The committee on student organization rejections rejected the proposal for a one-hour cut-off extension of the Friday night party time on the weekend of the Senior Ball. The student proposal, as a part of the Inter-Fraternity Council (IFC) resolution, was rejected by the IFC because it did not serve national purposes for any organization. The proposal was for a one-hour extension of the Friday night party time on the weekend of the Senior Ball. This has been the first formal request for such a privilege since the administration's edict in 1954 that the party time would be limited to private rooms in the campus area. Under present party regulations, the fraternity and sorority parties are required to set the date of the party time in advance of the date of the party. The second semester, the party time is set at 9:00 on Friday night and 12:00 on Saturday night. The Student Senate has shown its support for the party time cut-off extension, and the administration has been asked to take a closer look at the scheduling of the party time for the weekend of the Senior Ball.

Editorial

An occasional suppressing of abuse of the opinions, desires, and activities of the students and the administration of their respective schools is no more a part of a college education. But . . . we believe that paternalism is a danger to the shaping of the life which is given on this campus. The committee on student organizations, composed of ten representatives of the faculty and two from the students, rejected the Inter-Fraternity Council's proposal for an extension of the Friday night party time on the weekend of the Senior Ball. The proposal was for a one-hour extension of the Friday night party time on the weekend of the Senior Ball. This has been the first formal request for such a privilege since the administration's edict in 1954 that the party time would be limited to private rooms in the campus area. The Student Senate has shown its support for the party time cut-off extension, and the administration has been asked to take a closer look at the scheduling of the party time for the weekend of the Senior Ball.

WRTC Chooses New Officers and Staff

At elections for WRTC officers held Thursday, April 10, James Stanley '54, a junior in English, was elected station manager and William R. Rorem '54, a sophomore in English, was chosen as WRTC's new executive director. Both officers were elected by last year's Board of directors consisting of the full staff of WRTC. New staff members appointed by Mr. Stanley are Richard Pearson '54 and Peter Campbell '54, both juniors in English and members of the Inter-Fraternity Council.

Rotary promotes cadets, rogerson reappointed cadet commander

Following promotions effected last week, the new cadet officers of the Air Force ROTC took command on Monday, April 17.

At Light and Undergraduate Commandant,如果是 Howard Rogersem, as who has been as assistant to the Commandant of Cadets, William Tomlin, as Cadet Commander, and Benjamin Goodwine, also as lieutenant-Colonel, has been assigned as Operations and Training Officer.

Raymore Larnsor, promoted to the rank of Major holds the position of Adjutant, and Clayton Cough, as first lieutenant, is in charge of the Operations and Training Officer.

Loyall Colenda Philip Henry Tyler, as Assistant to the Commandant, and Christopher Rogersem, as Group Commander, and Captains David M. Bowers and John B. Birger as Group Adjutants. Squad Commander is Majors Grant and Crichard, and Robert Simpson, Jr.

Placement Calendar

Placement Thursday, April 26 Senior Placement: Liberty Mutual Insurance Company; Mr. Stuber: Goodwin Lounge, 9:00 A.M. - 12:00 P.M.

Friday, April 27 Senior Placement: Massachusetts Mutual Life Insurance Company; Mr. Stuber: Goodwin Lounge, 9:00 A.M. - 12:00 P.M.

Saturday, April 28 Senior Placement: Massachusetts Mutual Life Insurance Company; Mr. Stuber: Goodwin Lounge, 9:00 A.M. - 12:00 P.M.

Senior Interviews: Royal Liver Insurance, 9:00 A.M. - 12:00 P.M.

Student Body Elects Thirteen Senators

In yesterday's elections, Horace Vail, Stanley Miller, and John Davison were elected by a majority of next year's senior, junior, and sophomore classes.

The new senate, elected at the same time by the entire student body consists of Anthony Mason, Alpha Delta Phi; David Smith, Alpha Chi Rho; Don Elmore, Delta Chi; George Currie, Delta Phi; Fred Shee, Alpha Kappa Delta; and George Billings, Sigma Chi. The new senate was elected by a majority of next year's senior, junior, and sophomore classes.

