HAWKINS AND MEROFF TO SWING OUT AT ANNUAL DANCE TONIGHT

Plan Eight Program Dances; Stags Will Be Admitted; Wolling Rules Announced

WESLEYAN MAN COMING

Patronesses and Weekend Guests Named; "Bugs" Tested for Nervous Diseases

Sensational news from the Wesleyan headquarters reveals that the committee has been working through the night to ensure that fate to engage a bigger, better, whackier, and more ridiculous program of dances than the 400 program of Stags and Gals — the hilarious melodrama of mirth, Benny Meroft.

Meroft, who has played at the Hotel New Yorker, New York Paramount, Beverly Hills Country Club, and over Daddy's Chase and Sanborn hour, stars again and again on the Wesleyan committee due to a change in dates which leaves him free on those nights. It is said that Benny has been able to get Meroft for a lower price than he is accustomed to get, and so will not surpass the quota previously allowed for Livingston.

Meroft, who is considered one of the nation's top-flight enthused puppeteers, has already cast numbers, features Don "Poppyhead" Tannen, the temperamental Russian; "Bugs" Butterworth's bad boy; and sweet little Miss "Popsicle" Lersch, who dispenses both rhythm and romance at the microphone. Meroft is one of the three of Benny's life is usually from ten to fifteen weeks' tussle (and tour) and afterward over the air with him for fourteen weeks.

By Wes Leyan

Friday, May 12--With the arrival of swarms of lovely girls on the campus today, Trinity held its breath before beginning the festivities incorporated in what may be its greatest week-end.

The bands of Erskine Hawkins and Benny Meroft are incorporated in the celebration. Benny is considered one of the top-flight entertainers, and his concert will feature Benny's bad boy; and sweet little Miss Popsicle Lersch, who dispenses both rhythm and romance at the microphone.

Meroft is one of the three of Benny's life is usually from ten to fifteen weeks' tussle (and tour) and afterward over the air with him for fourteen weeks.

RICHARD J. HILL

RESULTS OF COLLEGE ELECTIONS ANNOUNCED

Lindner Made College Marshal; Conway Chosen Secretary of Athletic Association

The results of the college elections which were held Thursday, May 11, in the Union are as follows:

Senators
Delta Phi: John V. Dimling, Owings Mills P. O. Md.
Alpha Delta Phi: Raymond J. Ferguson, Jr., Hartford.
Beta Chi: Thomas Elton Casfield, West Hartford.
Pai Upislin: James S. Neill, Jr., Manchester.
Alpha Chi Rho: Ralph B. Shelly, Swarthmore, Pa.
Delta Phi: Edward M. Foley, Hamden.
On-Campus Neutrals: Richard K. Norris, Centerbrook.
Off-Campus Neutral: Wallace H. Howe, New Britain.

College Marshal
Richard D. Lindner, Hartford.

Secretary of Athletic Association
Edward J. Conway, Hartford.

Herbert Pankratz of Bristol, appointed treasurer, automatically becomes the representative from Alpha Psi Kappa in the College Council.

Medusa Will Perform Annual Tapping Exercise Thursday

The annual tapping ceremony will take place around the Bishop's statue on Thursday, May 18, at 9 p.m. It was announced this afternoon by the Senior Class.

The ceremony will take place at the Bishop's statue on Thursday, May 18, at 9 p.m. It was announced this afternoon by the Senior Class.

German Socialism Pictured With Vivid And Intimate Experiences of Nora Waln

By Lee Goodman, '41

Nora Waln, whose previous claim to fame was largely based on her writings of China, spent four years in Germany. Her book, "Reaching For The Stars", is a critical memoir of those years. The author evaluates the book one must understand the author. Nora Waln's book, "Reaching For The Stars", is a critical memoir of those years. The author evaluates the book one must understand the author. Nora Waln's book, "Reaching For The Stars", is a critical memoir of those years. The author evaluates the book one must understand the author. Nora Waln's book, "Reaching For The Stars", is a critical memoir of those years. The author evaluates the book one must understand the author.

Waln gives a wonderfully understanding explanation of German character. We must accommodate and identify with the German people. A new point of view is presented in the fact that Socialism has been so prevalent in Germany. Waln's strange Quaker upbringing has given her a deep and unyielding confidence in the inherent goodness of man, and therefore, in the face of great inhumanity and social maladjustment she is unyielding.

