Senate Debates New System with Dean Clarke

Clarke States Plan Is Not Really 'New'

BY WARD JUST

A short Senate meeting Monday night was opened by discussion of the new cut system and Senate affiliation with the National Student Association.

As an interview with Dean Clarke disclosed that the "new" idea of capping a student's grade as non-"new" at all, but has always been a policy of the college. He further stated that it generally is the prerogative of the instructor regarding the degree to which points are deducted from a student's grade for cuts.

President Vars also discussed with Dean Clarke the possibility of revisiting the old system whereby students and teachers found out these cuts in the dean's office. The Dean suggested that possibly with a board meeting, this could be on duty with the cut book one or two days before the registration and examination office. The argument against having the cut book open was due to the worry that many students would not consult the rankings in the past semester.

H. Brooks Baker presented a talk to the Senate on the National Student Association, and the Senate was invited to join the NSA. The Senate and the cloves of the students of the NSA but dropped apparently due to a tendency on the part of the association to encompass the rights of the Senate. Discussion was held until next month when a Senate committee will report on the advantages and disadvantages of the organization.

Abbott Made Prexy

In TX Elections

Richard Abbott, '56, was elected President of Theta Xi Wednesday night, it was announced today by the Theta Xi at Laramie, Wyoming. Zona, President of Theta Xi and a member of the National Student Association, was unable to attend the meeting.

Richard Abbott is a member of Sigma Pi Sigma, an honorary physics fraternity. He is a Junior in the Junior Instructor in the Freshmen dormitory, and is in the varsity track team. He also served as Business Manager of Theta Xi during the past semester.

Also elected were: Ralph Beren, Vice President; George Bergerman, Treasurer; William Learned, Secretary; Harvey Collins, Junior Speaker; and John Swett, Corresponding Secretary.

FELLOWSHIPS

The deadline for applications for the Mary A. Terry Fellowship ($1,000) and the H. E. Russell Fellowship ($500) has been extended until March 30th. Applications are to be made to Dean Hughes in the form of a letter and should include mention of the graduate or professional school to be attended by the applicant next year, as well as the field of study in which the applicant will be engaged. The Fellowships are not open to students during the study of their B.A. degree from the University.

These two grants are for students anxious to do graduate work in the arts and sciences.

Dr. Werry Selected Dream Girl

The Second Annual Dream Girl Ball was held by Pi Kappa Alpha Fraternity Saturday evening, March 12th, at the Hartford Golf Club. Music was furnished by Maurice Landerman and his orchestra.

Included in the events of the day were a cocktail party at the Chapter House and a formal dinner. The main event of the Ball was the selection of the Dream Girl, Miss Carolyn Peter, escorted by Paul Carlson was chosen.

Miss Peterson, a resident of West Hartford, is a senior at Mount Holyoke College. She was chosen by last year's Dream Girl, Miss Jack Mount, fiancee of President Edward and Miss Peterson. He then presented Miss Peterson with a bouquet of roses and a gold-mounted horseshoe ring and a Pi Kappa Alpha fraternity pin. While the Band Ball is the house sang the fraternity song during the evening.

Miss Peterson will now compete against the 108 chapter Dream Girls in the national contest.

The dance was attended by parents of freshmen and sophomores in the area. Pupils from the dance will be added to the Pi Kappa Alpha Scholarship Fund for African students.

Democratic Club to Attend Conference

The college Young Democratic Club will be well represented at the New England Intercollegiate Association of Young Democrats conference to be held at Dartmouth College, Hanover, New Hampshire, University. The purpose of the conference is to acquaint college youth and to acquaint the Young Democratic movement and the principles of the Democratic party with our contemporary issues. The weekend conference will present six general sessions, plenary sessions, and a number of private meetings, speakers, and a Saturday night dance for the delegates. The following students will attend the conference:

Professor Ferwerda Recommends Better Relations with Red China

BY JACK HARLEY

Dr. Ferwerda, Assistant Professor of Government, spoke to the Alumni Society last Wednesday. His topic concerned our relations with Red China. Dr. Ferwerda has been attending a seminar at the United Nations and has worked on a report concerning the UN recognition of the Communist government of Korea.

After stating that our recognition of Red China and the UN are found closely together, Dr. Ferwerda analyzed our past policy towards the Communist government. He stated that the American policy toward the Communist government has been clear and consistent. He also stated that he believes that the Chinese people are right and that the United States is wrong. He further stated that he feels that it is unfair to recognize governments which are not friendly to our own. He also noted that he would like to see a closer cooperation between the United States and the United Nations.

