Republican Senator Case Will Speak Next Tuesday

Making Trip to Aid Establishment of Bush

A major political political address will be delivered on Tuesday evening by Republican Senator Clifford Case in the Chamber of Commerce Auditorium at 8:15 p.m. His speech will be one of two evening addresses to be broadcast before the November general election.

Will Plug for Prescott Bush

The Senator is making a three-thousand-mile round trip to ConnQuest to plug for the re-election of Senator Prescott Bush whose opponent is Connecticut Thomas A. Dodd.

Active In 1952 Campaign

Senator Case came into national prominence after a spectacular 1952 election when he offered fiery replies and novelist Joseph McCarthy in committee. Case also played an important role in the active part of the Senator Case was never a worker during the IDC campaign.

When in 1954 there was considered to be no feasible memory between the GOP and the Southern Democrats, Senator Case opposed the move. An article in the July 28, 1954 issue of Collier's magazine by a New York author, Mr. Kenneth K. Maudit, writing for the affirmative, of the question "Should the Democratic Congress be Changed?".

In 1954, because of his "outstanding record in Civil Rights", the National Association for the Advancement of Colored People, Senator Case to make the presentation at their annual convention of the Spingarn Award for the highest achievement by an American Negro during the preceding year.

Senator Case resigned from Congress in 1952 at the onset of the IC campaign to become President of the Fund for the Republic, an independent non-political organization, the purpose of which was to fund programs for the improvement of American education by providing technical assistance and advice to groups engaged in political education and public service.

Car Club Holds Rally

Woodward Bros. Win

The Sports Car Club's first rally of the year was a big success last Saturday. The Woodward brothers had first in a VW; Bruce driving and Dave navigating. Second was Dave Hock in an MG with Charles Wood and Steve Wood in third. The rally was sponsored by the Los Angeles Chapter of the Sports Car Club of America. The final results are to be announced later.

Dr. Hurewitz to Talk

On Near Eastern Problems Thursday

"Problems of the Near East" will be the subject of the first lecture of the 1957-1958 academic year by Dr. Elton Hurewitz, an associate professor of Middle Eastern History at the Hebrew Union College. The event will be held at 8:15 p.m. on Thursday evening in the depression auditorium.

Dr. Hurewitz, who received his A.B. degree from Trinity College in 1949, served as senior political analyst in the Near East Section of the Research and Analysis Branch of the Department of Information. He has been in the Near East since 1957 as a research associate at the Middle East Institute, Columbia University, where he was given a Ph.D. degree in 1957. He has been a research associate at the Middle East Institute since 1957.

Physical Condition No Barrier

"I was also most grateful to hear that the Senator is able to attend the Committee," Mr. Butler added. "Butler commented on the Senator's health, that it is in a very fine condition. He said that Butler was not surprised by the Senator's presence at the meeting, and that the Senator is in fine health, despite his recent illness.

Barriers to Success

A committee of two personnel and two industrial personnel was set up to complete the code, which will finally be published in the Eastern College Personnel Journal.

Workers in the office of the President of the University have been working on the code for several months, and they expect to complete it before the end of the term. The code will be published in the spring of 1957.

Code of Ethics Drafted

Drafting a code of ethics to be used by company executives was the main task of business men. The code would be drafted by a small group of business men who have been working on the issue for several years. The group consists of several large companies, including General Motors, Ford, and Chrysler.

Physical Condition No Barrier

"I was also most grateful to hear that the Senator is able to attend the Committee," Mr. Butler added. "Butler commented on the Senator's health, that it is in a very fine condition. He said that Butler was not surprised by the Senator's presence at the meeting, and that the Senator is in fine health, despite his recent illness.

Barriers to Success

A committee of two personnel and two industrial personnel was set up to complete the code, which will finally be published in the Eastern College Personnel Journal.
I.F.C. ON THE ROCKS

With the final gun now quiet in the recent I.F.C. trial, it seems that all legal work has been done and that we have been sent a rather sad story. The I.F.C. is completely unprepared to handle any charges or trials of illegal rushing was the most obvious conclusion to be drawn. They have no constitutional tools or ground work. They have no precedents, and they must create rules as they go along. This is, of course, unsatisfactory.

The valuable time spent arguing about whether or not to allow evidence inquired of past council's administrational policies in the present could have been forgone with a basic rule on that subject. It would have saved time and especially tempers.

It is unfair to ask the I.F.C. President to be a judge and jury to the authority, which was desperately needed at all times. Such an authority, however, would certainly add a note of sanitariness to and formality to the I.F.C. In this trial the I.F.C. President was forced to serve as a peace mediator, law authority. Such conditions are, of course, unsatisfactory.