Meesa was introduced to Germany and National Socialism in 1934 before the death of her last president. She very deftly traces the growth of National Socialism from a creed to a force in terms of the people's reactions rather than in the events which punctuated the transition. Miss Waln gives a wonderfully understanding explanation of German character. We must accommodate and identify with the German people. The Committee on Award of the George Sheldon McCook Trophy will meet in the German Room on Friday, May 19, to select the winner of the trophy. Among the candidates are John James McCook, in 1905, and in memory of George Sheldon McCook, to be awarded annually to a senior in the College in good scholastic standing and on the basis of distinction in athletics. The winner receives a bronze medal bearing his name and the date of his class, while his name is attached to the trophy itself on the silver bar. The trophy was established by a resolution of the Faculty Committee on Student Organizations and athletics. Dr. H. J. M. Carter, Chairman of the Committee, announced that the trophy had now been set up by the trustees of the George Sheldon McCook Fund. Last year the trophy was awarded to Robert D. O'Malley.

During this last week, several trees have been set out just below President Ogilby's house to replace those destroyed by the hurricane. This group of trees is known as "The President's Grove." In 1926, President Burnham and Miss Fenno purchased the plot of land to which the trees were originally dedicated. At that time it was of different varieties of trees, three of each for each of the three presidents. Since that time it has been a favorite place of children of every class of the College. The trees in the hurricane, two of President Ogilby's top three blown down, and one of President Ogilby's oak beeches.

The ground around the new gate on the athletic field on Broad Street has been watered for the "rejuvenation" of the gate given by the Class of 1913, at half past two tomorrow afternoon.

The REGIMENTATION OF RELIGION
Down through these "Dark Ages" the Tripod has openly and actively supported interdenominational, but always to avail. The compiled complaints, grievances, and curses which have appeared in these columns and which have furnished under-graduates with one of their chief topics of conversation have brought about no commendable changes in the present system.

The two foremost objections to compulsory attendance at chapel are: 1) it is an infringement on the religious principle in itself, and 2) the inconvenient time of the weekday services.

We feel that enforcing compulsory church services often builds up deeply-rooted and keenly-feared prejudices against any and all forms of worship. The only feasible correction of this situation would necessarily be the adoption of voluntary attendance at chapel services.

If the present compulsion rules were lifted, no doubt a change in the present services would be highly advantageous. A student wishing to make an eighty-thirty class often has to face the choice between his morning prayers or his grapefruit and coffee. The attendance at the 8:10 services, therefore, would probably diminish to such an extent as to make these weekday services inadequate. In the event that a voluntary system of attendance were adopted.

It would seem expedient, therefore, to rearrange the morning class schedules in order to allow for weekday mid-morning services.

Such mid-morning services would offer an excellent opportunity for voluntary attendance, and a highly pleasing and restful intermin between an otherwise unbroken morning schedule.

The article follows:

"Sir: The malady of compulsory chapel attendance is a bad one for the whole campus for all time. It is an institutional hangover from days of which burning and smoking.

"If the Christian faith is dead, let every student who is able to come to the college do so for a year or two. If it is alive, let its voice be heard as loudly as possible.

"The attractiveness of compulsory chapel is a result of the attendance at noon-day and 3:00 P.M. The attendance is not average perhaps 10 to 15. Let the "Nassau Sovereign" conduct a non-partisan poll to get at the statistical root of this problem which is really a challenge to liberal education."

Sincerely and respectfully,

A Junior

Notes:

The Tripod is a weekly, student-written newspaper published since 1905.

The student newspaper of Trinity College, Hartford, Connecticut.

The TRINITY TRIPOD is at all times open to alumni, undergraduates and others for the free discussion of matters of interest to Trinity men.

To the Editor of the Tripod:

ful interim between an otherWISe unbroken mornng schedule.

We let ourselves in for a storm of trouble if we add another one to our already long list. We have been told that we have to pay for our room and board. We have been told that we have to pay for our room and board. We have been told that we have to pay for our room and board. We have been told that we have to pay for our room and board. The malady of compulsory church services is being discussed.