Senior Advisor

Dr. Bernard B. Ferwerda has been chosen by the Alumni Society to be the next President of the Alumni Society. Dr. Ferwerda says that this is the first time that the Alumni Society has had a President from the University.
THE TRINITY TRIPOD

Published weekly throughout the academic year by the STUDENTS OF TRINITY COLLEGE. Subscription $10.00 per year. Student subscription included in tuition fee. Issued at Hartford, Connecticut. No. 1, October 1, 1954. Copyright, 1954, under the Act of March 4, 1940. The columns of THE TRINITY TRIPOD are open to all students, undergraduates, and others for the dissemination of matters of interest to Trinity men.

THE LAST WEEK

As the term of office draws to a close for us Senior members of the staff, a sudden feeling of frustration comes upon us. Suddenly it is too late to do what we should have done, which we now promised ourselves that we would, and really thought we would do, eventually. We now wrest all the credit that we possibly be earning, the checks that should have been made to the editor and reporter, and a thousand ideas for increasing the efficiency of the paper which were never put into practice.

In spite of all this there are a few things at which we can look and smile. One is the size of the working staff of the paper, almost forty, including part-time department, which is one of the largest in the history of the publication. And very little is deadwood. This is a quite a source of surprise to a number of us, who weren't convinced that so much interest could be drawn from such an inadequate staff.

We believe that we have presented during the year a paper that is attractive, (make-up) compares favorably with issues of the past.

The problem is the evolution of the midwesterner's passion for action. As this is the age of visual education and the graphic group, students must have felt book-learning just another of those insufferable traditions to which Trinity cuts. Students from the Midwest are recognized by their 'can-do's, and one of their constant motifs is education by book. They are right, except for pre-digested condensed books, which are a product of our times.

The basis of the revolution is the midwesterner's passion for action. At this is an age of visual education and the graphic group, students must have felt book-learning just another of those insufferable traditions to which Trinity cuts. Students from the Midwest are recognized by their 'can-do's, and one of their constant motifs is education by book. They are right, except for pre-digested condensed books, which are a product of our times.

The art of reading has fallen into such a state of disuse west of the us­

The Phi Beta Kappa lecture will be presented by Dr. Julius Bixler, President of Colby College, tomorrow evening in the Chemistry Auditorium. Dr. Bixler's topic will be "The Uses of Diuretics." 

In 1961 he was the lecturer on American Philosophy for the Salzburg Seminar. The same year he delivered the Ingilis lecture and the Ingersoll lecture at Harvard. In 1945 he was invited to deliver the Terry lectures at Yale.

He has taught at the American University in Beirut, Syria, Smith and Harvard, and has been awarded honorary degrees from Amherst, Harvard, Brown, Andover, and Wesleyan. Since 1942 he has been the president of Colby College.

FERNERDA . . .

(Continued from page 1)

could have been avoided if we had recognized Red China in 1949. Our present policy has accomplished three things: (1) It has divided the free world, (2) it has alienated most of Asia, and (3) it has reduced the usefulness of the United Nations. The question is whether or not we have profited from this policy. Dr. Feren­ dera emphatically says no. He said that in terms of practical language from an Eastern Asiatic point of view on our side; also there is growing resentment of our policy in the UN. We have had to work harder and harder each year to prevent Red China's admission, and many countries are tiring of this forceful policy.

Dr. Julius Bixler, President of Colby College, who will deliver the Phi Beta Kappa lecture on the "Uses of Diuretics."

Dr. Ferwerda quoted Tom Hamilton of the New York Times who says that Red China will be in the UN by fall in spite of the United States. If this does happen we will be in a most awkward situation because it will be the first country to be admitted into the UN without our diplomatic recog­ nition.

If we recognize the government of Red China, the question is what will happen to Formosa. Dr. Ferwerda says that we could keep the present representative of Nationalist China in the UN, but officially make him the representative from Formosa. He draws a parallel between this plan and the manner in which we treated the Indian question after her liberation from England. India was divided and two representatives were sent, one represent­ing India and one representing Pakistan.

Dr. Ferwerda closed his talk by saying that he hoped that the govern­ ment of the United States would rec­ ognize the government of Red China now and not make the same mistake that it did by failing to recognize Russia for sixteen years.

Schumacher Is
New Public Relations Man

Mr. Richard Schumacher, of New Hyde Park, N. Y., has been appointed as the college's assistant director of public relations in charge of the News Bureau, it was announced yesterday by President Jacobs.

