Completion of New Library Expected by Next September

When will the new library be ready to operate? The original plan, stated Monday that the new Trinity Library will "almost certainly be operational by the start of the next fall term."

At a recent meeting of the Library Council, Dr. Byron Strong, Librarian of the Library, said that the project will be completed in the next two years. The new library is being designed to accommodate a large number of visitors, and will have a seating capacity of 1,200.

Tripod's 'New Look' Graces This Issue

Notice anything different about this issue, which is the first of many for 1952? No. Not only does the paper have a new front-page design, but also a new edition is being printed in different sections.

The new edition will be issued once every month, and will contain articles on current events, local news, and campus life. The new edition will be available at the Trinity Bookstore, and will be distributed to subscribers by mail.

Atheneum Debates Draft With UConn

The Atheneum Society represented by affirmative speakers Keith Blake, senior, and negative speakers Daniel Constantine, freshman, from the University of Connecticut, last Monday at 7:30, in Goodwin Lecture Hall. Debate was on the War-time conscription, Mr. Eison, president of the society, served as judge.

The first motion of the debate program, the Society of Admissions Albert E. Holland spoke on the vote of the college's students as compared with only seven at the same time last year. It was also bright games on the schedule. The movie will feature the high-spirited student body, and will be shown in the gymnasium.

Movies, Prizes Feature Benefit for Goralski

Details of a plan to move Bill Goralski to Hartford Hospital for treatment of cancer were announced by Dr. B. Irving Bickler, Jr., University Anthropologist, who delivered an illustrated talk on "Prehistoric Cultures of Man" this Friday, at 8:30 p.m., in the Chemistry Auditorium.

The free speech event was arranged by Dr. John W. Miller, Senior of the American Archeological Institute, and Dr. Bickler, Director of Anthropology. The lecture was given by the Yale University Professor of Classical Languages at Trinity.

Dr. Bickler received his Bachelor's degree from Yale in 1945, and his Master's in 1947. He was a fellow at the Peabody Museum of Yale from 1949-53, and assistant anthropologist from 1948-49. He is now Associate Professor and Assistant Curator of Anthropology. A member of the American Anthropology Association, the Society of American Archaeology, and the Association of Museums. Dr. Bickler has done much research on the culture and anthropology of the West Indies, the prehistory of Haiti, and the paleo-ecology of the Fort Liberté region of Haiti.

The Fight for Academic Freedom

Fear, Cynicism, Apathy

Professor Henry Steele Commager made an apocryphal statement in this recently published book, "Civil Liberties Under Attack," when he said that "the greatest danger that threatens us is neither in a threat from the outside, but the absence of thought." The implication of these words can be easily disregarded as one examines the state of academic freedom in America today. And rampant on the campuses and affecting students and teachers alike is the off-base of the crises which have been higher in the years following World War II: Fear, Cynicism, Apathy.

Casualties From Attacks

The continued attacks on academic freedom have resulted in serious casualties. For both student and teacher, living in those times of pressures, masses, and fear, have been, as we have seen, of their rights and the ultimate goal of higher education—the development of the mind—is being jeopardized. The loyalty oath, dismissal, witch hunts, congressional investigations, and irresponsible slander have been the methods with which the defenders in academic freedom have attempted to befuddle the rational mind and wipe out unpopular and unorthodox opinions. Yet, as Supreme Court Justice William O. Douglas trenchantly declared, "Our weakness grows when we become intolerant of opposing ideas, depart from our standards of civilized liberty and honor the policeman's philosophy from fear we deny them." Effects on Youth

What, then, have been the effects on America's youth and college students in particular? Youth today has often been portrayed as the "silent generation." With few opinions, unwavering scholarship, little talk. College youth has been characterized by the "I don't care" philosophy and "What's the good of?" attitude. But one wonders whether college students can be held responsible for the attacks. College students have been accused of not doing the fighting, have been inadequate in their task of maintaining a lasting peace. The American youth today, as Longfellow wrote in his poem (Continued on page 2)

Avon Square Dance Also Being Planned

The first college benefit show to date, complete with football movie, door prizes and a celebrity. The highlight of the 1951 football season, with shots from each of the eight games on the schedule. The first movie, according to Coach Dan Tomas, who will star in the film, will show Bill making his famous 96-yard opening kickoff against Dickinson. According to Bill himself, this run was probably the greatest thrill he has ever experienced as an athlete.