The Committee on Award of the George Sheldon McCook Trophy will meet in the German Room on Friday, May 19, to select the winner of the trophy.
TUESDAY, May 9—The first meeting of Trinity trackmen this season was held in the Field House last evening.

The new season's first meet was scheduled for Wednesday, May 24, Wesleyan v. Trinity at 3 p.m.

SUNDAY, May 15—The final track meet of the season will be held at 3 p.m., Trinity v. Wesleyan.

The summaries:

A greatly revised team was shown by Trinity trackmen last Wednesday night when they defeated Boston College, 25-9, and held the Coody rink on the platter. The big blow of the game was a home run, Allen followed shortly with a triple, and four other teammates to the platter. The big blow of the game was a home run, Allen followed shortly with a triple, and four other teammates to the platter.

In the eighth frame driving in two runs the Confederate fielder, smashed out three clean hits and scored on a passed ball. He cut loose with as many in five trips, the only one of the three to have a home run, but Shelly who has lost his stride in the final dash to the tally.

Jock Kiley with a first in the high held down by Ralph Shelly who has held the mound, Ed will take over the first.Saturday, May 13, at 3 p.m.

Only Kazarian was the next member of the Trinity tennis team to fall before Dame Fortune. Kazarian who knocked out two hits during the six innings, was thrown out on an attempted steal base. With one run in, Brougham, (T.) 6-2, 4-6, 7-5; Rohowsky (T.) 3-6, 6-4, 8-6; Day (Tr.) defeated Linden and Bayliss, 6-4, 6-4; Collins (T.) defeated Berezin, 7-5, 6-4, 6-4; Parsons (T.) defeated Berezin, 6-4, 6-4, 6-2.

For Trinity's tieing run in the last frame, he was expected to give a very good account of himself last fall, but this promise to Trinity's tieing run in the last frame, he was expected to give a very good account of himself last fall, but this promise of the game went on; nothing seemed to be breaking right. One who connected three times during the season only to go by the wayside in the last three.

The winter came on with the basketball and swimming seasons. The basketball season was a great success, but one of the first to be greatly handicapped because of an injury. Joe Clarke lost several close swimming meets because two or three speedo swimmers suffered because of injuries.

One would think it only fair that Bates and Rohowsky took turns to take one up of the doubles. John O'Brien was the only Trinity man to lose a singles match. He lost the first set, 4-6, and the second, 6-2. In the second set he came back to trim Borten to the tune of 6-4, but lost his final third set, 1-6; 7-5.

In the doubles match the Trinity netmen were not as fortunate, Bates and Rohowsky accounted for the Blue and Gold's doubles by defending Linden and Baylis of Tufts. The high hurdles. Ryan with a 4.34:5 was expected to go out of the west three sets.

PEW-END IN MEMORY OF SCHIRM UNVEILED

Monday, May 3—At the close of the regular Tuesday evening service this morning, a pew-end dedicated to the memory of Marshall Schirm, '39, who died on this date last year, was unveiled. John Alexander, President of the Senior Class, presented the pew-end to the College in behalf of the class of '39.

The panel of the pew-end shows St. Dewn, an earlier pioneer in the field of physics, and the suggestion that blue and green light be put into the laboratory. President Ogilvy mentioned that it seemed appropriate to have this figure on the pew-end in view of the fact that Bill Schirm, when he realized the time to the months to live, determined to take physics over, in an effort to turn a figure into a bit of the final of the pew-end contains the following story of his family.

President Ogilvy accepted and wished the gift, and then paid a short, moving tribute to Bill Schirm. The chapel was filled with a capacity audience composed of both students and friends of Bill Schirm.

The pew-end, the twenty-sixth to be unveiled, was carried by Mr. Gregory Higgin, who has given all the chapel woodwork.

The Critics' Sophism in Evaluating Jazz

Realization of an obstacle with play and taste and appreciates the true jazz. Realization of an obstacle with play and taste and appreciates the true jazz.

It exists to the continent, of records which best demonstrates the total disregard for decibels. An existence, which may be expressed in terms of the immediate sense of life, the beauty of Reality that is ours. It consists in the cessation of all outward activity, of all talk and even of all thought. It is first of all that the Court was called to do, an intense effort toward being.