The fact that several houses had different regulations from night to night is one of the most distressing injustices. For obvious reasons, this must be changed as so as to force a house to have the same representative for each session of a trial. Also the men who can attend for each house in the accusing and accused parties must be regulated.

The I.F.C. became a laughing stock as a result of this past trial and their inability to handle it. It must be noted, however, that this was by no means the fault of the personnel, but a basic fault of their constitution and its purposes. With all this being said, the outcome is closed, with many lessons learned, and a promise to revise the procedures. We won't forget this trial, neither will we let you forget that the I.F.C. promised to make some new tools with which to work.

ABOUT FACE

To the Football Team:

Last week I wrote a letter to you through the Tripod that was in a decidedly critical vein. Since last Wednesday, certain well-known changes have taken place in your record, and the situation is even better than last year's score with Brown.

The lack of any reference to the Mud Hens mentioned in my previous letter seems to have vanished. This is excellent and has happened in the best possible way. Keep up the new spirit of '56, and (if possible) raise it even further. Determination will not only make you work harder and better, but it will lead to victories over Tufts and any other team we want to beat. My hat is off to you all.

Dave Elliott '57

Annnouncement

To the Students:

There will be a rally on Friday night at seven-thirty for the Tufts game this Saturday at Medford. The significance of this is very important for the state spirit.

The rally will begin at the Fresh quad and then proceed down by the Field House, up Broad Street, then left, and up Vernon. Picking up the fraternities it will then proceed to the Bishop's Statue. The turn-out of the fraternities for last week's rally was minute. This was probably due to lack of publicity. However, by calling upon the various house presidents to make sure of a full turnout, we can get this thing to at least match the type of spirit that is being shown on the Tufts campus this week. The football men will be there and probably Dan Jossee to boot. Possibly a bonfire, or at least something to light up the thing could be mentioned. Also, the band should be out in full force.

The whole thing should be over by eight-thirty, so that this would interfere with previous engagements. At any rate, publicity is important and if we get with your assistance there might be a good turnout.
Dr. George Baker, Harvard Prof., Speaks Next Monday

Graduate School Prof. of Transportation

Dr. George Pierce Baker, James A. Miller Professor of Transportation at The Graduate School of Business, Harvard University, will speak at 8:15 Monday, Oct. 15 in the College Auditorium.

Prof. Baker’s talk is in conjunction with the annual Business and Industry Dinner given by Trinity, to be held in the College Dining Hall later the same evening.

Prof. Baker is one of the most erudite and respected men in his field, a native of Cambridge, Mass., he received his B.A., A.M. and Ph.D. degrees from the university where he has taught since 1926. He has been James A. Miller Professor since 1940.

During his career the doctor has served as a member of the Civil Aeronautics Board; Board of Directors, and Development Board of the Harvard Business School; chairman of the board of the New England Electric System; director of the Office of Transportation and Communications Policy with the Department of State; and in May of 1943, the first annual IFC meeting was held.

By FRANKLIN KURY

Dr. Eisenhower has talked of a new kind of Republicanism with a great future.

"Middle of the road," dynamic conservatism, conservative liberalism, the other word used by Eisenhower, would disclose a shrewd turn in his campaign slogan. Eisenhower called the G.O.P. the "right party in the right place" because it is related to the future.

The Republican Party has never been the party of the future. That has been the position of the party, and the party has always been the party of a big crisis.

Why Eisenhower has failed to take the G.O.P. out of the past and project it into the future is not hard to understand.

This is not a new kind of Republicanism, it is an old kind of Republicanism.

The question is not whether one is rising faster than the other. This is the key to the meaning of Republicanism in America today.

I hope the opposition may accept the blame for inflationary pressures.

If we accept our own standard of progress, the important question is whether income is rising faster than prices. This is the key to understanding Republicanism in America today.

In my opinion the word "personality" implies the idea of the individual as a personal entity.

I would like to reply to my learned friend Mr. Kury, who last week discussed the concept of "Delinquent Seniors" as illustrated by Eisenhower's vacation habits.

I believe that a president's ability is measured by his achievements, not by the color of his red tie.-

Diplomatic "Middle of the Road" Tactics; Speaks on the Administration's "Pocket-Book" Issues

BY DIKE SPEAK

In our discussion last week, I described the political and economic situation in which we find ourselves now and I stated that the "party of the future" had been changed and new matters were involved. I stated that the "party of the future" had been changed and new matters were involved.