Mr. Schumacher replaces Charles R. Sanders, Jr., who is leaving the col­ lege next week to join the public relations staff of Princeton University. The new director is a 1941 graduate of Yale, where he was an editor of the "Yale Daily News." Subsequently, he attended the Navy's officer candidate school at Newport, R. I., and served for three years as combat information officer of the Atlantic Fleet destroyer U. S. S. Johnston.

WRTC to Broadcast
On Carrier Current

Jesters End First
Week of Rehearsals

The Jesters have just completed the first week of rehearsals for their forth­ coming presentation of The Drunk­ erk. From all signs, this seems to be a work of real "home drama" and should produce hilarious evenings when presented April 27, 28, May 4, and 5, in the Senior Ballroom, Alumni Hall.

The cast and Mr. George E. Nichols, III, Director of the Jesters, wish to thank all who wished to be in the audi­ ence when this "motel-drammer" is given, to expect a worthwhile night of humor. Naturally in such a play, the audience takes part in the enjoyment, because they must "be" the Villain and appli­ aud the hero. For a night of pure, unabashed fun, remember, The Drunkard.

Tickets will be on sale after Spring vacation and will be free to holders of Trinity College Athletic cards.

Canterbury Club to
Hear Talk on Faith

The Reverend Dr. Archdall will speak to the Canterbury Club on Fri­ day, 7:30 in Goodwin Lounge. The topic of his speech will be "Faith and Reason."

Dr. Archdall is the late president of the Winona, W. Va., and is the visiting lecturer at the Berkeley Divinity School. The entire student body is invited to hear this speech.

WRTC Station Awaits
Of FCC Judgment

In an interview with Don Shelly, station manager of WRTC, Shelly stated that, "Everything is being done to get the station back on the air in ac­ cordance with the Federal Com­ munications Commission and, while it is not definite by any means, we hope to be on the air after spring vacation."

Await FCC Regulations

Before any changes can be made in the present operational set-up, WRTC must await an official letter from the FCC stating precisely what the college radio station may do un­ der prevailing FCC regulations.

Speaking for the Technical Depart­ ment of the station, Shelly said that the first form of broadcasting will be done-over carrier current. This means that programs will be heard only in the dormitories on the campus, and not over the air.

Mark Duff Will Be Visited

The possibility of WRTC broadcast­ ing over Frequency Modulation is being investigated at the present time as to how and the technical difficul­ ties that would be entailed, however, this is but pure speculation.

Once broadcasting is resumed the schedule of programming will be re­ viewed in the light of the new FCC regulations.

Record Service to Be Continued

The record service that is offered to the major housing companies will be continued even though the station may not be on the air. Only in the event that the station would be unable to resume transmission before the end of the year, would this service be discon­ tinued.

The Board of Directors assure the students that the quality of programs will continue to meet the standards that they have in the past.

H. J. Pettry Tobacco Co., Winston-Salem, N. C.
Course and Lunt Bolster Veteran Lacrosse Team; Harvard, Amherst, and Tufts Head Rugged Schedule

Home Opener To Be Tufts
Weather permitting, the thirty-five candidates for the varsity lacrosse team will have their first practice session of the season today. The Blue and Gold stickmen will meet on the south athletic field and have a pre-try-out. Remember, we're operating under a slight difficulty; no coach.

O'Harra in Net
The team will be hard struck by the loss through graduation of goalie Charlie Rowe. Two returning lettermen, Bill Orsler and "Lips" Rentner, will probably share the net-tending chores. The graduation of Pete Carlow and Gerry Anthony will be sorely felt.

Rentner will be last year's captain and high scorer George Lust. Lust will be on the attack line as will be hard running sophomore Pete Wilson. They will be joined by Course, a junior. Course broke into the starting lineup in his freshman year. Due to medical reasons, he was out all last spring. He will start on offense this season. At midfield is rough and tumble Doug Marlowe joined by Dick Ritter and Ned Montgomery. Montgomery will be on the starting team last year until a hand fracture sidelined him for the greater part of the season. Protecting the goal on defense will be rugged Pete Stretch. Along with him will be the other captain Tim Lurndt and also Bob Stuart.

Fresh Out in Force
There will be a good number of freshmen on the field today with Tom Bann and Amy Vaughan as top prospects. The remainder of the squad will be comprised of last year's substitutes and freshmen. Since lacrosse is insignificant and receives only a nominal appropriation ($800), freshmen are permitted to play.

Alumni Prizes
Alumni prizes of $100, $85, and $50 respectively will be awarded to students who present the best essays on subjects approved by the Department of English, it was announced by Professor Morse Allen recently.

