Judge Buffington, '79, Judge of the River. On these occasions he hands down a decision which caused a sensation on the campus. It was the first case before the Government agents were in-
vigilating a citizen's income tax af-
ter several years of age. At that time they had audited his books and had made no claim of fraud, conceal-
ment, or any sort of wrongdoing, and made no such claims at the time the case came up. They could give no reason for investigating the man's affairs except that they had received orders from their superiors. The citizen said that the case was reopened to establish a valid claim, but to persecute him for his fight against the so-called 'sentences' claim of the utility bill.

Judge Buffington denies that the report of the government agent and the addi-
tion, "But apart from the want of proper super-
tior, or statutes of limitation, we re-

Wesleyan Philosophy Professor Draws Upon Personal Experiences in Discussing Youth and the Soviet Union

Cornelius Kruse, Professor of Phil-

osophy at Wesleyan University, gave a talk on "Youth and the Soviet Union" Thursday evening, February 27, in Cook Lounge under the spon-

sorship of the Wesleyan Student Union. He gathered the material for his ad-

dress in the course of a trip to the Soviet Union. In spite of the tremendous difficulties in learning the language, he was able to learn enough to talk with Russian students.

He has an explanation for the contradictory reports brought out of Russia. According to Professor Kruse, those who come out disgusted with Russian sympathy with old enemies are not people old enough to adapt themselves to the new way of the Revolution. On the other hand, enthusiastic reporters are those who are interested in young people and have seen the overwhelming opportunities for young people in the Soviet Union. No other country, he said, has the opportunity to change the world. "If I am enthusiastic," he said, "it is because I met young people.

Professor Kruse went to Russia to study at the Moscow University sum-
mmer school, and to teach at the famous Dumbarton Oaks and Cambridge, England, summer schools, where he was able to use his German, French, and Russian to good advantage. He was very impressed with the energy and enthusiasm of the students.

Wesleyan Philosophy Professor Discusses Youths and the Soviet Union

Cornelius Kruse, Professor of Philosophy at Wesleyan University, gave a talk on "Youth and the Soviet Union" Thursday evening, February 27, in Cook Lounge under the sponsorship of the Wesleyan Student Union. He gathered the material for his address in the course of a trip to the Soviet Union. In spite of the tremendous difficulties in learning the language, he was able to learn enough to talk with Russian students.

He has an explanation for the contradictory reports brought out of Russia. According to Professor Kruse, those who come out disgusted with Russian sympathy with old enemies are not people old enough to adapt themselves to the new way of the Revolution. On the other hand, enthusiastic reporters are those who are interested in young people and have seen the overwhelming opportunities for young people in the Soviet Union. No other country, he said, has the opportunity to change the world. "If I am enthusiastic," he said, "it is because I met young people.

Professor Kruse went to Russia to study at the Moscow University summer school, and to teach at the famous Dumbarton Oaks and Cambridge, England, summer schools, where he was able to use his German, French, and Russian to good advantage. He was very impressed with the energy and enthusiasm of the students.

In Russia, Professor Kruse explained, they do not have a seven-day week, but instead work five days and rest on the sixth. On his days off he went on picnics with Russian students up and down the Moscow region. He was given a chance to exercise his Russian on the streets, and was always friendly, courteous, and cordially. He found they knew little about the United States: a citizen's income tax, for example, was unknown to them.
A. S. U.

At a convention in Toledo, Ohio, last December the American Student Union was formed by delegates from 113 colleges and high schools throughout the country. The convention was a real new experience for many, however, let us consider the immediate aims of the organization, so that the student may better appreciate what we are backing up.

The student is not the only one who gains from the organization of all progressive student organizations. It puts up a front which is certain to add to the reputation of the student body today. Specifically, it stands for Peace, Academic Freedom, Adequate Student Relief Legislation, Expansion of Educational Facilities, and the Like.

Previous to this merger the two most active student organizations were the Student League for Industrial Democracy and the National Student Union. Each of these two, however, have joined forces with liberal and conservative groups on a broad platform of common concerned. The American Student Union has been the result.

So much for the program and structure of the Union. We come now to the student. The convention of the Connecticut Valley District of the A. S. U. will be held at Smith College on March 7 and 8. We feel that Trinity should be represented at the gathering.

Many other colleges are already supporting chapters of the A. S. U. with the encouragement of the faculty and the administration. Certainly a progressive student movement stimulates thought among young men and women of college age, and it has in many instances actually worked improvements upon student life.