Made from Official Films

The second film is expected to last about 35 minutes. It was made up from the official athletic department films of the year.

Prizes include five leather zipper pouches, Greta Fincher, two sets of military hair brushes from the Fuller Brush Company, a package of chocolate from Zacher's Stock Supply, and an entry to the Yale Student Sport's "March Madness." Admissions $1.00 Contribution

An additional $1.00 contribution will be made to each child's fund for re- dundancy to Trinity. The affair begins at 7:00 p.m. on Friday, January 14.

On Friday the show will be repeated for alumni and friends of the college. The participation in this event will be $2.00.

The final show will be held at Tow- path School in Avon on Friday, Fris­ tory and club representatives. There will be 400 tickets to distribute at Trinity, and the remaining tickets will be sold for $1.00, with refreshments included.

UConn Comes Out

While several football players were underway, a benefit basketball game was announced for Trinity. The event, which has been mentioned in some circles, will definitely not be held.

The committees formed to raise the money for the Woodrow Wilson Hospital are working hard to distribute at Trinity. The committee for the endowment of the hospital is working on the schedule.

68 Schools Visited By Holland on Trip

"I am especially grateful to the students of Trinity for their cordial hospitality," the president said. "I have been served as a guest at their homes and have been entertained in their in the twenty-five major cities in eight states." During the trip he interviewed 230 prospective students as compared with only 23 last year. The college's administration office has already received thirty seven applications for Illinois scholarships as compared with only seven at the same time last year.
HERE'S YOUR CHANCE TO HELP BILL

Within the next week, every Trinity student will have at least two good opportunities to help Bill Grund- ski. One of these is a square dance Friday night in Avon, and the other is the important football movie in the Chem Auditorium next Tuesday.

These two activities will make the first specific charge on many of you to give their financial assistance. By now everyone knows that Bill's rehabilitation is going to be a long hard road. The committee who handles the dormitory, the dicens, and the the movie are each a $1.00 contribution to the fund. Not only will the student get an evergreen entertainment, but we will also be helping a fellow who is, to put it simply, a swell guy.

I would like to make the recommendation to the Senate group handing the ticket selling for the movie next Tuesday that they devise an adequate and simultaneous entertainment, not only for the neutral, students. Through house representatives, fraternity and sorority members, and especially the neutral, students. Through house representatives, fraternity and sorority members, and...
General Lewis B. Horsley Clarifies Draft Regulations For All Undergraduates

Mayor Lewis B. Horsley, Director of Selective Service, yesterday announced that Selective Service will extend the registration deadline for freshmen to give students 30 days after the end of their freshman year to look into the service of their choice.

General Horsley explained that this decision was made this year as the 1951 amendments to the Selective Service Act extends the time during which students are henceforth to be deferred instead of having their induction postponed. He added that it was in the interest of the nation to have as many young men available in the service of their choice.

The Selective Service Act of 1940 provided that every student who voluntarily qualified himself and was 'highly acceptable' would be available for full-time service, whereas under the 1951 amendments, he would be deferred instead of being inducted.

Fanta Lectures on Politics of USSR

He is not the only one to be interested in politics. Dr. Arthur Fanta, assistant professor of Government, discussed the political situation of the Soviet Union and Russia at the Chemistry Auditorium on Monday. The lecture dealt with a variety of topics, such as the complexity of Communist power and its impact on foreign relations. The lecture was held at 8:15 p.m. on Tuesday, March 15.

Middle Atlantic Students Excel in Definor Testing

Awards had been given at the 1951 Definor Testing Awards Ceremony at the New York State Defense Department. The ceremony, held on December 1, 1951, was attended by students from the Middle Atlantic states. A total of 27 students were honored for their excellence in the testing.

Advertising Aptitude Exam Given Soon

The sixth annual A.A.A. Examination for Advertising will be held at Boston College on Tuesday, April 11. The examination was conducted by the American Association of Advertising Agencies. The examination is open to students, advertising executives and others. Students who pass the examination are eligible to take the A.A.A. Examination Committee. The examination consists of multiple-choice questions and is held at the undergraduate level.

