BATTENSON ASKS HELP IN RED CROSS DRIVE

Former Hartford Mayor Speaks on Himself in this Depression.

Support for the American Red Cross was the plea made last week at Wednesday Chapel by Walter Battenson, former mayor of Hartford.

Mr. Battenson also stressed the fact that “The Red Cross is in need of money. If you are not able to do your share, a thousand times I wish you would do your share.”

The Red Cross was taken care of by 11,000 volunteers.

To “join this roll-call is necessary if the Red Cross is to go on.”

Mr. Battenson went on, “At least a dollar to each, and of this dollar, 50 cents goes to the national fund, and 50 cents goes to local needs. While it is the sole duty of everyone to take care of himself in this depression, to give one dollar would go far in alleviating the distress of someone in distress from a cyclone, drought, or earthquake.”

TRINITY COLLEGE LOSES TO BOWDOWNS

The tennis team lost to Bowdowns Friday at the Rockledge Country Club by the score of 4 to 2. Andy Pierson was the only tennis player who showed promise of defeating his man, and allowing only two earned runs. While Pierson was casting his spell on Bowdowns, the baseball team was playing with all the strength possible.

The Hilltoppers had two big innings scoring four runs in the third and fifth innings.

At the end of the game, the Cross Society played their game for the third annual radio debate between the United States and the Soviet Union over station WITC on Saturday, May 11, at 8:00 o’clock.

The Cross Society, under the leadership of Alpha Delta Phi on that body, were to discuss several plans and petitions.

It has secured permission to have its February meeting at 7:45 every Monday, Tuesday, Thursday, and Friday, under the supervision of the Student Senate.

The services will be carefully discussed by the Student Senate.

Another meeting will be held at the end of the year to determine a man for the vacancy, or to make recommendations for the planning of the services for the handling of the Cross Society’s business for next term.

The nominations of the various groups are as follows: Delta Psi, John Geare; Lambda Chi, E. D. Rice; Sigma Nu, J. H. Stanley; Omicron Delta Kappa, L. W. Storrs.

VOICE

It is to the advantage of every man in College that he take a vital interest in the elections to be held Thursday. The 1935 Senate has nominated two men from each undergraduate group, of which one will be chosen by students to represent them as the successors of this body; likewise it has nominated three juniors of an audience of well over 1,000, and to be able to take an active part in the Tri-Dub and the other with the foray. The students of a man for each position. The nominees, as announced on page 1, have been thoroughly considered and carefully picked to the satisfaction of the undergraduate groups and the Senate. At this point it is our duty to see that the men are elected to suit the student body; furthermore, we must see that they have the consent of the class; thus we come back to it that his vote is intelligent, and not merely a falling in line with the opinions of others. It is easy to understand the work of the Senate. The members of this important body carry on an important office. The Senate's function is to represent the faculty and students. Their responsibilities are great and they are the voice of the students.

ATTENDANCE AT TRINITY'S SOCIAL FUNCTIONS

It is with some disgust and discouragement that we view the attendance of Trinity undergraduates at the College's social functions, and otherwise. The Senate dances which the Tripod has advocated repeatedly are especially well attended, although, they are demanded again and again by students themselves. There appears to be one certain clique which supports these dances, and other College functions as well. Last month there were three excellent performances of Shakespeare's "Coriolanus" by the Jesters, at all performances of which there was only a scarcity of Trinity men. The alumni supported the play nobly as did several nearby preparatory schools, but the attendance of Trinity students was deplorable. Recently the Athenaean Society scheduled two home debates, one with Nichols College, and the other with Catholic University. The Nichols debate was favored with a representation of four Trinity students, while the Catholic University debate was marked by fifteen out of an audience of well over two hundred.

Of course athletics are comparatively well attended. Other College events should not be neglected. Actors and debaters get as much encouragement from a familiar audience as football players. Too, the undergraduate body should be able to support College's function without depending upon the Alumni and outsiders. Trinity men should be interested enough in their own College activities to be actively represented by at least three of them. By attending a College function an undergraduate shows his respect for the work of his friends and his attitude towards sociability and self-improvement. By staying away, he loses much which the College offers—and he will never get it anywhere.

DOXES AND SIGMA NUS' FAVORITED IN INTRAMURAL TOURNEY

With the intramural baseball tournament in the semifinal round, the Sigma Nu’s, while Sigma Nu and Psi U battle for the other position in the final.

On the basis of comparative scores, posteriorly uncertain at a rate of comparison, the Sigma Nu’s seem to have the edge over the other contestants, and more successfully defend their title won last year. On the other hand the team from D. K. E. has shown a real talent for hitting in pinch; they took their last game from Delta Phi in what has undoubtedly been the most exciting game of this year’s tournament.

While D. K. E. was taking over the Delta Phi shoulder at 18-15, the Psi U’s displayed an attack too flashy for the A. T. K.’s winning by an eight-point margin.

According to Professor Oosting, one of the contestants possessed a theoretical knowledge of the game, but the strain of competition brought out certain flaws in the technique of the Delta Phi’s, inflicting the Alpha Delta by a 15-1 score. In similarly handy fashion the Sigma Nu’s disposed of St. Anthony Hall to the tune of 24-10. The Psi U’s designed an attack too flashy for the A. T. K.’s winning by an eight-point margin.

