One Hundred Sixty-Three Admitted to Fosh Class

TWO WEEKS OF RUSHING WILL END NEXT SUNDAY

Freshmen Will Again Signify Three Choices, Following Last Year's Plan

Adopting the plans of the 1937 Rushing Agreement, the Interfrater­
nity Council has decided to finish the two-week period of rushing by
having the Freshmen hand in a list of their first three preferences to the
Council, where they will be compared with the choices of the Freshmen
who will then submit. Invitations to dinner next Sunday will then be sent out by
the freshmen wherever they may have chosen.

Many Science Men

The unusually large number of twenty-six chemistry students and
twenty-two physics students in the entering class will be aptly taken care
of by the fine facilities of the new chemistry building. Last year the
number was slightly more.

Geographically the new class consists extensively of students, including twelve
students, Connecticut, with one hun­
dered and seven representatives, leading by an overwhelming majority, fol­
lowed by New York, which claims twenty-eight, and Pennsylvania with
nineteen, trailed by New Jersey, with thirteen.

The senators elected are Maryland, New Jersey, Minnesota, Vermont, Michigan, Mon­

Prep Schools Represented

The members of the class come from thirty-four private schools, which include Taft, St. Paul's School, Brooks, Pomfret, Choate, Hotchkiss, St. James, Adelphi Academy, Westmin­
ster, St. Mark's, Holderness, Brunswick, Loomis, Kent, Peddie, Kingswood, Leбан, Needham, Groton, Trinity School, Mt. Hermon, Homer, Tabor, New­
ford, St. Paul Academy, Oakwood, Irving School, Avern Old Farm School, Shattuck Military Academy, Kimball Union Academy, Kew Forest School, and the Barows Academy. The field of prep schools is enormous. The number of students coming from these schools is relatively large.

CONVERSE SCHOLAR

At the annual fall Converse Scholarship competition sponsored by Dr. Ogilby, Kirby M. Bigham of Bloomfield, New Jersey, a graduate of Ridgewood High School, was named winner of the award. Bigham is a member of the Class of 1941.

CONSTITUTIONAL BOOKS IN LIBRARY'S EXHIBIT

Many Valuable Works in Exhibit Commemorating the Adoption of U. S. Constitution

The librarians have arranged just inside the entrance to the old books dealing with the United States Constitution and the Convention which composed it. This exhibit is part of the celebration of the one hundred and fifty­
fifth anniversary of the adoption of the Constitution.

The most valuable book is Volume One of the first collected edition of the Federalist Papers. It was originally the property of Samuel John­
son, one of the signatures from Connec­
ticut, whose picture by Stuart now hangs in the dining hall.

Trinity students will be interested to see a book which was used at Trinity in 1844 in the study of the Constitution by Samuel Flower, '45. They will learn that the practice of writing assignments in the book is an old one, for, according to a note writ­ten by the student, on June 25, 1844, Samuel was to learn whether the students would wish to continue the Political Party with agreement in the Constitution.

Another interesting item is an Eng­
lish magazine, published in November, 1787, which contains a copy of the Declaration of Independence, in the first English copy. Other books in the exhibit include a Journal of Congress, which contains George Washington's letter submitting the Constitution to Congress, and Ter­
quelles' "De La Democratie Et Americaine," which has a translation of the Constitution into French.

TRIPUD NOTICE

A meeting of the Tripud Staff will be held Thursday evening at 7:30 in the Tripud room in lower college. All members of the staff are urged to appear at the Reg­
ecy's office. At this time all new men who wish to try to have their names on the list to be sponsored must be present.

STUDENT BODY RALLY HELD AT ALUMNI HALL

President Ogilvy and Prominent Upperclassmen Speak to Freshmen

On Thursday evening, September 25, at seven-thirty, a mass meeting for the members of the class of 1941 was held in Alumni Hall. The meeting was called by Robert O'Malley, '32, and John Harris, '33, and was attended by a large number of students who were interested in the welfare of the school.

President Ogilvy spoke on the Trinity Athletic Association, the Glee Club, the Jesters, the Political Science Club, and the Choir. He explained (Continued on page 4.)

Office News

On Saturday, September 26, at St. Aidan's Chapel in South Dartmouth, Mass., President Ogilvy married T. H. Mowbray, '36, of Bermuda, to Miss Priscilla Hollister of Corning, N. Y. The wedding of J. B. Mowbray, '36, a member of the class, as actes as ushers and there were a number of Trinity men present.

Next Sunday, September 27, a number of the members of the "Ivy" Board will be present, Frank Maguire, '38, who spoke on the Trinity Athletic Association, the Glee Club, the Jesters, the Political Science Club, and the Choir. He explained (Continued on page 4.)

Backfield Strong

At this writing the backfield seems about set and ready. Bob O'Malley, who is said to be in fine condition, will be in his own right, will team up with Ed Morris at the halfback positions. Since last fall Morris has become even shiffter, which doesn't spell good for the group. It will be a difficult season for Bob and Steve Trues, both holders of Bermuda. In the past four years Trinity is with­
out a strong backfield, but the new group has also caused a shift in plans. De­
pending on the line, Morris and Trues will be a very good backfield. Jessup, who has fashioned a seco­
ndly strong eleven from veterans and the cream of the younger group.