REPRESENTATIVES WANTED

Unusual opportunity available with organization distributing high-quality lines of apparel.

Potential of our tested marketing plan insures success. Competition negligible. Adept, enterprising, unflappable, honest, honest and able to devote minimum of ten hours a week to work in home territory. No experience necessary. You must have the highest degree of self-confidence. If you can measure up to any opportunity, write us a letter about yourself.
Cagers Down St. Lawrence in Tournament Loss to Wagner in Semi-Final Game

The Hofstra Invitational Tournament provided the lure for the varsity basketball team during the Christmas holidays. The Trinits were seeded first, strictly on last season’s record, and fell by the wayside in the second contest. The trinity was finally won by Wagner, which defeated Alfred in the final game.

Trinity Wins Opener

In the opening contest, Trinity played on Thursday, December 27, the Canton avonamed St. Lawrence of Canton, N.Y., 66-50. The first quarter was fairly even, but in the second period the Trinits took over and led, 41-21. At the end of the first half, Trinity had a commanding lead, 41-21. During the second half, Coach Outing substituted freely, but was forced to send in starting five at certain times when the Lawrence drew up in a bit too close for comfort. St. Lawrence’s offense seemed to have a lot of trouble coping with the defensive tactics of Charlie Matezko and Bruce Chistolin, who stole the ball several times. Weiner was superb in the rebound department, and Bob Whithard proved to be a capable substitute.

Trinity Wins High Scores

Trinity and Canton were Trinity’s high scorers, with 16 points apiece; Matezko had 15, while Whithard and Bob Smith made 8 apiece. In the Trinits’ second, and final, game of the tournament, the Wagner Seahawks, led by Sonny Butley, Don Griswold, and Charles Harrus, scored 66-50, while Weiner had 11. Walter Novak made 8, and David Smith and Bob Whithard had 4 apiece.

Smith’s Hoop Tops Bowdoin 73-71; Weiner of Bears Scores 25 Points

Yesterday football coach Dan Jeeves traveled to Christmas, Ohio, to attend the national collegiate Athletic Conference. Jeeves will spend five days in Ohio visiting football and conference offices discussing gridiron problems with coaches from all over the country.

Jeeves Leaves For Ohio Talks

The Hofstra Invitational Tournament provided the lure for the varsity basketball team during the Christmas holidays. Trinity Leads in Most of Close Game

By Dave Fisher

Captain Dave Smith reached out to a jumble of basketball players and tapped on their heads two seconds of play remaining against Bowdoin Saturday night. The final score, capping a see-saw contest, was 73-71.

Weiner Catches Fire

Mickey Weiner, a substitute, caught fire in the second half and scored 17 of his high total for the game of 53 points. Most of these shots came from the outside, and helped Bowdoin stay within close reach of the best team throughout the third and final quarter of the period, although they never took the lead.

Then, with only four minutes remaining in the ball game Wally Bartlett made a shot and put the Trinity ahead, 69-68. Weiner came right back with a long shot to give Bowdoin a three point lead.

Bartlett Totals Lead

Trinity set the ball into play but immediately lost it, and Bowdoin set up a fast-breaking floor. The Bantams finally managed to steal the ball and drive in on the basket. A few fouls missed, and Charlie Witte grabbed a rebound, turned around, and put the ball up. The arctic rush 71-70 with a couple of minutes to go. Charlie Matezki fouled out with five personal fouls against him at this point, but no scoring came from the free throws. When Trinity again got the ball on one minute to play, Weiner foiled Witte as he was shooting. Charlie missed the first free throw, but made the second and the score was tied.

Neither team could score for the next few minutes, but Trinity took the ball and sailed down for two points. The ball was fast, and then Dave Smith entered Brownie and tipped the ball up onto the rim for a second before dropping through the cords.

Bowdoin now had possession of the ball, but the Trinity defense held it until the last four seconds, when Bartlett directed the ball for a minute, which netted him the final score.

Weiner’s 25 points earned him the high-scoring honors for the night, as Smith’s excellent rebound work helped him garner 21 for second place in the point race.

Fencers Open Season With New Haven Y

The Trinity fencing team opens its season this Saturday with an away game at New Haven, meeting the YMCA. Fencing the number one position at epee for the Y will be last year's Trinity co-captain and representative in the intercollegiates, Ed Brennan.