Essays must be submitted to the Professor of English on or before May 1, 1955.

The best things in life are free. Schaefer is free. Try it! THE F. & M. SCHAEFER

Wendy, the world's most beautiful woman, has the world's most beautiful voice, alas!, shattered the glass.

In just a few short weeks the cry "Play Ball!" will be heard in 16 major league cities and once again our national pastime will be in full swing.

Chase Rates
In looking over both leagues this spring, I see close competition in each. In the unbalanced American League once again a three-way battle seems to be fairly safe assumption with New York, Cleveland, and Chicago leading the pack for top honors. A three-way battle between Detroit, Boston, and Washington will also result thus rounding out the first division. In the Senators we will have a five-team race with Milwaukee, Brooklyn, and New York having a slight edge over St. Louis and Cincinnati. All five are strong and with some breaks, any one could top the flag.

Variance
Taking a closer look at the American League, I look for the Yanks to continue Cleveland with the aid of the second division teams. Cleveland is bound to lose a few more games to the "three outs" this time around, with both at .500, and the second division providing the punch, I see the Boston ones again ascending to the throne. The Indians will hold onto second as they did last year. If Williams is in the lineup, Boston should capture fourth. I might add that Grims, Ford, Turley, and Larsen give New York a more than adequate staff to cope with the Tribe's "big stuff." It seems clear to this writer that Stengel will lead his crew to a clear cut victory in '55.

Braves Balance
In my opinion Milwaukee is the best balanced team in either league. Pfefer, Thompson, Brunson, and韶en give them four fine outfielders. Mathis, Logan, Ditner, O'Connell, and Adcock give them five fine infielders and with an excellent mound corps headed by Snyder, and a top catcher a Cranial, I don't see how they can miss this year. If they start well they could win going away. Willie Mayes should carry the Giants into second. If Williams is in the lineup, Boston should capture fourth. I might add that Grims, Ford, Turley, and Larsen give New York a more than adequate staff to cope with the Tribe's "big stuff." It seems clear to this writer that Stengel will lead his crew to a clear cut victory in '55.

Rico's Hillside Pizza
Washington Pharmacy

In the biggest upset of the college squash tournament, sophomore Dave Hamilton beat top seeded Bill Sykes, who was number one on the freshmen with a won match play this year. At the end of the season Hamilton played some of his best squash and must credit his coach for his success.

Golf Team Hit By Graduation

The Trinity golf season is about to under way with the ever rising temperature determining when prac tice will actually start. Coach Mike Pappas intends to build his team around the returning lettermen, Captain Al Briggaman and Jim Bledsoe.

Four of Coach Pappas' best men from last year, when the team had a 7-1 record, have graduated. The most felt loss will be that of Jack Bushell, who was the captain of the team for three years and one of the best hitters in New England.

Thus Coach Pappas has quite a rebuilding job. He is calling a meeting for this Thursday at 4:00 in Brachman 301. Here he hopes to get a chance to meet all the interested freshmen and upperclassmen on the spring roster. The Jaguars and Sigma Nu placed second and third respectively in the National League. The Jaguars and Sigma Nu have all reached the semis for the national competition has been extremely active this past year.

Corinthian Yacht Club Set to Open

The Trinity Corinthian Yacht club will hold its first meeting on March 17 to assign skippers and crews to the nine races that are on the spring schedule this year.

Four of those races will be sailed at Coast Guard in the academy's fast-light displacement, power class Slump. Trinity was given particular preference in the scheduling of these events. In the past year power has been a privilege that was offered no more than two times in a year to any of the competing teams.

Among the teams that Trinity will encounter at Coast Guard this year are M.I.T., the defending New England champs, Army, Navy, Dartmouth, Harvard, and Yale.

The team will sail a heptagonal at New London Saturday, March 26 with Boston College, Dartmouth, M.I.T., Williams, W.P.L., Coast Guard, and Trinity.

VARS LEADS SPRING RELAY TO 4th SPOT

Led by Ben Scott, Joe Logan, and Lance Vars and both relays, Trinity finished fifth in the New England Intracollegiate Swimming Association meet last Saturday. The well-balanced points total of 74 placed the team in the top five in a field of 14 teams.

Scott Fitch

Scott finished fifth in the 440 free style, just as he did last year, and sixth in the 100 individual medley to give Trinity three points. In the 440 he followed the two men who beat him last year. The winner, for the second straight year, was All-American Bruce Hutchens who set a new pool record here at Trinity in a dual meet this year. His time was a good 4:41.4.