The question now is: What is the real income of the average lower-middle-income family? The number of housing units occupied by families is the number of housing units occupied by families.

I think we see what the G.O.P. has put forward:

I think it is a good idea to put the picture of a man and a woman on the picture of a man looking at the picture of a woman looking at her picture.

In an effort to put the idea to the American public, the program is going to be held on the first floor of the Hartford area.

A graduate of Williams College, Mr. Kury is a member of the American Academy of Arts and Sciences, American Economic Assn.; Council on Foreign Relations; and the American Historical Society of England.

Look Out Jordan; This Could Be You!

Hanging defiantly on the Freshman list was an article from the New York Herald Tribune emphasizing the disadvantages of being a Sophomore class president.

The example in this case: Ted Petersen, Sophomore president at Claremont College, Claremont, California, who was taken from his room, driven to the airport, flown into a New York bound plane, and handed a $10,000,000 check and a portfolio containing $4 and some cigars.

His bewildered explanations on arrival contained statements about Freshmen traditionally reinstating the Freshman list.

In an effort to put the idea to the American public, the program is going to be held on the first floor of the Hartford area.

A graduate of Williams College, Mr. Kury is a member of the American Academy of Arts and Sciences.

Pi Kappa Alpha Begins Drive For Used Clothing

A clothing drive which will last throughout the year is being conducted by members of Pi Kappa Alpha at the Newington Home for Boys and Girls.

The fraternity-sponsored an outing for the under-privileged children of Newington.

The co-operation of all fraternities in the drive is urged by Fred Breyer, '38, chairman of the drive.

Results so far have shown an enthusiastic response from winter apparel.

Contributions may be dropped off at the Newington Home for Boys and Girls.

The drive will continue throughout the year.

All those wishing to have their used clothing picked up should call Jan. 7-3588.

Ferguson Art Show at Bishop's Cornors

A thirty two painting, one man exhibition was on view from New York.

Ferguson, a Freshman in the Fine Arts, at the Bishop's Corner Branch of the Museum of Fine Arts, will hold the exhibition from October first through the first week in November.

The exhibit will be held with the exhibition held in the graphic arts field, and has held the exhibition held in the graphic arts field, and has held the exhibition held in the graphic arts field.

In an effort to put the idea to the American public, the program is going to be held on the first floor of the Hartford area.

A graduate of Williams College, Mr. Kury is a member of the American Academy of Arts and Sciences.

The Picture "Pocket-Book" Issues

In my opinion the word "personality" implies the idea of the individual as a personal entity.

The question now is: What is the real income of the average lower-middle-income family? The number of housing units occupied by families is the number of housing units occupied by families.

I think we see what the G.O.P. has put forward:

Frosh Gridmen To Open Slate On Home Field

FRESHMAN coach Bill Gerhold will be watching his gridmen closely when they meet Springfield here Friday afternoon at 3:50 in their first contest of the season.

Small Squad
Despite the fact that the gridmen have had no scrimmages and have a small squad this year, they look in healthy shape, boasting an average line of 200 pounds, according to Gerhold. He added that Springfield, which defeated the Bantams last year, has had the advantage of morepractice time and two practice games.

Starting Team
The starting lineup for the Hilltoppers will be Bill de Coligny, right end; Duke Sinkiewicz, right tackle; Angelo Gada, right guard; Bill Wyckson, center; Chuck Webb, left guard; Dick White, left tackle, and Al Myrinian, left end.

The backfield will consist of Ricky Pettit, fullback; Duke Inkie and Wey Smith, halfbacks; Bob Langen, Bob Beaven, and Wey Widning, and Raynard; try tape ranked formidable in the booters to battle Tufts Saturday; Trinity Sinks Coasties 6-2 in Opener

By JERE RACHARACH

OPENING THE SEASON with a victory over the Coast Guard Academy last Saturday, the Trinity soccer team will now face Tufts here Sunday at 3:50.
This year's Tufts team looks like one of the best the Ray-Stayers have had. Last week in losing to 4 to 3 to Harvard, which is always a strong club, Tufts showed it would not be the "push over" it has been in the past.

Ninth Year
The Trinity-Tufts series, now in its ninth year shows a top-scored record for the Bantams. Except for last year when the game was cancelled, the Trinmen have won every game. In fact, Tufts has only been able to score six goals to the Hilltoppers' 28 during the series. This week's contest will be one of the toughest for the Bantams.

