Students Will Vote In Seabury for Class Officers, Senators

The twenty-four candidates pictured on these pages will compete for the twelve Senate positions at stake in the elections to be held tomorrow. Voting will be either in front of Seabury or, in case of rain, in Seabury Lounge. Class officers for the classes of 97, 98, and 99 will also be decided in the voting.

Polls will open at 8:30 and will close at 4:30 p.m. All classes will decide on the Senate candidates; each voter will choose one of the two men from Brownell, the on-campus neutral, and the ten fraternities.

There will be no off-campus neutral Senator this coming year, because no petitions were submitted to the Senate for this position. All undergraduates are qualified and urged to vote.

This spread features a high school collection of the Tripod, designed to show the students' pictures and the experience of each candidate. The pictures will enable readers to connect names with faces. The brief sketches of campus activities are certainly not the definitive judgment of the student's ability or experience for the position. They only suggest the candidate's participation in athletic, social and political activities. They do not serve as full evidence of necessary qualifications for the Senate.