The 100 medley also saw a Springfield man win. Mayers, another All-America, took his second straight title beating Fray of Amherst for the second time.

Ron Bean took sixth place in the diving event that was again won by Jim Perrier, of the G seasoned. Also ahead of Ron were the other men who beat him this year. Van Housen, Amherst, and Spindler of Wesleyan, were second and fourth in this event that was won with a respectable total of 100.97.

Logan in Strong Effort

Ben Logan finished higher than any other Trinity man as he took third in the 200-yard breaststroke behind the only two men to beat him this year.

Co-captain Art Smeal of Springfield was first followed by Reimovah of the home team. The time of 2:32.6 set a New England record as well as school and pool records.

The relay teams for Trinity picked up most of the points. A 45th in the medley relay by the team of Zimmerman, Logan, and Vars added three points to the total.

Co-captain Vars, who had a good day, led the 440-yard freestyle team to a fourth place finish and six points. Vars, Holmstrom, and co-captain Thomas rounded out the team.

(stop on page 6)
Discrimination Attacked
By Wesleyan Committee
Referendum Opposed
By Administration

The proposal of the "Committee Studying Discrimination in Wesleyan Fraternity Life" to regulate discrimination has been sharply attacked by the school administration, and it was reported last week in the Wesleyan Argus.

As a result of the administration's actions, the committee has asked the Senate to rescind its recommendation be withdrawn from the proposed referendum. The committee requested the withdrawal of the recommendation because it felt that the administration's refusal to consider the referendum "...has nullified the significance of any decision which might have been reached."

The controversial statement of the committee's recommendation is that, "...each fraternity chapter is not fully free to determine its own membership or is bound by law or agreement of its general fraternity to discriminate against men because of their race or religion he forced to disaffiliate from its own fraternity by 1961 and until such time as it (the local chapter) can freely determine its own undergraduate membership."

It is the belief of the administration that each individual chapter should be completely free to choose its own members according to its own standards.

Chairman of the student committee, Richard J. Congleton felt that the committee was not curtailling the individual's right to choose his own friends as the administration has charged, but rather it is increasing the rights of a greater choice of men.

The administration said that it felt in the near future there will be no social organizations practicing social discrimination at Wesleyan and that this can be brought about by the "...men's thoughtful increasing their rights as free citizen" instead of by a "dictated democracy."

SWEENEY...

(Continued from page 1)

philosophical sense of the word.
Dr. Sweeney did an admirable job of creating order out of the chaos which we call modern art. Unfortunately we were not told exactly what article Dr. Sweeney had in mind. Perhaps we would have been enlightened much more had the very scholarly lecture been accompanied by slides. Nevertheless, Dr. Sweeney did provide us with a good tool for critical thinking.

Gerry Morse of Kappa Psi is shown here in his 117 lb. quarter final match with the Jaguar's Joe Nichols. Morse scored a fall in the second period.

POLITICKING...

(Continued from page 1)

of practical necessity that the government could not take such an economic job in one dose. But, feeling that the American free enterprise system is expanding and shifting, the administration has presented that reinvestment by private enterprise may be freed from taxation in a long run, produce more actual gains for the government than that it is derived at the present time.

In closing I would remind the President of the Trinity Young Democrats, that in attacking the American Legion and the National Association of Manufacturers (who support the Taft-Dirksen Amendment) he is attacking two organizations which have been joining in their efforts to reignite pride in our American Cultural Institutions. It was this faith and pride in the "American dream" which allowed an under privileged Jewish boy from New Britain to become Governor of Connecticut.

N. E. SWIM...

(Continued from page 2)

...Keither Outstanding

The individual star of the meet was sophomore Kothler of Amherst who set two records while winning the 200- and 100-yard races. He also was no slouch on the winning 400-yard relay team to help add 28 points to his school's total and put them into second place. In both the races, Kothler was followed by Maxwell of UConn, Taylor (third in 56, fourth in 100) of Williams and Gardner (fourth in 56, 103 in 100) also of Williams who was outstanding in those events. The 10-record now stands at 22.8 for a college and pool record, while the college record was lowered to 52.1.

Mayers was the other double winner as he took, for the second time, the 100-yard backstroke in the time of 2:20.5, almost two seconds under his year's time. Two other finishers from last year, Lewis of Williams (second, third last year) and Holister of Amherst (sixth, second last year) were also in the field.

In an exhibition freshman 40-yard relay race, Trinity's team of Hays, Hickey, Kay, and Bushell took third behind UConn and Williams. The Trinity team showed an improvement over last year's 11th place finish in which only Scott finished.