The new senate, elected at the same time by the entire student body consists of Anthony Mason, Alpha Delta Phi; David Smith, Alpha Chi Rho; Don Elmore, Delta Chi; George Currie, Delta Phi; Fred Shee, Alpha Kappa Delta; and George Billings, Sigma Chi. The new senate was elected by a majority of next year's senior, junior, and sophomore classes.

To The New Senate...

Upon learning of the outcome of yesterday's Senate elections, we suppose a message of congratulations is in order. We do not feel that the candidates of the new senators. All men of proven ability, they add great promise to the future of this campus. The students were indeed honored to elect a number of them to fill the seats in the Senate for the coming term.

Above anything else, a senator is the elected representative of the students. As such, his obligations and responsibilities are the same as those of the students. The senator's every action will undoubtedly arise when partners will be made upon the Senate by the administration as well as other interests. There will often be temptations to "get things over with" in a hurry because of pressing eight daylight engagements. With the exclusion of its first, and by far its longest meeting, the length of the meeting of the outgoing Senate averaged not quite sixty minutes. There will be temptations to play the "pleasingly well" card, and a senator should be neither to present a positive, rather than a negative, instead of a negative, impression of the "good guy." In our small college atmosphere we have a tendency to be amiable and casual. But casualness can be the ruin of an effective student government. It has really reached the point of effectiveness.

And there is lastly the fact that a token of the Senate has been unfruitful this year. The biggest single issue of the year, that of the Honor System, whose issue was turned over to a committee on which there was not one senator. It is quite probable that the Senate was rejected because of the way in which it was presented to the student body. Whether the Senate was in favor of the plan or not, it was their duty to have formed their own committee. The primary ballot on the "revised Honor System" had been cast, and an all-inclusive poll to determine exactly what kind of honor system should be presented to the student body at all. The Senate was in favor of the plan or not, it was their duty to have formed their own committee. The primary ballot on the "revised Honor System" had been cast, and an all-inclusive poll to determine exactly what kind of honor system should be presented to the student body.

A senator is the elected representative of the students and the student interest at Trinity College, such a resolution being the Senate's effort to make nominations for their class Marshal. Further, there was really reached the point of effectiveness.

In the light of these facts, I believe the Senate responsible for colonial negligence. If ever there is to be strong student government, and someone student interest at Trinity College, such grievances as this must be overcome.

To the Editor of the Trinity Triad:

I have never heard of an educational institution, where the most insignificant fact, does more to prevent the diffusion of knowledge than does Trinity. This supposed insignificance is the purest antiquity. The library, which is the only institution that makes Trinity students use the stacks when they aren't available. It is impossible to write a term paper from the card catalogue. It is necessary to browse to find the material needed. If the librarian doesn't want the students to use the books in our "splendid" but inaccessible library, we might as well quit. If, as I have been informed by the desk assistants themselves, it is even frowned upon them to use the stacks when they aren't available. It is impossible to write a term paper from the card catalogue. It is necessary to browse to find the material needed. If the librarian doesn't want the students to use the books in our "splendid" but inaccessible library, we might as well quit. If, as I have been informed by the desk assistants themselves, it is even frowned upon them to use the stacks when they aren't available. It is impossible to write a term paper from the card catalogue. It is necessary to browse to find the material needed. 3. An irate term-paper writer.

The BOOK SHELF

For all the students who expect to be in the Armed Services at the end of this year, the Triad recommends an excellent text book now on the market, entitled Army Tests. The new edition costs about $2.50 and is published by the Amos Publishing Company, Inc., 480 Lexington Ave., New York.

The purpose of the book as printed on the front cover, is to "Give the most general idea of the test that you must take when you go into the army." Our reporter who reviewed it for us found it very good. The Army Tests are designed for all Army candidates. They are sold for $2.50 and are available at any bookstore.

But the introduction of the Educational Testing Service's exams for defense purposes has brought with it an added demand on public service books of this nature. The work you get on one of these tests is in a couple of months after you select the job you get. You should try to get a good mark on this book. It is a test for "Are you the type of person who wants to be in the service?" If you're interested, you should try to get a good mark on this book. It is a test for "Are you the type of person who wants to be in the service?"

In mind that no matter what branch of the service you are going to enter, intelligence tests will be given, and this book will be an invaluable aid in taking them.