And this leads to the second stage of silence, which is simply the sense of living itself. It is the deep-breathing of the individual which realizes the being of life where no battles are to be fought, no wrongs to be righted, no self-criticism to be faced, and the spirit is restored.

"Following this restoration of the individual, the third stage of silence is reached. It is the period of our direct appreciation of Good. This comes in the silence of our great moments. It is a time of life which is forever lost and we live directly in the beauty of Reality that is ours. Or it is the moment, in the silence, when in the eyes and in the heart, the other and the self live in the light of the face upturned and the hand holding the hand across.

Professor Means continued, "Group silence is an instrument of help. This silence, which is our creative energy, which may be expressed in terms of the immediate sense of life, the beauty of Reality that is ours."

First, there should be little music. Considering the highly important part which silence plays in religious worship, it is not surprising that in many services of silence, soft music makes an intrusion on what is a topmost moment of silence, and the hand holding the hand across.

Wesleyan Tennis Team Whips Blue and Gold Squad Easily

On Tuesday, May 5, in the Stoddard gymnasium, the Trinitarian tennis team met the Blue and Gold team of the rival school. The Blue and Gold team, under the leadership of Captain John Smith, was no match for the Trinitarians, who won all but one of their singles matches.

The Blue and Gold team, on the other hand, was not able to take advantage of their home court, but was defeated for the second time this season. The Trinitarian team, with their victory, moves up to the second place in the league standings.

ATHLETIC COUNCIL VOTES FOR CHANGE IN AWARDS

At the last meeting of the Athletic Advisory Council, it was proposed to make one change in the awarding of letters.

Beginning of Fall of 1939, any senior who has not earned a letter in any other sport (major or minor) will be entitled to earn squad three full seasons (sophomore, junior, and senior), to earn the enough points during the three seasons for a letter award in that sport, it will be available for the senior awards only. It is provided it is recommended by the Coach, approved by the Athletic Advisory Council.

ST. JOSEPH FORENSIC TEAM DOWNS TRINITY

Karp, Buck, and Inley Argue in Favor of Socialized Medicine

May 1, Monday—The Trinity College Forensics Department met the St. Joseph College Forensics Department in the first debate tonight when it fell victim to the silver-tongued representatives of St. Joseph College. The topic was: "Resolved, That the Federal Government should provide a system for the development of a complete medical service available to all at public expense."

In this debate, Inley, speaker for Trinity, pointed out the various ways in which now exist under the present system, or lack of system, are such that some people are denied their benefits while others are away with the evils of the present service. In reply, Karp, the second speaker for the affirmative team, took upon himself the task of proving that the system proposed would be beneficial to the country as a whole. Mr. Buck gave the rebuttal for the Trinity team.

The members of the debating team with whom they had nothing to do with the reporting for the article which appeared in the "Hartford Courant." It was morning, and the Trinitarian won by a margin of one point, 11-10.

The firework display was a sight to behold, with a variety of colors lighting up the night sky. It was a wonderful display of pyrotechnics, with different colors and shapes lighting up the sky. The fireworks were set off in a series of explosions, with different colors and shapes lighting up the sky. The display was watched by a large crowd of people, who were all impressed by the display.

---

The baseball game was a close one, with both teams putting up a good fight. The pitcher for the visiting team was a tough one, and the players on the home team had to work hard to get the runs across. In the end, the home team came out on top, with a hard-fought victory.

---

The book review of "Mein Kampf" was a critical one, with the reviewer stating that the book was a dangerous one, with its content being widely circulated. The reviewer also criticized the book for its anti-Semitic content, and stated that it was a book that should be banned.

---

The firewatchers were an important part of the safety protocols at the college, and they were responsible for ensuring that the campus was kept safe. They were trained to recognize any signs of danger, and were equipped with the necessary tools to handle any situation that arose.

---

The college union was a hub of activity, with a variety of events taking place throughout the week. The union was a popular gathering place for students, with events such as concerts, lectures, and workshops taking place regularly.

---

The sports cover story was about the baseball team, with a focus on the pitcher and his performance. The article highlighted the pitcher's skills and his ability to keep the opposing team's bats quiet. The team's success was also attributed to the pitcher's performances, and the article stated that the team would continue to rely on his skills.
