**LARGE SQUAD OUT FOR FRESHMAN FOOTBALL**

First Practice Brings Out Fifty Freshman squads — Prospects Seen Bright

Last Tuesday afternoon about fifty candidates reported for Freshman football under Coach Philips of the Class of 1922. During the past week the squad has been going through conditioning exercises and drilling in fundamentals. Mr. Philips is taking personal charges of those out for the backfield, and is being assisted by W. Harling, '94, who is acting as line coach. Much attention has been given to passing and shifting, and the men are fast rounding into shape.

Although Mr. Philips would disclose his plans concerning the Freshman eleven, however, he will not disclose plans concerning the New Hampden. Coach Philips is planning a New Hampden eleven that will be a real factor in the conference.

The schedule for the coming season is as follows: October 14—William Academy at Easthampton, Mass., October 21—Practice Games, Varsity and Freshman squads held at the New Hampden, October 28—Suffield School at Suffield, Conn.

New Hampshire Freshmen at Hart ford.

**TRINITY WILL GREET HEADS OF COLLEGES**

The seventy-fifth annual meeting of the colleges in New England will be held at Trinity College on Friday and Saturday, October 29 and 30. The meeting is composed of fourteen of the older colleges of New England, and the meetings are attended by the president of each college, and one or two members of his faculty. The new president of Harvard, President James B. Conant, will attend, as will also President of President Barbour or Brown, and others.

Those meetings are held in rotation every two years at the colleges that are members of the association. It is considered an honor for Trinity College to have the privilege of holding the seventy-fifth meeting this year. The guests of the College will, most of them, be lodged at the Hotel Heurum, which will be served in the College Dining Hall, and the meetings held in the Lounge.

**LAX GUARDING OF CASH SCORED BY PRESIDENT**

Issues Advice to Dormitory Men Regarding Safekeeping of Valuables

"Verbum Sap is an Old Abbe.

It means, 'Word to the wise is sufficient'."

We live in the middle of a miserable and naughty world. Although various cards may have been talked over with the general idea of taking from those who have plenty to give it to those who have little or none, this process is not working fast enough for those of us here. As a consequence there are always a few "sly guys" who try to roam around college rooms and make up what they can find. Due to the trusting nature of the immature students, they occasionally make a bad choice.

I recommend therefore:

1—If you have a wad of bills for which you care so little that you are ready to throw them away, make sure of the door unlocked while you go out to classes, gym or meals, leave suitable means about so that the burglar can have the thrill of a treasurers' bag. Of course, if you need the money yourself, do something safe and intelligent about it. As soon as you can, send the cash to the savings bank and ask the college treasurer to keep it for you in the safe at the office. No charge.

2—If you see a stranger wandering around the campus, looking for trouble, let him know about it. Should he turn out afterwards to be a graduate student or a new member of the faculty, you can always apologize—it is his tough luck.

3—Remember that no monkey business, no cards, no colored drinks, and no running around. If you are in good standing, and do not trouble others, there is no reason why you should not be allowed to roam around freely. Either one or both of these reasons will be scratched if the match is not played. This decision is reserved for the consideration of the Physical Education Department.

Due to the great number of men admitted to the college, the entire football team will have to be played by Friday of this week. Therefore, there will be four on the field at any one time. Each of these two teams will be made up of members of the three new courts. The Proctorial room will be used for this purpose. The Courtyard will be used for this purpose.

4—Be shrewd and cunning about your money. My grand-father was a shrewd.

FIRST HALF EVEN

Blue and Gold Forces Early Play; Kingston and Shiner Show on Defense

A fighting Trinity eleven lost a key man of the various campus organizations, University, Mules, last Saturday after a last quarter rally of the Mule's men. The Blue and Gold forced the play and threatened the Colby goal in the first and third stanzas. The game was anybody's until, in the last half of the final quarter, two long, complete passes forced by the Mule fullback, Johnny Alden, gave Colby the lead and held it to the end.

The game opened with Trinity receiving the ball. Forcing the play, the Blue and Gold marched the ball down to the crossbar line, and the game was goalless after a half. Colby took possession of the ball in the Blue and Gold territory, and scored a point. Fullback, Alden, of the Mule Eleven, passed the ball to the Captain, Jim Peabody, who crossed the goal line for the first score of the game. The kick for point went wide.