Excellent teamwork was the key to Trinity's 6 to 2 victory over the Coast Guard at New London. With three goals in the first period, the Hilltoppers dominated play throughout the game. Outside-left Dodd Mills scored the first goal for Trinity. Captain Doug Raymond followed by placing two more shots through the posts to put the team way ahead.

Come Back
The hosts rebounded back in the early part of the second period with a goal. They scored on a high back kick which goaler Jim O'Neil lost in the sun and let through the goal. With a few minutes left in the period John Widning scored for the Bantams, putting them ahead 4 to 1. Raymond, by scoring his third goal of the day, took Trinity far ahead of the New Letonians in the last period. Mills scored the last Bantam goal on an indirect kick from Bob Scharf. The Coasties sounded more in the last period, but it had little effect on the outcome of the game.

Outstanding man for Roy Daff's squad were forwards Bob Widning and Raymond; half-backs De Duff and Bill Loken; and fullback Outcault.

Friday afternoon the fresmen booters play host to Nicholas Drag College at 3:50, in their opening game of the season.

Tufts Contests Looms as 14th In Old Series

SATURDAY's game with Tufts will mark the fourteenth meeting between the two schools. Trinity has won nine, lost four, and tied one.

The first game was played in 1894, with the Jumbos coming out on the business end of an 8 to 4 score. Last year, however, the Bantams came from behind in the final four minutes on a five-yard pass play from Bobby Brownell to Sammy Brownell for a 26-20 victory. Dave Wells, who will be back, to enact the Bantams Saturday, put the Medforders aboard, breaking loose for a 15-yard touchdown snap.

"Furi" was the magic number for the Tufts outfit in Cambridge last week-end, as the Brown and Blue harried Harvard's Crimson 19-13. All the Jumbo scoring was accomplished from four yards out. Halfback Paul Abrahamian, who ironically explained the freshman Harvard eleven, scored on a four-yard plunge. Fullback Normie Wright, Medford answer to Charley Stiles—tallied on a four-yard sweep, as did Stoddard Wells.

Other Trim opponents faced thus: Amherst 49, Union 27. Williams 37, Wesleyan Guard 32. Williams 42, Colby 9.

IT'S FOR REAL!
by Gabriel Doom

Once every month Gabriel Doom
Lecked himself up in a sound-proof room; Then he laughed out loud and rocked with gleeful laughter. At a life that was funny as life could be!

He laughed at the weather, sunny on Monday . . . rainy on Saturday, rainy on Sunday. He laughed at the news as loud with grief and joy as he could. But his laughter was a pleasant relief! He cried, "what with worry, hurry, and strife, you couldn't ask for a better life!"

worship in this fast moving world; it's good to sit loose, relax and enjoy the real satisfaction of a real smoke . . . a Chesterfield. More real flavor, more satisfaction and the smoothest smoking ever, thanks to Acre-Ray.

Take your pleasure big . . . smoke Chesterfield!

Tufts and Harvard's Crimson 19-13.

Probable Starting Lineups

Trinity

Rogers, Ends

Brown, Tackle

Gaucan, Tackle

Kelleher, Center

Kelleher, Guard

Wells, Guard

Tufts

Bowdoin

Clark, Ends

Curran, Tackle

Schachtman, Tackle

Larsen, End

Catralde, End

Brown, End

Nunes, End

Roopel, End

Kelleher, End

Noble, End

Edwards, End

Bowdoin's old lineups with a 19-12 win over the Crimson. Averaging better than 200 pounds across the line, Tufts is almost to the man the same team that pushed the Bantams down to the wire last season.

PUBLICIZED BARK

The books are headed by Norm Wright, a much-publicized and much-to-be-feared fullback, and Dave Wells, the fast-stepping halfback who scored the final Tufts touchdown. The big directing coach Harry Arloman's split attack will be Ralph Thompson, whose short passes were instrumental in the Jumbos' two victories. At the other half will be Paul Abrahamian.

The big man on the forward line is Kelleher, a tackle whose abilities are not unknown to the pro scouts.

The Randall, who lines up in the Bowdoin defense with first-string linemen out of action, came out in pretty good health. Dave Clark, playing despite an injured knee, was heavy action and with sophomore Curley Brown main-stayed the right side of the defensive line. Quarterback Bob Espel was allowed by line-crams in the last half, but should be none the worse for wear.

Does Good Job

Harry Scott did a good job filling in for Ray Kineman at left guard and will have to do the same versus Tufts. Gerry Channell may still be on the sidelines, but Don Curran, released from the hospital Sunday, can be shifted into the left tackle slot.

The main topic of any team we're playing.

"A" 14-6, New Dorm "A" whitewashed the Psi 20-0, while Sigma Nu demolished Phi Psi 24-6.

