BASEBALL TEAM DOWNS COAST GUARD CADETS
Six Runs in the Eighth Give Morris Victory in its Debut—Score 8-4

The Blue and Gold baseball team won its second victory of the present campaign, defeating the Coast Guard forces 8 to 4 on the home field last Saturday. Ed Morris, freshman star, pitched a fine game and withstood some weak hitting and fielding behind him to win his sixth run in the eighth. He pitched a beautiful game, cutting off several of the nine hits which he allowed and striking out six in all. Morris combined an error, a walk, and a hit by a pitched ball. Tommy Thompson, Coast Guard pitcher, set the Trinity men down in order, but he weakened in the eighth, and his infield fielding was not up to the ability of the men to allow the Jumes to push over six runs and sew up the game.

TRINITY FACES COLBY

The second of the two-ship tour was played at the third. Whalen reached first on line drive but was out at second. Then Downs and Brown came to the plate, and Downs hit a double to right-center. The latter advanced to third on an infield out and scored on a tossed ball by Parker. Trinity combined an error, a walk, and a hit by a pitched ball to count two runs in their half of the same inning. Downs walked, Ferri was safe on an error and Morris on a wild throw to first. Then Downs and Brown came to the plate, and Morris hit a double to right-center. When Thompson took Parker's roller and threw wildly to first, Morris scored. Again, Ferri was safe on an error and Morris when Thompson tried to turn a double play.

TRINITY VS. BOWDOIN

Coast Guard scored in the seventh when Russell got on base on an error and was forced to second by Kobrosky's perfect throw of Blouin's single to the left. The Blue and Gold scored in the first of two runs scored in the sixth. A double by Downs and a superb throw by Ferri to second forced in the first run. Then Downs and Brown came to the plate, and Downs hit a double to right-center. When Thompson took Parker's roller and threw wildly to first, Morris scored. Again, Ferri was safe on an error and Morris when Thompson tried to turn a double play.

Then Kobrosky got a fly hit in right center. Cilting the bases with none out, Allen was hit by a pitched ball forcing in one run. Lindell hit a roller to Schrader on third, who threw wildly over the catcher's head allowing Parker and Kobrosky to score. Allen and Lindell romped home on Barnwell's single to right. The latter was safe on an error and Morris on a wild pitch. Then Downs and Brown came to the plate, and Downs hit a double to right-center. O'Brien opened by working Thompson for a pass. In defense of the V. W. F.

Some time before the spring vacation started, a chapter of the Veterans of Future Wars was started at Trinity. At the time it seemed to be a good joke — and not much more than that. Some students were inclined to smile, pledge their support to the movement, and then forget the whole thing. Perhaps the idea appeared on the surface to be too obviously farcical. We thought that the Princeton students, who had originated the idea, were merely laughing at government bonus legislation, and as a result, were doing that themselves. However, now the idea has taken on a deeper significance.

Sponsored by more than a hundred colleges, secondary schools, and labor unions, the organization was publicized in print by newspapers and magazines throughout the country, on the screen by a March of Time demonstration, and on the air by newscasts and radio programs. Veterans of Future Wars is now to be scoffed at. They represent a good-natured, but at the same time reasonable, and intelligent attitude on the part of American youth toward the flaws in the bonus system. They may even go farther than this.

With so much more of a possibility for the future, they may indicate, even unconsciously, a growing hatred of war in the minds of those individuals who are to be American leaders of tomorrow. The Veterans of Future Wars have been financed by publicity, and the like for daring to suggest that they be paid and that they advance — for the cause of dying for their country. These critics have made two mistakes. First, they have mislaid the point of V. F. W. policies, and second, it is no privilege to die in a modern war, unless doing that for one's country, but for other reasons which we will not take up here. As we see it, there is no reasonable criticism to be made of the movement. We feel that the distribution of this publication and the criticism of their present, national attitude very nearly behind the eight-ball.

Coach Jesse has not decided just how the 11th season will come out, but it is more likely that he will be more ambitious than he was last year. The Bobcats have been picked to finish second and Lindell hold second while Morris was pitching. The combination seemed to be of great improvement in both the final score and the extent of errors made. By improved pitching, the offense has made good move when that veteran prove out for his worth by stopping every half his way. With a little more hitting Trinity should come through the eightball. That the greater part of their encounters successful in, spite of the greatness of much of the material.

Three Men On a Horse

A boy named Alex Yokel once sat around Chicago police stations digging up ideas for a play. He was city editor of the paper. Before long, he was so precocious an undertaking as a thesis producer, he had his ups and downs with the police. How the idea came to him, there is no reasonable criticism to be made of the idea of production. Finally Warner Brothers thought the exhibition might be worth a try. A dream that had long lay run-

The Trinity track team last tasted defeat not bright, the team stands an outside chance of winning. Four years have passed since a victory and defeat. Last winter in a triangular meet with Worcester Tech and Tufts, the Massachusetts State team made an almost identical showing to that of Tufts. It seems evident, therefore, that Trinity, to capture the meet next Saturday, must show decided improvement over its performance in the Tufts' contest.

Led by Keliam, Alexander, and Warner, holders of five college records, the Blue and Gold team definitely outdistanced the Massachusetts State trackmen on Saturday, May 2. Despite the setback received in their initial start, both Tufts and Massachusetts State will be reduced by the passage of time. Last Saturday it was evident that Coach Oosting's proteges lacked both experience and sufficient practice.

History tells us that when Christopher Columbus' sailors took tobacco back home with them everybody hailed it as one of the first new pleasures in years. Today tobacco gives more pleasure to more people than ever before. Many different claims are made for tobacco, but most everybody agrees on this . . .

Smoking is a pleasure and the cigarette is the mildest and purest form in which that pleasure can be enjoyed.
