TRINITY PREPARES FOR STRONG AMHERST TEAM

Lord Jeffs Have Strong Line with a Fast Backfield
Adopt at Pasing

On Saturday, the 'variety will play its last game of the season with the Amherst team on Pratt field. The game will be the thirty-fifth of the two teams, and the result will be the last appearance of Captain Molin, as well as Phipps, Diviss, Black, Fontana, and Bussey. The game between Amherst and Mass. Aggies last Saturday, skipped by Herbert Harry, the backfield coach, who will outline the Amherst formations during the game week.

There's record so far this season has been far from impressive. Opening against Princeton, they were defeated 27-0, lost their next to the 7-6, won the next against Worcester Tech, 19-0, lost the next in a hard-fought game to 14-14, lost last Saturday to the strong Marist team, 11-0. Despite these defeats, Amherst will present a strong team. Abby capably handled by the defense, and the offense round out with veterans.

The Trinity line for tomorrow is a slight favorite having made a better show against the Wesleyan team than did the Blue and Gold.

D.K.'S AND DELTA PHI'S HOLD FALL DANCES

Many Out-of-Town Guests and Alumni Entertained at Local Chapter Houses

Last Saturday evening following the Blowout at the Delta Kappa Epsilon and the Sigma Chapter of Delta Phi each entertained a large number of guests for their Chap- ter houses from 8.30 to 12.15.15 The Delta Kappa Epsilon dance were: Dr. and Mrs. Rensenn B. Ogilvy, Dr. and Mrs. Albert L. Conolly, Frederick Tammill of New York. Dr. and Mrs. L. D. Johnson, New York, Dr. and Mrs. Durant, M. R. Bailey and Mr. Henry Ulhig. Miss Elizabeth H. Anderson, Miss Virginia W. Wadlow, Miss Margaret Neff of Westfield. The Chapter house was decorated in Hallowe'en fashion and refreshments were served at 11 o'clock. A seven-piece orchestra from the Travellers' Artist Bureau furnished the music.

The Delta Phi dance were:

Mrs. Rensenn B. Ogilvy, Mrs. Arthur Adams, Mrs. Thurman L. Stockton, Mrs. Robert Birdman, Mrs. Miss Angeline of New York.

Among those present were:

Dr. and Mrs. Rensenn B. Ogilvy, Professor of Mathematics, Harvard University and Dr. and Mrs. George V. Bliss, President of the American Mathematical Society. Both of which had been treated with the heart acid derivatives held true in the superior. The paper was sent by Professor Lowry to Dr. Krieble for Physiological Chemist as the Cambridge contribute to the Bodenstein Memorial Volume in the Proceedings of Royal Society and which to the local biological chemical laboratories have been sent to continue the work.

The second paper was also the line of research that Dr. Krieble has been carrying on. It is a test of students here at Trinity College, namely, to determine the effect of concentrated solutions of hydrochloric, hydrobromic and sulphuric acids. This reaction has been studied by many chemists. Early investigators thought that the velocity of the reaction varied as the hydrogen ion concentration

PREPARATIONS FOR SOPH HOP ANNOUNCED

Attendance to Be Unlimited—Wesleyan Calendar to Provide Service

Contrary to the announcement made in last week's edition of The Trinity Hop, the Sophomore Hop Commit­ tee has decided that instead of limiting the men outstanding the sophomore class to one thousand, twenty-five, the attendance will be unlimited. The Grand March will be at 8.00 p. m. and supper will be served between 12 and 1.30. Due to the large number of cars that are expected, an area near the entrance to the gymnasium will be roped off so that no cars will be able to park near the doors. Precautions are being taken by the Committee to eliminate any possibility of non-paying guests crashing the Hop. The decorations, to be arranged entirely by the Committee, will include the Trinity banner with the college seal. This banner is always used at Commencement. The orchestra platform will be surrounded on all sides by long colored streamers and the walls of the dance floor will be made of white toilet paper. Fraternity booths will be along the north side of the hall in the following order: from west to east; the Alpha Chi Chapter of Delta Kappa Epsilon, the Epsilon Delta Chi Chapter of Delta Phi, the Phi Kappa Alpha Chapter of Delta Delta Phi, the Beta Theta Chapter of Phi Kappa Psi, the Sigma Chapter of Delta Phi, the local fraternity of Alpha Tau Kappa, the Delta Chi Chapter of Sigma Phi, the Phi Psi Chapter of Alpha Chi Rho, and the house for New York. On either side of the orchestra platform will be tables on which coffee will be served. After the supper, all the entertainment will be completed.