The Jessee nine, which was pumped up to a 16-4 defeat by the hard-hitting Yale, shows a remarkable comeback, inflicting victories over Arnold, Harvieux, Stevens Tech, and Bowdoin.

For a year Bill Warner has had his mind set on ousting Oliver of Tufts. Last spring, in the Intercol-

legiate, Oliver beat Bill by a half-

point margin, 13-5. Competition for the Bills fell short of the Tuftman’s mark by an inch. In last week’s Bill outjerked his rival by a foot.

Terry Mowbray led his teammates to their season to two perfect victories, and they practiced all winter on indoor courts, was defeated by a

The weather man kept the Trinity track team idle last Saturday, but it will see plenty of action this week. The track meet with Conn. State on Saturday will make its first competitive appearance on the home grounds. Coach Oesting is challenging the track men to beat the Storrs, and expects a close contest.

Last year, State broke a string of defeats at the hands of Trinity with an all-around win. Even this year's team was judged by "The Connecticut Campus", the undergraduate paper, to be "woefully weak". It is expected that the meet will be an event in a recent meet with Rhode Island State. The Trinity team, on the other hand, already has a victory over Tufts to its credit.

Captain Luke Kellam has been ill with the grippe, but is expected to lead his men against Connecticut State on Saturday.

The spread of what is known as Dutch Elm diseases in the United States has caused great concern to all lovers of trees especially in New England, where the American elm has been the pride of the beauty. This disease is a species of fungus which attacks the branches and twigs of elms. After the fungus has appeared on the tree, the young twigs decay and then the fungus invades the trunk and kills it. The disease is spreading at an alarming rate and the only thing that can save the elm is the immediate destruction of the trees infected with the disease.

The control of the slim sophomore, Chapman, 1-6, and the control of the slim sophomore, O'Malley, 2h, proved to be a problem for the freshmen who scored on O'Malley's single. Margarita tallied when Ferruci was playing left field. Many of the freshmen who scored on the game's single were the freshmen in the back of the line. The head of the line, however, found three errors and a passed ball by the catcher in the fifth, sewing up the game for Trinity.

Trinity functioned almost perfectly in the field, being charged out with errors.

The control of the slim sophomore, Ray Paton, was remarkable in view of the fact that it was a rainy, rainy afternoon. The catcher was with the side with seven pitches in the third, whiffing out the first two men, and giving his personal attention to Buck's forlorn appeal to the ump for ball one.

Coach Amport led the bleudogging with three safe throws in four trips to the plate.

be conducted by Seniors, although President Ogilby took the opening one last evening. The matter of the manager of the Union for next year was discussed but tabled until a later date. The Senior Ball budget was approved, as was the budget for next year's Senate. The only changes in the latter were a slight increase for the Athenaeum Society and a slight decrease in the amount to be given to the Jesters.

About a month ago a committee composed of Professor Oosting, Dr. Motten, and John S. McCook sent out circulars to various groups on campus to ask for suggestions in regard to the Athletic Association. The replies were received in the form of written reports and each one very carefully considered. The Constitution was then slightly revised and those suggestions thought advisable were included. Within the next two weeks a general election will be held in order to find the opinion of the College Body on whether or not a new Constitution should be adopted. Everyone in College will be allowed to vote regardless of his financial standing with his class treasury.

In the laying-out of the campus, designed by A. M. Brinkerhoff, there are to be 16 new courts on the land south of Boardman Hall, and the four new courts will be the four most northerly of this group.

Professor Rohr Outlines History of College in Recent Radio Talk

Professor Rohr of the History Department at Trinity has been making addresses in connection with the Connecticut Tercentenary Commission for the past few months. The following are excerpts from an address recently made by him over station WDBC, giving some of the background of the history of the College.

"Trinity College was founded in 1823 as Washington College by a group of Episcopalians and Baptist churchmen led by Bishop Thomas Church Brownell, a graduate of Union College in 1804. In the opening day of College, six professors and tutors met a combined student body of nine! One of the faculty was Horatio Harkok, Yale 1798, professor of agriculture and political economy, said to be the first professor of political economy in the country. College expenses of each student were listed in the first circular issued by the College in 1824: Tuition $21 per term; room rent $5 to $4 per term; $1 for use of library; and for sweeping rooms, ringing the bell, fuel for recitation rooms, printing, and other incidental expenses, $2 per term! Board could be secured for $4 per term; $1 for use of library; and for sweeping rooms, ringing the bell, fuel for recitation rooms, printing, and other incidental expenses, $2 per term! There is no need for a lot of whangdoodle talk about cigarettes — just plain common-sense.

When you stop to think about your cigarette — what it means to you — here's about the way you look at it —

Smoking a cigarette gives a lot of pleasure. People have been smoking and enjoying tobacco in some form or another for over 400 years.

Of course you want a cigarette to be made right. And naturally you want it to be mild. Yet you want it to have the right taste — and plenty of it.

In other words — you want it to Satisfy.

Scientific methods and ripe mild tobaccos make Chesterfield a milder and better-tasting cigarette. We believe you will enjoy them.
