Glee Club Competes in New England Contest

Amherst, Wesleyan and M. I. T. Place in Springfield

PROGRAM VARIED

Four Joint Numbers Rendered by Nine Glee Clubs Participating at Auditorium

On Friday, February 24, at Springfield, Mass., the Trinity Glee Club competed against eight other New England Colleges in the Seventh Annual Intercollegiate Glee Club Contest. Those represented were Amherst, Bowdoin, Clark University, Middlebury, M. I. T., Trinity, University of Vermont, Wesleyan, and Williams. The final decision gave Amherst second place, M. I. T. third, and Wesleyan second, and M. I. T. third.

Leaving at 1 o'clock by bus, the Glee Club members arrived by 5 o'clock, going immediately to the Auditorium, where they held their practice session until 9 o'clock.

At 4 o'clock each club sang the piece that was contributed. Last Me From Heights of the Mountains, by Elgar. This performance was open only to the judges and a limited number of spectators. The piece sung at this time counted one-half in the rating of the final score.

Before the evening concert the Club had dinner in the main dining room of the Hotel Kimball, at which its headquarters were located.

The evening program began at 8:30. While a well-filled house, the ninth annual Glee Club Contest was presented as the "Star Spangled Banner" on the stage of the auditorium. Following this, the choice songs of all the colleges were presented, each number being judged by the other half of the contest. "Garden Song," by Amherst Club, and "Full Fathom Five" by Wesleyan were outstanding among these selections. The clubs which won the first three places in this category were as follows: 1. "Stairway to Heaven," by M. I. T., 2. "Garden Song," by Amherst Club, and 3. "Full Fathom Five," by Wesleyan. Each of these selections was contributed by the following colleges: Amherst, Williams, Wesleyan, Amherst, and M. I. T. groups. The order of their selection was not revealed at the time beyond the fact that three of them had tied for second place up to that point.

The next feature on the program was the singing of songs of college songs, each of which was presented by a different college. (Continued on page 3.)

The Harvard University Club had won 31 to 30 of the contest on personal fouls, but not before he had scored 11 points, four field goals and three free tries. As he walked off the floor, he was recorded a rousing ovation that the Harvard quintet in a game was speed, from then on. The Blue and Gold had the game in their pocket a few minutes after the start of the second half, and were never seriously threatened.

Trinity coach relay team of Adams, Cot, and Mortimer started things off by making a new pool record, which was followed by another which Mowbray. The idea was to make a great scoring team by using the best of the best of each group, and to pass the ball around.

In the dives, Paige took first place with a time of 1:23.0. Mowbray also did some fast swimming, setting a new pool mark down to 2.58.5. However, he was outdistanced by Johnny Martens, who finished in 2.41.0. The Blue and Gold team was second, while Angus Connolly was third.

A large group is expected to attend and arrange accommodations for the Swifts. The Trinity medley of the Jesters' group was expected to attend and arrange accommodations for the Swifts, and was also a member of the Delta Tripod. PRESIDENT HUTT GIVES SUNDAY CHAPEL TALK

Sermon Deals with Logical Thought; Value of Hasty Decisions Questioned

Sunday morning, February 26, Professor E. K. Hutt spoke in Chapel. He chose his subject from the well-known case of the New Englander, "When I was a child I spake as a child and thought as a child, but now I have put away childish things!"

Dr. Hutt told of a belief he holds as a New Englander, that malaria was due to the memorandum of a cause. Perhaps, therefore, must be taken against the night air. Today we know that we should have protection from the air because in some parts of the country we are apt to claim it.

A child, the speaker continued, acquires many things for granted that a grown person takes time to question, and even to deny. However, if the grown person takes time to reason out every fact and figure, with care, it is not to be denied that he is a sign of insanity.

In closing, Professor Hutt urged us not to be too hasty in our decisions, for we may discover a mistaken judgment which has led us to disregard the confirmation that comes with experience and learning.

Although the Psi U. S. came back to score heavily in the closing minutes, the final score was 23 to 12.

In Delta Phi's upset of Sigma Nu, Edward E. Lau and James A. Strong were victorious for the victors, while Birch captured "choking" honors for the defeated club, with a high score of 21 to 18. Again Lau played well, and he is still a high man for D. K. E.

Chesterfields are Milder

WHEN you ask a Chesterfield smoker why that’s his brand—he generally comes right out flat-footed and says...“It’s because They’re Milder!”

So we’re going to keep on doing everything we know how to keep them that way.

That’s why we look for and buy the mildest and ripest tobaccos we can get. That’s why we age them in our warehouses till they’re mellow and sweet.

We believe that even the shredding of the tobacco...and the quality of the paper it’s rolled in, have a lot to do with the even-drawing, mild smoke that people enjoy in Chesterfields.

You can bank on this...every method known to science is used to make Chesterfield a milder, better-tasting cigarette that satisfies.