Defying all superstition, all minor details of the Hop will be arranged in advance. The committee will be in charge of the entire evening. The patroneses will be present in the booths of their respective houses. Defying all superstition, all minor details of the Hop will be arranged in advance. Struggling grizzily against bad breaks and a tragic inability to come through in the fourth quarter, the Trinity football team went down to defeat at Wesleyan last Saturday by 12 to 0 score. advance

the year has opened with great prospects for Trinity. There seems to be a spirit of life and activity abroad which is a good omen of the future. A desire for popular reform is showing itself with a will and energy to take the first steps in new advances in

The former apathy in which our college days slum

bored us, when we clung to antiquated relics of the past, has been su

proves how necessary it is for there to be a place among the organisations at Trinity.

The course of events in the direction of Mr. Merriv, has proved

its record last year shows that it ranks among the best in

New England colleges.

This renewed spirit was seen in the great support given the football

team by the undergraduates and alumni. The cheering at the

Westleyan game was the best in years.

We hope that these manifestations of college spirit will continue, for

we feel that the existence of full representation, new

souls desiring of support ought to be encouraged.

Many of the Alumni when speaking of "the old days" mourn the passing of "The Trinity Tablet". All feel its loss keenly. To

each man "The Trinity Tablet" is in a real part of Trinity.

The spirit, however, "The Trinity Tablet" commemorates no

meaning whatsoever. To others it is just the college magazine that has passed out of existence, and "The Trinity Tablet" is succe

NOTES ON TRINITY-KENT GAME.

Preparations are being made for the Trinity Freshmen's last battle of the season. The game is to be held at Trinity on October 11, at the same time as the Blue and Gold "varsity" are playing Amherst in New Haven.

Kent has lost but one game this season, while the Freshmen have won two for a total of two. The former is always a victory, and Kent was an easy victory over the latter with a 43 to 0 score. Which may or not prove anything to football statistics.

Trinity Freshmen lost last year's game to Kent by a score of 27 to 6. Coach Joseph C. Clark has stated that he expects full strength for the game, including Alexander, halfback, who was incapacitated for former games due to injuries. Maier, elected captain, is fully recovered, and the signal for the team, will be in the starting line.

The practice during this week will be spent in brushing up on the timing of plays, interference, and blocking.

On the scheduled day the Freshmen will not at the Commens at 12 o'clock. The team will be shown through the new chapel and will be entertained at the Soda fountain. At 3 o'clock the team will be taken to be given by Dr. Ogilby after the game. A good-sized crowd is expected for the game, as many Kent alumni live in Hartford.

WASHINGItON MERRY-GO-ROUND;

Only on infrequent occasions do the Washington Nationals concern themselves with college football. Nevertheless, States make money. In the first six weeks of its publication, "Washington Merry-Go-Round" sold 36,000 copies, a record for college newspapers, with a profit of $3,000 from printing.

Samuel Hopkins Adams' "Harding Caroons", "circulating the Harding scandal" to the average reader, has stirred this interest that Americans, they say, have in football. Of course, all must have glamour and scandal to传真 them up. This is not surprising, nor is it especially condemnable, for most dissertations on political figures have observed the evil practices close and Washington newspapers. WASHINGTON MERRY-GO-ROUND;

Compiled by Horace Live

Only on infrequent occasions do the Washington Nationals concern themselves with college football. Nevertheless, States make money. In the first six weeks of its publication, "Washington Merry-Go-Round" sold 36,000 copies, a record for college newspapers, with a profit of $3,000 from printing.