THREE YEARS’ EFFORTS
Another rushing season is past and fifty-eight men or more have become pledged to fraternities at Trinity College. Some freshmen are nursing hurt pride, wondering why they were not among the many chosen, while others find that their position on the campus has been lowered considerably overnight. Another rushing season is past and, moreover, another system has been tried.

PUBLICITY AT LAST
For years our undergraduates and alumni have searched the metropolitan newspapers in vain for some news of their College. They have been ashamed to find that the name of their Alma Mater was missing in the columns of the football scores; that unless Trinity met a larger and better known rival, no mention of the game, not even the slightest hint of the lineup, could be found. But all that is past—our dreams of Trinity news have at last been realized.

A year ago a group of undergraduates organized a News Bureau and attempted to sell news of Trinity to various local and metropolitan dailies. However, the project failed, for there are few colleges, no matter what their size, which do not send news matter gratis, as publicity, to most newspapers.

And so it is that we greet with sincere delight the information that Trinity has taken another step forward by delegating a competent man to send news of our campus to divers newspapers in New England and beyond. We can only congratulate the College authorities, wish the Trinity News Bureau a long and successful existence, and join hundreds of Alumni in a joyous vote of thanks.

First Home Game Finds Both Teams Defeated Once; Pass Defense Stressed

The first home football game of the season took place on Saturday, October 7, when the Blue and Gold eleven faced the Worcester Tech. Trinity supporters watched with interest, as the progress of the game last week between the Engineering and the Coast Guard Academy, as the latter team comes to Hartford for the third season in succession.

The Coast Guard displayed a powerful back line and an offensive defense, running through Worcester Tech to the score of 23 to 6. The Blue and Gold were not so successful in their first game, losing 12 to 0 to Colby. Last year the Worcester team scored early in the first period to defeat Trinity, but the fine condition of the local squad promises that the game will be a close one this year. Kellaway suffered a slight injury to his ankle, but it is hoped that he will be in shape for Saturday's game. Galloway's ankle is also rapidly improving, and every player should be available when the Blue and Gold meet their visitors from Worcester.

Coach Jessop is concentrating this week on forward pass defense, which proved very effective in the Colby game, as the visitors completed six out of seven forwards, two of them accounting for the Blue and Gold's only shortage.

Every loyal Trinity man ought to make a personal effort to attend the game, to cheer on our boys to victory every time! Let's have a renewed spirit at Trinity this year.

New Material Strengthens Team; Forward Line Being Broken

The Trinity soccer team, with seven of last year's regulars out for practice, faces a season of strong competition starting October 21, when the team goes to Amherst, Mass., to meet the Engineers. Coach Wright is concentrating on building up the halfback line both offensively and defensively.

At present the forward line consists of Finkbeiner, Irvine, Liddell, and Mostworry, all four of whom played regularly the previous season. Vorse, who was not out last year, is also to be considered for a position in the forward line. W. E. Werner, who served at goal last season in the first practice game and later played right fullback, is now slated to fill the halfback position along with Motten. McGarvey will play in the backfield line the same as last year. Hammer, a last year's substitute, will undoubtedly see service during the current season. So far the team is without a captain. The members of the team giving the most promise for the first practices are Banks, Childs, a transfer with experience at goal, O'Brien, and A. B. Onderdonk.

Attended Trinity

Trinity College notes with the
deepest sympathy the death of the
Reverend Theodore Mount Peck, M.A.,
who died on September 18, 1933, at
Washington, Conn. The Rev. Mr.
Peck was graduated with the Class

from Trinity College in 1890.

After his graduation from the
Berkeley Divinity School at Middle-
town, the Rev. Mr. Peck was ordained
a priest in 1884. From this time on
his life was one of service spent in
missionary work, school work, and
finally the building of his beloved St.
John's at Washington. It was here
that he spent the latter part of his
life, first as rector, then as rector
emertitus.

Besides her widow the Rev. Mr.

these improvisations in his program.
M. Dupre's compositions have been
universally hailed. His Armistice
hymn, "De Profundis" was performed
at Notre Dame after the war in mem-
ory of the French dead. He has also
composed for solo voices, violin,
piano, chorus and orchestra as well
as for the organ. His creations are
said to combine the brilliance and
color of the modern French school
with the traditional form of classic
literature and the report that he will
include some of them in his two
concerts here has aroused much interest.
At his recital tonight, M. Dupre
will create a sonata upon themes
presented to him in a sealed envelope by
three prominent musicians of Hart-
