DR. OGLBY GIVES TALK ON FINAL EXAMINATIONS IN WEDNESDAY CHAPEL

PEW TO BE DEDICATED

Boys of Camp Merriweather Announce Conducting Chapel Service Sunday, May 26

Wednesday, May 25—The Chapel service this morning marked the last of one year. Beginning Friday morning there will be a short service at 9:30 every morning. There will be no more eleven o’clock services on Sunday. The following Sunday, boys of Camp Merriweather are conducting a service in the Chapel at which they will dedicate a pew-cord to the mother of their benefactress, Mrs. Richards. A week from Sunday the choir of St. Thomas Church, New York, will sing at a Vesper service to be held at 4 o’clock following Sunday the choir from the Italian Church in Hartford will hold a service in Italian.

The speaker at this morning’s service was Dr. Ogilby who chose as his subject preparation for examinations or the art of being like God. President Ogilby introduced his address by discussing the present-day education which passes out fragmentary information and never offers any general laws.

“The process of education at the college level has as its primary aim the art of synthesis—the putting together of different spheres of knowledge and deducing a general law therefrom. Many colleges have so-called survey courses. Especially in history where they cover everything from Adam to Roosevelt in a few months. These leave the student with a very hazy impression of things. In other colleges we have general эксп.

DENTISTRY
The field of dentistry offers to college students an attractive avenue. It provides a worthy intellectual challenge, a career that requires the constant exercise of the mind, and an opportunity for research, and leading to this diagnosis of the dental field it is not surprising that the University of Pennsylvania has more than its usual number of students enrolled in the dental department. Here interested in this profession as a career in order to study for further information to attend The Dean of the School of Dentistry

Milady's Hats and Gowns Cast Much
Of Present Day Agitation and Furore

My God! what an important item milady's or any lady's, gowns today. In the midst of our mad, chaotic civilization, we very seldom have that 
long-sought after moment of real 
when we may sit down and look at 
life from a somewhat external point of 
view. However, for the next few 
minutes, let us imagine that we now 
last have just such an opportunity. 

If one were to trace the develop-
ment of milady's gowns down through 
the ages, one would have to begin 
back there with the simple loincloth in 
the Garden of Eden. From that 
time to this day, clothes have gone through 
many radical changes. Originally, the 
idea seems to have been that clothing 
was worn merely to shield and protect 
the body. Today, one need only walk down Fifth Avenue to see that this 
trend of thought has been dis-
credited. For the most 
part, the lady of fashion seems to see 
herself as a creature of the 
moment, with no regard for the 
future. However, for the next few 
years, let us imagine that we 
last have just such an opportunity.