NEW MEMBERS SPEAK BEFORE ATHENAEUM
Organization of Petition Senate for Recognition—To Hold Outside Debate

A meeting of the Athenaeum was held at 7:30 Monday night in Profes- sor Powers’ room to discuss the opening of the usual literary period, after which Rex Howard andshortly afterwards Alden VanZile’s “Laval’s Visit to President Hoover.” The moment was allowed for promoting diplomatic relations through the talks between Laval and President Hoover.

Following Howard’s address, the following candidates, who were previously admitted to membership, spoke briefly:

It was voted to petition the Senate for a new organization in order that the Athenaeum is the only organization on the campus which does not belong and also that the Debate Manager be authorized to arrange for an inter-collegiate meeting. It has been suggested that the debate be open to the public.

Pres. Ogivy Delivers Sermon in Memory of Graduates

Text, Hebrews 12: 1 — “Therefore let us also, seeing we are compassed with so great a cloud of witnesses, lay aside every weight and the sin which doth so easily beset us, and let us run with patience the race that is set before us.”

No man cares very much about genealogy until he gets married and has the thrill of discovering from his wife that she comes of a long line of ancestors. It is pretty good for him to pretend to go back far, of course, but if he is honest he must admit that the real interest in his history is where his wife comes from. And just as we are inclined to set aside the ancestral figures from the time of the marriage, so the Athenaeum does not begin to appreciate an undergraduate of his college at their real worth until the latter part of the senior year. In fact, we did not bring him to his sense until the senior year because during the first nine months of his college life he is under the domination of his college.[1]

The Athenaeum is not of an undergraduate but an alumnus.

The Rev. Frederick William Harri- son, D.D., Rector of the Distin- guished Trinity family, his father graduated from Trinity in the class of 1872, his grandfather, in the class of 1827, and his two sons graduated in 1899 and 1909. Dr. Harri- son’s long rectorship at Westminster kept him close to the college, and he was a frequent visitor.

In the roll of this year are the names of two friends, Bryant and Blauvelt, classmate and neighbor of the same fraternity. They were also devoted friends of my predecessor, Dr. Luther, who also graduated in the same class. Bryant was long a dis- tin guished citizen of this community, and was a member of the faculty of Trinity College function from foundation day until his death in June. Our Alumni roll includes various members of his family.

The distinguished graduate whose name on our list this year is that of Edward Sims Van Zile. Again, his name has been related by marriage to various other eminent physicians and statesmen. Van Zile was a writer of distinction. Some of his best writing was in magazines and newspapers, though he was a writer of a number of books which bear his name. He had a distinct gift for verse, and perhaps his best known work was a collection of a few poems which he established in this last year.

Among the younger men on the list is Charles Frederick Johnson, an old and true man. He was an able man of affairs, a lawyer in New York who al- ways had time to give to his college and to his fraternity. He died too soon. The David and Jonathan win- ner of the high point in college life was being given in his memory by his college and his fraternity.

There are other names in the list that deserve a career of memory. There is Dr. George Ward, a distinguished clergyman in Philadelphia. Bishop Nelson was a loyal servant of the city of New York, and was the acknowledged leader of the clergy on the tradition of loyalty to the college. He had served faithfully for many years, a Trustee of this college.

Of our honorary graduates who are on our list for the last year, President Olaf of Amherst was always a friend of our college, and named high- est in the list of his class. The career of our own Professor Johnson is so well known, that it is not necessary to be said at this time. He retired from his teaching at Trinity before any of the lists were made up this year. He was born, but to the last kept himself alert in the continuation of his stud- ies.

An educational institution does well to consult its alumni, and especially the past, even as they are crys- talized in the lives of her distin- guished graduates. The fact that the names of the Trinity men of yesterday should stir the imagination of today for serv- ice and for wisdom.

Meetings are to be held every Wed- nesday evening at the Commons. The first meeting will be on Wednesday and the meeting began at 7 o’clock.

All members of the Neutral Body are eligible for membership and may join the organization by applying to the secretary and attending two con- secutive meetings.

