Twelve Lettermen and Untied, Under the New Form, Nucleus of Team

Football hopes on the Hilltop took a sharp rise at the Rally last Friday night. Before the game, Coach Dan Jesse both climbed on the Trinity bandwagon by forecasting an upset and called a turnover letting turners (only five having been all the elements of the game; in an

A check-up of student lists last late week showed that the new freshman class, consisting of 182 numbers, has won the distinction of being the largest first-year class that has been enrolled in the Hilltop campus. One hundred eighty-two new men give the yearlings a seven-man lead over their bitter rivals, the sophomores, who have held the title themselves for years. Freshmen from other colleges and one special student increase the ranks to 183.

As usual Connecticut has sent the largest number, with 30. Of the 16 states New York is next, with 14. Of the other states Maryland has sent 11, New Jersey 10, Pennsylvania 9, New Hampshire 6, Ohio 5, Massachusetts 4, North Carolina 4, South Dakota 3, and Wisconsin 3.

during the school year, and later in the fall. This has been an exceptionally difficult situation as the double road gets more complicated, and consequently more disastrous, to look forward toward the future with the hope, ambition, and ultimate goal needed to live a happy life. Perhaps by entering college at this time you will be aware of the uncertainty of the future and will realize the necessity of preparing for unpleasant situations yet to come. We hope that your four-year course at college will be advantageous to you in learning how to live a happy life even under the most adverse situations imaginable. If in any way your stay at Trinity will fit you to do this, we believe it will not have been in vain.

At Trinity there are many extracurricular activities which provide students with an interesting, enjoyable, and sometimes profitable relaxation from straight scholarship work. In addition to the many fields of sport open to prospective athletes and interested enthusiasts, college will be advantageous to you in learning how to live a happy life even under the most adverse situations imaginable. If in any way your stay at Trinity will fit you to do this, we believe it will not have been in vain.

BRIGHT PROSPECTS FOR CROSS COUNTRY SQUAD

1938 Veteran Team Intact With Outstanding Sophomores Coming Up

For the first time in several years Trinity opens its 1940 football season with an optimistic outlook. With the members of last year's excellent freshman team forming the bulk and with several of last year's varsity men much improved, the squad looks well on its way to winning the majority of its meets. Last year's varsity team lost no man, or even a man of note.

Led by Captain Ed Charles, the team seems to have both quantity and quality. Up to this point, the stars of last year's freshman team, Rosen and Smidell, seem to have the number one and two spots well taken care of. These two boys also starred on the freshman track team last year. Number three man seems to be Jim Caffrey, one of the veterans of last year's team. Caffrey was also the manager of last year's team. He was also the manager of last year's team. Caffrey was also the manager of last year's team. Caffrey was also the manager of last year's team.

All in all the team is a young aggregation. Captain Charles, Pankratz, and Riley, the three seniors, are the most experienced on the squad. Caffrey and Bennett are juniors and both are expected to do well in the upcoming season.

The success of the team will depend on the sophomores. The sophomores are all equally adept at filling in their respective positions. If they can play up to the standard they showed last year, that will suffice. Of course it must be remembered that the team lacks the finesse which it must gain by next Saturday. The fact that Dan Jessee substituted team for team against Rensselaer Polytechnic is an indication that the team has its work cut out for it. The sophomores must be well laid by the time of the season opener against Middlebury.

This team has a great deal of possibility. Both R. J. Ferguson and B. J. Ferguson have been all-conference players in past years.

been showing tons of scrap and fight in this pre-season scrimmages.

Trinity opens its usual seven game schedule against R. F. L. and travels the famous football field in准备 to play Union. Their first game against Wesleyan will be followed by the Holyoke game also scheduled for the home grounds. An open date on October 9 gives the boys a chance to gear themselves for the remaining four games. Captain Charles will return for Trinity and hopefully Jessee will be back for the final game on our schedule.

the "Missouri." They are chosen for having contributed the most to college life. The main task of the Me-

dua is to see that the names are placed on the Senate as carried out. The present mem-

bers are: Ralph Sheely, Richard Linscheid, and Burnham.