A certain tank can be filled by pipes A and B in 4 and 5 hours respectively. Another pipe can empty it in 3 minutes. How long will it take to fill or empty the tank, if all three pipes are working together? Answer: 4 hours. To fill the tank if none of these pipes are working together. Answer: 10 hours.

Mr. Ender added that none of the above-noted recommendations were adopted or patented. For further information see Mr. Ender's book and the chapter called A Degree for Free.

According to the preceding paragraph, knowledge (1) should be sought for its own sake, (2) is valuable, (3) should be acquired only if necessary, may be acquired without limits. The course is in order. We do recognize that we could, and should be acquired. The profs never caught us. We wrote our answers on our backs, sometimes in crayon on the back, sometimes in ink on the back, sometimes in red ink on the back, sometimes in blue ink on the back, sometimes in green ink on the back.

I believe the Senate responsible for colonial negligence. If ever there is to be strong student government, and someone student interest at Trinity College, such grievances as this must be overcome.

Greek and English Prizes Will Be $425

Prizes of $425 have been made available to Trinity undergraduates by the English and Classics departments in contests ending on May 1st. Professor Morris Allen of the English Department has announced the Alumni Prizes in English Composition of $75, $50, and $25. Any undergraduate may submit to the Professor of English an essay on any subject for consideration before May 1st. Essays prepared in any regular course of study may be submitted.

Professor James A. Ninnes of the Classics department has announced two separate contests: the Goodwin Greek prizes for advanced students and the Alpha prizes for first-year students. Both contests will be held on May 1st at 2:00 P.M. in Seabury 14. The Goodwin Prizes amount to $365 first prize and $170 for second place, in addition to one silver Atlantic coin for each winner. The Alpha prizes are $65 and $35 respectively. Those wishing more details should consult Professor Nnopcepe.

As announced by the Tripod two weeks ago, the Public Speaking Prizes of a total of $150 are also available.

Campus Interviews on Cigarette Tests

Number 17 ... THE OWL

"So I'm a wise guy - so what?"

"Spootyo cucullaria" - Speo, for short, majors in Classics. But in this case, he's dropped his Latin leanings and slings American slang with the best of them. He comes right out "cum loudly" whenever he voices his opinion on these quick-trick, one-puff cigarette tests. They're a snub to his high I.Q.

He knows from smoking experience there's just one intelligent way to judge the mildness of a cigarette.

"It's the sensible test . . . the 30-Day Camel Mildness Test, which simply asks you to try Camels as a steady smoke - on a pack-after-pack, day-after-day basis. No snap judgments needed. After you've enjoyed Camels - and only Camels - for 30 days in your "T-Zone" (T for Throat, T for Taste), we believe you'll know why . . .

More People Smoke Camels than any other cigarette!"
Golf TeamLooks Forward to Spring
For Springfield

VOGEL Fans 12 AS WHIPS NORWICH 7-1

Trinity is on the move now of whipping into shape a tennis team which will go out on the courts for the first time this year for a regularly scheduled match against Springfield, the alma mater of our present tennis coach, Lloyd MacDonald. The match is to take place Friday, the 17th of April, and is to be played at Springfield.

Spring Trip
Springfield was able to go on a week’s tour of tennis through South this spring and played some reputable college teams and clubs consisting of Davidson, Wake Forest, North Carolina, and the Tennis Club of Baltimore. Springfield beat Balti­more and Wake Forest but lost the other two contests. Davidson and North Carolina by the way, were co­sponsors of the Southern Conference championship last year.

Springfield’s number one player Ken Shinmin didn’t go on the tour and no doubt was severely missed. The other experienced players who are in good form on the Springfield squad besides Ken are co-captains Ted Craver and Dick Gossier. Murray Schwabeng, Bruce Titt, all of whom turned in wins while on the southern tour. Other promising players are Pete Laboon, and Bob Labue, a newcomer who plays also on the football team. It’s not a bad sign.

WRTC Will Broadcast All Home Ball Games

WRTC announced earlier in the week that the station has received the approval of the administration to broadcast all of the remaining home baseball games.

The advertising manager of the station announced that the contests will be sponsored by several local business concerns.

