o'clock, will be between the Connecticut Aggie freshmen team and the Trinity Junior Freshman team and it is scheduled to start about an hour later.

There is no doubt that tonight's game will be a close one, for both the Aggie team and Coach Ousting's team have an excellent early sea- son form. The latest opponent of both teams was Springfield College, and both Trinity and the Aggies were forced to take defeat, Trinity by three points and the Aggies by four. This fact would tend to in- dicate that both Trinity and the Aggies are about on a par and that any one team is to be considered a favorite.

Many of the undergraduates re- member undoubtedly the thrilling bastket by Joe Flem- ing, Trinity forward, which resulted in his shooting the Connecticut Aggie team last year by a one-point margin. The starting lineup for Trin- ity is as follows:

<table>
<thead>
<tr>
<th>Position</th>
<th>Name</th>
<th>Year</th>
</tr>
</thead>
<tbody>
<tr>
<td>G</td>
<td>Joe Fleming</td>
<td>'30</td>
</tr>
<tr>
<td>G</td>
<td>Jim Warnock</td>
<td>'31</td>
</tr>
<tr>
<td>F</td>
<td>Pete McPhee</td>
<td>'32</td>
</tr>
<tr>
<td>F</td>
<td>Jack Reuter</td>
<td>'32</td>
</tr>
<tr>
<td>F</td>
<td>Fred Prior</td>
<td>'32</td>
</tr>
</tbody>
</table>

The preliminary game will be a close one, for both Trinity and the Aggies were forced to take defeat, Trinity by three points and the Aggies by four. This fact would tend to indicate that both Trinity and the Aggies are about on a par and that any one team is to be considered a favorite.

The junior week festivities will come to an end tonight with a dance in Alumni Hall. Many members of the undergraduate body are planning to attend the annual Junior Prom, which will be held tonight in Alumni Hall. The preliminary game, which starts at 7:30 o'clock, will be between the Connecticut Aggie freshmen team and the Trinity Junior Freshman team.

Prom-goers will have a rare treat in store for them in view of the fact that they have the occasion for the evening will be played by Eddie Wittstein, per- sonally, and his twelve-piece orchestra, which is scheduled to play for the annual Yale Junior Prom next week at New Haven, and his last appearance at college was at the Sophomore Hop of the Varsity Association.

As in former years, each of the fraternity houses will turn out their best, and some of the prom and the decorations in Alumni Hall will consist largely of the college colors of Blue and Gold.
Private School is Failing its Purpose

Says Geo. A. Boyce, in Pamphlet

(The following extracts are taken bodily from a pamphlet published by Mr. George A. Boyce, 1931. Mr. Boyce has aroused nation-wide discussion on the value of the present American college preparatory school, comments on his views appearing on the editorial pages of numerous college and secondary school papers. Mr. Boyce is professor of mathematics at Western Reserve Academy, Hudson, Ohio.)

The private school in America is failing to achieve its purpose. Any one who expects to defend such a sweeping statement must present an abundance of evidence. He must first demonstrate that the private schools have a common purpose and then show that a large majority of them are failing to achieve this purpose. Much has been said on this subject, but in the main the accusations and the defense have been based largely on personal opinions and incomplete evidence. The writer therefore undertook a few years ago to determine the facts for himself.

There were at least two ways to arrive at such a conclusion. One was to visit a great many schools all over the country, talk to the schoolmasters, observe the pupils, and then record the result. Such a plan is followed by many educational travelers; it has many educational travelers, and it has some advantages. This plan is not a bad one, but it is too superficial. A good view of the setting of the school, the equipment, and the personalities involved would be needed. To make the picture complete, however, mere observation is not enough. The writer therefore undertook a plan which would make a careful analysis of government reports, school catalogues, and all material reports or statements by those who have had opportunity to scrutinize the schools. Only in the catalogues can one get a complete picture of what is being done, to achieve the purposes of education. Only in the catalogues can one get a complete picture of what is being done, to achieve the purposes of education.

The reader may think that such a plan is a mere waste of effort. One cannot escape the fact, however, that an approach of this sort invariably brings to light quite a different interpretation of what has been happening in these schools. What is more, here is said is confirmed by independent testimony from the top of the list of facts to the lowest. There is no moralizing, nor making the assumption, which is the case with so many of these schools, that a "no in the air," and yet this may hardly be fair, for there is the possibility that a slight case of indigestion or a temporary state of hyper-acidity of the soul can do no harm to those who are failing to achieve the purposes of education. Only in the catalogues can one get a complete picture of what is being done, to achieve the purposes of education.

The season started auspiciously. In the first game of the season the 'VARSITY FIVE' was successful in defeating Springfield College Bishop Davis received from the Washington family: a stone that will serve as a reminder that the original Church Cathedral, died last month at a poor calibre.

The first goal for the Blue and Gold held with this was against Clark and it was played a poor calibre.

The attitude of these schools has been strengthened. There is still a lingering doubt whether the private schools have continued in existence for their defensive work.

Inasmuch as the annual game with Springfield was particularly active in an experimental way and was a trial for the new ideas which were to be tested against Springfield, when he went on a scoring rampage and scored eighteenth points, his defensive play was also quite as remarkable, inasmuch as he held three of the opposing Springfield centers scoreless through the entire game. Chubbuck's performance against Springfield was not quite as brilliant as Nye's. The ability tonight, with Fleming and Golino. this group, which have acquired much prominence, are the largest and which have been imitated by other groups. The attitude of these schools has been strengthened. There is still a lingering doubt whether the private schools have continued in existence for their defensive work.