Dr. Ogilvy is to speak at the next meeting and all members of the Neu- tral Body are cordially invited to at- tend.

COMMUNICATIONS

Trinity College, Hartford, Conn., November 1, 1931.

To the Editor of The Trinity Tripod:

An early issue of The Trinity Tripod contained an editorial advising the freshman class to disregard rules, traditions, et cetera. It went on to tell about the rebellious attitude of last year's freshmen to the inter-collegiate competition, which will be held in Boston in March. The Frosh class is planning to take off the rules within a short while, and, incidentally, were outnumbered about ten to one.

The Sophomore Rules Committee decided upon the abolishing of their own. The Sophomore Rules Committee had definitely planned to have at least one "scrap", and possibly more. Of course, when the rules went off so the possessions of "scrap", the paper is supposed to be the mouthpiece of the college. When The Tripod advised the removal of rules, the Sophomore Rules Committee was content to take its views as those of the student body. But when it said that the college should have "scrap" ("wraps" and rules being practically synonymous at college), it seems to be going a bit too far.

The Sophomore Board of "scrap" and traditions, let's have them. If not, the matter should be definitely dropped.

Very sincerely yours,
E. H. CRAIG, '34.

GLEE CLUB

The Glee Club has announced the tentative booking of two engagements, one in New Haven, and one in Monticello. Manager Garrison has also sent letters to eighteen prep schools requesting dates for concerts. The club, under the direction of Professor Merritt, is already looking forward to the inter-collegiate competition which will be held in Boston in March, and with this contest in view, is rehearsing diligently. Tours for quartets are to be held soon.

A notice has been sent to each member of the club by James C. Warrick, Jr., president, pointing out the necessity for attendance at rehearsals, which are held each Monday and Thursday evening. Each man must be allowed only three cuts between now and Christmas, and it is advised that those should not be taken unless it is absolutely necessary. Any member taking an excess of this number will be automatically dropped from the club.

KRIEBLE'S TRIP.

(Continued from page 1.)

The present investigation has shown that in the higher acid concentrations at least, the velocity is dependent not only upon the hydrogen ion activity but also upon the activity of the undissociated molecule. These results extend the hydrolytic studies carried out by Dr. A. J. Perkin, J. McNally and E. R. Blanchard and indicate that the undissociated acid molecule is a more effective catalyst than had been supposed. This work is being continued by Clarence R. Noll and Fred M. Reinhart in our own laboratories.

Leaving Cambridge University the first of July this year Dr. Krieble and his family spent the rest of the summer on the Continent stopping for a short while in Paris and Switzerland and returning to the United States this last September.

FRESH in nature's way
CAMELS are never parched or toasted!

FRESHNESS and flavor in a cigarette trace right back to natural moisture.

If you overheat or process tobacco so harshly as to dry out all natural moisture you drive out freshness and flavor too.

Camel never parches or toasts the fine Turkish and mild Domestic tobaccos it uses—they are naturally smooth, cool, mellow, with natural moisture retained.

That's why the Camel Humidor Pack proves such a blessing to Camel smokers—it brings them a fine cigarette fresh to start with, and fresh to smoke.

If you don't realize what natural moisture means in genuine freshness and flavor, switch to Camels and see.

Try this mild, slow-burning, throat-friendly favorite for just one day—then leave it, if you can!

R. J. REYNOLDS TOBACCO COMPANY, Winston-Salem, N. C.

CAMELS Made FRESH—Kept FRESH

Don't remove the moisture-proof wrapping from your package of Camels after you open it. The Camel Humidor Pack is protection against sweat, dust and germs. In offices and homes, even in the dry atmosphere of artificial heat, the Camel Humidor Pack delivers fresh Camels and keeps them right until the last one has been smoked.

HOUSE DANCES.
(Continued from page 1.)
Mr. Bernhard Ullmer, Mr. and Mrs. W. A. Stoltz, Mr. and Mrs. A. K. Mitchell, and Mr. John Godding of Forest Hills, New York.
A large number of local and out-of-town alumni were present. Bob Hill's Orchestra played.
Both dances were well attended and very successful.