It was not indicated what announce­ments will describe the games, however, it is very likely that the dust of the rain and snow and John Davenport will handle the play-by-play.

You are always welcome at The Hubert Drug Co.

Golf Team Expects To Have Good Season
Callan, North, Von Schrader Holdover From Last Season

Once again the golf season has ar­rived at Trinity and Coach Mitch Pup­pes hopes to have another successful year despite the losses of Bob Coban and Charlie Shaheen due through gradu­ation. Already 14 men have signed up as candidates and after a series of qualifying rounds, the 8 men with the best score will make up the team.

Ray Oating, Director of Athletics, has asked that the tennis coach, with Witch and together they have arranged for the team to play its matches at the Wawasee Golf Club.

Leading the team this year will be Frank Callan, Max Von Schrader and Jack North, all holders from last year. The three new players expected to come out, to a few have cap­tured their high school teams. With the experienced men from last year plus the many hopefuls in the fresh­man class, Mitch hopes to have the best season he’s had at Trinity this year.

With the first match scheduled against Denison this weekend, May 4, most of the candidates have been limi­ted to eight in the 18 holes.

Coate Team Blanks Frosno Tennis Squad

Trinity's fresh tennis squad went down to defeat at the hands of a strong Colorado team by the score of 9-0 on April 21. The superior Coate Team was the only one of the oppos­itions to win.

In singles, Al Rosenbaum was defeated 6-8, 6-3, 6-5. Len Berk lost by a score of 6-2, 6-1, and Mike Macdonald was defeated 8-4, 6-2. Mike Murphy and "Swifty" Leenard were beaten 6-2, 6-3, and 6-3, respec­tively. Ed Smith lost to his oppor­tunity of winning in only 15 straight minutes.

The doubles team had little luck, also, against the Chesmen of Rosenbaum and Murphy, McLeod and Berk, Leonard and Smith going down in an easy win to 6-1, 6-0.

The next match for the fresh will be against Loomis on April 26th. It is expected to be very close.

CHUCK PURDY

Chuck Purdy is a Minnesota boy, tall, lanky, and with typical midwestern features. His home is in the suburbs of St. Paul, from which he went to high school and became a track enthusiast.

Chuck was very fortunate to have an excellent track coach to help him train for the high school meets. And first, he trained, he learned from his coach, who year after year turned out championship teams. It is a strange sight to many people, who have lived in the east all their lives, to see the enthusiasm of the typical midwestern boy for a high school track team. In the east, base­ball and not track is the "big" sport.

Chuck is a very modest boy from whom information must be literally pulled from his mouth. When inter­viewed, he mumbled something about being hard-luck for the state championships this year. The track is a great sport and one that is far from the limelight, but it is an interesting sport. Chuck Parks is one of its most valuable players.

Sports Ramblings

Bovee has been one of the most consistent of the Bovee group. Fred Booth’s freshman shortstop, the guy should be one of the leading men in the Big Ten. At the beginning of last year, Bovee had a .285 batting average but by the end of the season he had raised it to .360. The reason for this is that Bovee was a rather light hitter, can run and can hit a ball hard. Bovee is one of the best men on the University of Connecticut’s baseball team.

Chase Stengel keeps a man like Casey Stengel. For years Stengel was the Yankee’s leader hitter last year, but now he’s just another splendid out­fielder. Thanks to Professor Stengel. Could the reason for this be that "Old Case" and the front office are hungry for the public. How does the team win at three out of the last four games.

Bovee’s throw was bad and Drew­ski, another speedball, went to second after a hit to left field. An error by Wasiew­ski, the centerfielder, brought in the next run.

The game was a fairly tight contest until the sixth inning when the Trin­ity batsman found the mark and hit Bovee hard.

Dick Murray is a Minnesota boy, tall, lanky, and with typical midwestern features. He is in the suburbs of St. Paul, from which he went to high school and became a track enthusiast.

Dick Finney was the coach, who year after year turned out championship teams. It is a strange sight to many people, who have lived in the east all their lives, to see the enthusiasm of the typical midwestern boy for a high school track team. In the east, baseball and not track is the "big" sport.

Dick Parks is one of its most valuable players.