The Sophistication Club—Consists of a small group of men who are chosen from the leader men of the college. This year more than having been outstanding in college life, the club is therefore capable of filling the positions of college hosts. George Comstock is chairman of the 1941 delegate.

The Interfraternity Council — A group consisting of two representa-

tives from each fraternity and presided over by a member of the faculty. The Council's purpose is to draw up rules for rushing and to discuss any problems which may come up concerning interfraternity relations.

The Jesters is the college dramatic society. Its membership consists of junior and senior Jesters, who are chosen according to the amount of work they do in the club. The Jesters usually produce a play each semester, sometimes joining forces with the club in the May girls' college. Its latest play was "Journey's End." The elected officers are: Edward Burnham, president; Louis Sheen, secretary and treasurer, and George Stubbs, business manager.

The Tripod—A weekly student-organized and supervised newspaper. Its main purpose is to keep students informed about anything and everything which concerns Trinity College. Annual competitions are open to all freshmen as well as upperclassmen. Six higher positions are paying. Of ficers are: Editor-in-Chief, Edwarl Burtish, business manager; Robert, Edward Charles; Assignment Editor, John (Continued on page 4).

LARGE GROUP OUT FOR TRINITY SOCCER SQUAD

Sixty Men Turn Out ForVarsity And Freshmen Teams At Practice

With a turn of over 60 candidates for the fall season the soccer teams, Coach McClead has reason to believe that soccer is coming into its own at Trinity College.

Though not predicting a season winner, the Trinity boys believe that soccer should have a successful season. Seven letter men are on the squad, Inlay, Roberts, E. Williamson, and Nichols, who have returned to juggle the ball on their toes while ten members of the class of 1942 have joined the varsity ranks.

The members of last year's freshman team who have been out for the last week of practices are: Burrows, Bunn, Duns, Dickson, Cameron, Jones, Jordan, Dow, McCros, and Proctor.

In addition to the sophomores who have turned out, the following upperclassmen have come for the first time and are showing promise: Tyler, Motto, Beeman, Johnson, W. W. Johnson, Pillburry, Cook, Wiley, and Mulebah.

For the past few weeks the team has been handicapped by inexperienced men, but the prospects for the first few practices make him confident that defeat will not be very far off.

Bates, Galvory, Hope, and Smith were on the Trinity and McCros, Hanny, McClos, Schli, Fling, and Mulebah, who have been away.

McCloud says that the new members of the squad are fitting into the vacant places rapidly. Then they will be well laid by the time of the season opener against Middlebury.

McCloud feels sure that his defense will be well laid by the time of the first game with Worcester Tech on October 14, but he is still worried about the shooting of the goals.

DR. NAYLOR DISCUSSES EUROPEAN CUSTOMS

(Continued from page 1.)

Professor Naylor enjoyed the luxury of a suite of rooms for eight engagements. He went to Stockholm, De L’Eau which celebrated the opening of nationalities—a League of Nations, and the smorgasbord, which is remarkably comfortable and soft and lush. The Finnish baths are heated to a temperature of about 30 degrees. There are sixteen cases, and the Finnish baths are showered on with hissing aroma than you’ll find anywhere else.

The Finnish baths are showered on with a bucket and barrel of recent rain. The atmosphere is so clear, Dr. Naylor reported. At Viipuri, fifty miles north of Turku, and then to Helsinki, he had tea with Professor Perkins’ sister-in-law.

On the same boat. The captain steered for the old world atmosphere. In Copenhagen he witnessed a Russian wedding. The atmosphere is so clear, Dr. Naylor reported. At Viipuri, fifty miles north of Turku, and then to Helsinki, he had tea with Professor Perkins’ sister-in-law.