Four new players, including two freshmen, have cranked the starting line-up this year to replace last year's winners. The two freshmen, Hal Bartlett and George Cramer, in foil, together with reserve epee-man Dick Cooper, will be the only members of the team that have had any prep or high school experience.

Foil will lead off with co-captain Dick Ellison, sophomore John Mazzarella, and Cramer, with Mike Schisselberg as substitute, representing the finest prospective team in this weapon Trinity has had in the last few years.

The peremptorily strong epee squad will be weakened, as Dave Fishbr re-places Brennan behind captain Jerry Lehrfeld and Ira Newell.

Crusaders One of Top Teams in East

The big game of the year, as far as Trinity's basketball season is concerned, will be played tonight when the Crusaders of Holy Cross invade Memorial Field House for their annual trip to Hartford. The men from Worcester will be shooting for their seventh win of the year, against one defeat, a record that has established them as one of the top quintets in the East.

New Boston College

They have beaten American International, R.I. State, Boston Univ., Arizona, Boston College, and the New York Athletic Club, and have lost only to N.Y.U. Their biggest win was the victory over Boston College, in which they handed the first defeat of the year to the powerful Eagles, who will be remembered as the team that topped Trinity in the finals of the New England Intercollegiate tourney last year. The loss to N.Y.U. was by nine points.

The Crusaders are a very strong club, with such men as Jim Kirby, Jim Dilling, and Earl Markley, all of whom will be remembered as star operators with last season's club, which took an 8-0-4 count from Trinity. The team also features Togo Palazzi and Jim Dilling, stars of the Trinity yearlings' brilliant 71-70 win, the first handed to a Holy Cross team in over forty games.

Also listed on the Purple roster are Jim O'Neil and Robert Magillippe; the former will start at forward along with captain Dilling, and the latter will hold down a starting guard position, paired with Markley. Kirby, who stands 6'7", will start at center.

Freshman Player Crusader JV's

The game will begin at 8:45 and will be preceded by a tilt between the Trinity freshmen and the Holy Cross JV's. The Cross is a heavy favorite, but look for the Trinity to put up a good battle. Bigger upsets than this have occurred, and Trinity is hoping to pull one tonight.

Friday night a strong, but underdog,athy combine comes to town. The Mules won seven straight before running into some tough opponents during a Christmas tour of New York and the mid-West.

During the disastrous trip, they dropped games to Rochester, Akron and Buffalo, the last by a 65-48 count. Caleb, coached by Lee Williams, may come up with a few surprises before the evening is over.

The preliminary game, between the Trinity JV's and Nichols Junior College, will begin at 7 o'clock.
Deferment Tests (Continued from page 3)

East North Central were tied at 30 per cent; New England was fifth with 30; the Mountain states were sixth with 32; South Atlantic seventh with 40 per cent. Then came the West South Central, East South Central and the territories.

Students taking engineering made the highest grades. Those in the physical sciences and mathematics were second, biological science third and social sciences fourth. Thus came the humanities, general arts, business and commerce, agriculture, education and miscellaneous.

Draft Regulations (Continued from page 3)

numbers as he deemed necessary in the maintenance of the national health, safety or interest. The President subsequently prescribed a Class II-B student deferment program. Students may be placed in this classification, General Hershey explained, at the discretion of their local boards.

To assist the boards in determining which students should be given II-B deferments, a method was set up whereby students who are in the pre-presidential upper portion of the male members of their class or who made a score of 79 or better on the Selective Service College Qualification Test may be considered by their local board for deferment.

Grants Offered (Continued from page 3)

to Americans for graduate study in France. The fellowships, open to students in all fields of study, provide tuition and 10,000 francs a month. Eligibility requirements are the same as for the assistantships.

Four special scholarships for the study of art and music in Paris are also offered through the Institute by the Woolley Foundation. Each scholarship provides a grant of $1,000, and carries the provision that the student will live at the Fondation des Etudes de la Cite Universitaire.

Eligibility requirements include graduation from an American college or professional school, good knowledge of French, and capacity for independent study in music or art.

Barber Poll (Continued from page 2)

the average answer was 9.5. Don’t know—45 per cent. Some high answers were 25, 17, 15, and several 10’s. The one most given was “none.” Following is a breakdown by classes:
