Students Will Vote In Seabury for Class Officers, Senators

The twenty-four candidates pictured on these pages will try for the thirteen Senate positions this coming Tuesday. The voting will be either in front of Seabury or, in case of rain, in Seabury Lounge. Class officers for the classes of '56, '57, and '58 will also be decided in the voting.

All classes will decide on the Senate candidates; each voter will choose one of the two men from each fraternity, from Brownell, and from the off-campus neutrals. The three off-campus neutrals are not pictured on these pages. Since no petitions were submitted to the Senate for the off-campus neutral position, the Senate will appoint, at a later date, these candidates. All undergraduates are qualified and urged to vote.

This special edition of the Tripod is designed to acquaint the student body with the picture and the experience of each candidate. This picture will enable many to connect names with faces. The brief sketches of campus activities are certainly not the definitive judgment of the student's ability or experience for the position. They only suggest the candidate's participation in athletic, social and political activities. They do not serve as full evidence of necessary qualifications for the Senate. Only personal acquaintance with both candidates and with the Senate would serve fully.

Kappa Psi

Preparing at the Columbia Grammar School of New York City, Robert Perona is a pre-med student. Perona is active in the Hillel Society and fencing.