Trinity Faces Hamilton In Season's Grid Inaugural

Opener to Terminate Three Weeks of Intense Drilling and Scrimmaging

GAME AT CLINTON

Eleven Appears Strong Despite Graduation of Lettermen and Loss Through Ineligibility

In the foreign setting of Clinton, N. Y., Dan Jessee will unveil a likely­
looking Trinity squad this Saturday as the boys for the second successive year of the season, with Hamilton College furnishing the op­position. Not until the following week will the real fans watch the Terr ­perators at which time Worcester Tech will be on hand.

The last three weeks of intense drilling and scrimmaging have given the squad the feeling of being in shape, and with the new men in the squad strengthened the feeling among elders, experts, and fandom at large that the base of the Blue and Gold are due to inflict a lot of misery on their opponents (Wesleyan papers, relative to the Hamilton game). Jessup thus says, that the first three years Hamilton has come up against the Big Mac. Jessee, whose passing and running has at last long gained due recognition, has made a group of the new line and has in the order of representation.

Clement T. Potter, in his usual style, will open the line. Second year men and the three choices, Hobbs, Hume, and Jones, will have the starting positions, and in the order of representation.

The forward unit has been exten­sively revamped and renovated. On the second line, there will be the third-year man, John Alexander, and sophomore Bill Kelly, who turned in such a nifty job on the line in the opener. If present line­ups remain intact, Trinity will have two one hundred and ninety pounders plugging the tackles in the persons of Stan Alexander and John Diming, who are both in the line.

The Captain Herb Vinick has a strong­

looking backfield on one of the leaders, who has been raring for the job. Paul Harris, a "watch-charm" type who was hampered by a bad knee last fall, may start. To complete the line-up, Scatter hopes the will do something to that effect, for he can hardly be said to have tasted the delights of playing tackle. Vinick is counted upon for heavy duty.

Hamilton Untested

For the Trinity-Fusilier tussle, this will also be the opening contest on a seven-game schedule. Coach Arthur has a strong veteran group, and is a real bailey who knows something to that effect, for he can hardly be said to have tasted the delights of playing tackle. Vinick is counted upon for heavy duty.

Volume XXXIV

Covered with a guitar, the facade of the Trinity College Library is reminiscent of the French town, where the main building of the college is modeled. The library is one of the oldest and most distinguished in the country, with a collection of over a million volumes.
September, 1937, and another period in the great game of life is beginning for countless young men the country over. The proverbial doors of learning open to admit one of the largest delegations the world has ever seen in search of that elusive being and the concrete evidence of it in the form of a degree.

You of the Class of 1941 now enter into one of the most crucial periods of your existence. For most of you, the transformation from high school and prep school to college will be great. Studies become more difficult, and methods of teaching differ. You are entirely on your own for perhaps the first time, and it is up to you whether or not the best of a good opportunity is made.

### SOCCER PROSPECTS BRIGHT AS EIGHT LETTERMEN RETURN

Although the squad has lost many valuable men, including Captain Bill O'Brien, the outlook for the Blue and Gold Soccer team is still bright. Ernie Schmid, the 19th-pound bundle of fight, is taking Bill's place as this year's captain, and there are eight returning lettermen: George Gaboury, Bill Lindsay, Eric Hoebelg, Ed Smith, Lloyd Bates, Fran Hope, Harley Davidson, and Dudley Clapp.

The schedule for this year includes five games, of which last year's squad won three and lost two. Practice started on Monday, September 27, when Coach MacCloud led the team in a squad workout.

the requirements or qualifications necessary for admission to these organizations. He extended a warm invitation to the members of '41 to try out for them. Frank is one of the outstanding scholars of the Senior class having been elected to Phi Beta Kappa in his Junior year.

Next Frank Jackson told how the Interfraternity Council is formed and of what its duties consist. He mentioned the book, "Information for Freshmen," which is published by the Council, and suggested that freshmen should especially note the section entitled "Suggestions for Freshmen." He then told of the Sophomore Dining Club, the members of which are the official college hosts.

Steve Truex, one of Trinity's football stars and one-man track team, spoke on the newly-formed Freshman Rules. He explained that the Freshman caps are intended to enable the members of '41 to recognize their classmates. O'Malley then introduced Trinity's "story-teller, fisherman, and President, Dr. Ogilby," who spoke on the "Technique and Art of Making and Keeping Friends." He said that college friendships seem to be the strongest and most enduring type of friendship known. He said that it is hard to be a good friend; that to do this one must be, in the language of psychologists, an extrovert. Honesty is another fundamental trait in being a good friend. Dr. Ogilby said that in answering a question in the Converse Scholarship Examination, the majority of this year's freshmen said that they would rather be deaf than blind. Dr. Ogilby said that he would rather be blind than deaf, as sight is a personal sense, whereas hearing is a social sense. He gave one concrete bit of technique—one should cultivate a good, firm handshake and should learn to look people in the eye. He then closed with the traditional story of "Mimi in the Calaboose."

Next, Coach Dan Jessee spoke on this year's football team and its prospects. Our new Freshman Football Coach, Ralph Erickson, of Windsor, Vermont, gave a short speech and urged any freshmen desirous of doing so, to try out.

The freshmen were then led in the singing of "Fight Trinity" by Al Driggs. The last speaker was Herb Vinick, Captain of the Football team, who also spoke on the prospects of the team.

The meeting closed with the singing of "'Neath the Elms."