In our opinion there are at Trinity several organizations which might well join the A. S. U. Certain organizations are so young at Smith. We suspect that this college may be losing a great deal if it chooses to remain indifferent to what the students of other colleges are thinking and doing. Here is an opportunity to gain, at the very point of this writing. The first annual Adequate Student Relief Legislation, Expansion of Educational Facilities, and the Like.

BLUE AND GOLD SCORE
WIN OVER CONN. STATE

Averages Former Defeat by 35-27 Victory; Ferrucci and Kenney Star

The Blue and Gold basketball team avenged an earlier defeat and snapped a three-game losing streak last Tuesday when it scored 35 to 27 victory over the Connecticut State gymnast in the second encounter between the two teams.

Led by Captain "Franzino" Ferrucci, who rang up four double-deckers and free foul shots for a total of thirteen points, the home quartet, after a nip-and-tuck first period, turned on the heat at the start of the second half and were unable to capture the situation for their respective teams. The triumph was doubly sweet for Ferrucci, who limited Captain Phil Greasley to a single basket and two free throws. At Storrs last month Greasley's fine defensive work in holding Trinity's captain to a pair of floor shots was directly responsible for the Statemen's first win in five years over the Blue and Gold.

Trinity raided shots on the basket during the opening minutes of play, but was unable to score until Ferrucci broke the ice by notching a twin-pointer. The first half resulted in a scoring duel between John Pringle, star sophomore center of the Statemen and their high scorer for the evening, and Ferrucci. Pringle's third basket of the game sent Connecticut into the lead midway in the first period. Frank knotted the count, and Mickey Kobrosky's free toss and field goal sent Trin. into the lead.

The lead changed hands no less than eight times before Kobrosky took a pass from Kenney and split the cords to give the Blue and Gold a one-point advantage at the mid-way point.

The Trinity sharpshooters swept through the scattered State defenses at the outset of the second half and, despite a late enemy spurt, the lead of Coach Osting's athletes was never seriously threatened. Ferrucci put up two swishing set shots, and Kobrosky and Kenney followed suit in short order. The home team "rush" continued as Ferrucci hung up a floor shot and Kenney tailed two hoops, bringing the count to 29 to 18.

The last-ditch stand by Connecticut threw a scare into the Trinity "fans" and brought the score to 30 to 27 with only a minute and twenty seconds to go. At this point, however, Jim Kenney came through again by arching in a perfect set shot. In the final minute Ferrucci tallied from the foul line, and "Os" Nelson rang up the final basket.

In a preliminary contest the Connecticut Freshmen encountered comparatively little resistance in flattening the Blue and Gold Jayvees, 30 to 19.

STANDARDIZED UNIFORMITY
The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill—uniformity of production all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke.

In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

LUCKIES ARE LESS ACID!
Recent chemical tests show that other popular brands have an excess of acidity over Lucky Strike of from 53% to 100%.

WESLEYAN PREVIEW

(Continued from page 1.)

Blizard, who are themselves very fine swimmers. In the dives Jones and Brucker look like about the two best divers that will appear here this year and, barring accidents or upsets, should turn in near performance.

On the other hand, Trinity is set to give Wesleyan some of the toughest opposition that they have run into. Trinity has the best swimming team that it has ever had, and has been pointing for this most all year, in fact, three of the seniors on the squad, Captain Al Hall, Bog Metten, and Larry Sinclair, have been looking forward to this evening for four years, for Trinity has never been able to beat Wesleyan in swimming.

Coach Joe Clarke, to whom all credit for the team that it has ever had, and has been pointing for this meet all year, admits that the Blue and Gold has the best chance it has ever had, though that is not necessarily saying a great deal.

CLARK PREVIEW

(Continued from page 1.)

State and Boston, has fully confirmed this fact. Several days ago they traveled up to Boston and swamped the Boston University players 36-21. Handicapped at one time by the grips attacks which kept Captain "Frammie" Ferrucci and Bob O’Malley out of action, the Blue and Gold squad is finally at full strength.

Never at any stage of the Boston University contest was there any doubt of the final issue, Trinity maintaining a wide margin from start to finish.

Jim Kenney, who became eligible for the team at mid-years, and Larry Mottin, Trinity, sec-sen, has starred for Trinity in recent games; he also will be on hand for the Clark struggle. Under these conditions the outlook is an optimistic one.