Other Scores

Wednesday saw Delta Phi outscore Eliot "B" 14-0, as the D. K. E.'s defeated New Dorm "B" 6-0. Also, the Brownell Club squared by the "Finks" 7-0, with Dan Calhoun scoring the only TD.

In the tennis world, the DKE's defeated "A" 7-6, with Nelson White punching across the winning point. George Keleher, who carried 29 times for 152 yards, split-T quarterback, will have the magic number for the Tufts outfit in Cambridge last week-end, as the Brown and Blue harried Harvard's Crimson 19-13. All the Jumbo scoring was accomplished from four yards out. Halfback Paul Abrahamian, who ironically explained the freshman Harvard eleven, scored on a four-yard plunge. Fullback Normie Wright, Medford answer to Charley Stiles—tallied on a four-yard sweep, as did Stoddard Wells.

Other Trim opponents faced thus: Amherst 49, Union 27. Williams 37, Wesleyan Guard 32. Williams 42, Colby 9.

INTRAMURAL SCHEDULE BEGINS,
Football, Tennis Underway

TRINITY RAISED THE CURTAIN on its '56 intramural program last Tuesday, with tennis and touch football competition.

Tuesday's gridiron contests resulted in the "Finks" defeating Eliot "A" 14-6, New Dorm "A" whitewashed the Psi 20-0, while Sigma Nu demolished Phi Psi 24-6.

Trinity's golden contests resulted in the "Crimson" defeating Eliot "A" 14-6, New Dorm "A" whitewashed the Psi 20-0, while Sigma Nu demolished Phi Psi 24-6.

Wednesday saw Delta Phi outscore Eliot "B" 14-0, as the D. K. E.'s defeated New Dorm "B" 6-0. Also, the Brownell Club squared by the "Finks" 7-0, with Dan Calhoun scoring the only TD.

The games Thursday were cancelled

Trin, Rugged Jumbos to Clash

Bantams Wallop Bowdoin As Tufts Licks Harvard

By BILL MCGILL

HAVING SOMEWHAT VINDICATED themselves by thumping Bowdoin, 40-23, the Bantams will hit the road Saturday to take on the mightily named Tufts Jumbos. The big average last year's 26-20 loss as they seek their third win of the season.

Trinity offense. On the other hand, the passing attack was still mighty rusty, and the only idea to sharpen it up: Kelleher has replaced Sticks as the workhorse of the backfield, but Charley had Kelleher and Bobby Alexander's passes to offset him.

Starts Fast

The Bowdoin game started with a rush, as Kelleher raced 97 yards around right end on the second play to put the hosts in scoring position. Roopel carried it over from the three. The Bants were stopped offensively after the kick-off, but Dick Drumac scurried 27 yards with an intercepted pass and Fred Wenzel converted to give the visitors a brief taste of glory.

But Kelleher and Boozato sparked a 70-yard Bantam push that ended with Roopel hitting over again. Shortly after the final period got underway Dan Jones started substituting freely, but the Hilltoppers rolled on. Bowdoin cracked through from its yard out and kicked the field goal.

Quote of the Week

Bowdoin football coach Adam Walsh in pre-season interview: "Prospects! We don't have any prospects! If you don't believe that just read the newspapers or re- view the last year's results with your own eyes. Ours is the only game they're all sure they can win."—Tufts Weekly
Fraternities Fix Up Houses; Alpha Delta’s Purchase Home

Trinity’s fraternities have done a great deal of repainting and redecorating on their houses since last year, and one, Alpha Delta Phi, has also acquired new property.

During work week, the Psi Upsilon men undertook the complete painting of the downstairs floor. Besides this they repainted the walls of weak places.

Concentrating on the first floor, Theta Xi varnished floors and repainted woodwork, as well as having furniture repolished and carpets cleaned. They also installed a new floor on the front porch.

With a “new look” Delta Phi generally repainted the interior of the “old house,” sanded the dining room floor, put new linoleum in the pantry, and repainted and repaired the bathroom, kitchen, camerom, and bar room. In the “new house,” they arranged more living quarters for brothermen.

Removing several trees and tearing down an old barn, the “D Phi” plan a barbeque pit in the space.

Reinventing their basement, Kappa Nu repainted walls and varnished pine paneling sections. They also wallpapered the second floor washroom and laid tile around the bath. Along with improving facilities in the kitchen and painting most of the interior of the house, Psi Kappa Alpha painted the outside, trim, painted brick, and repaired the chimney.

Delta Kappa Epsilon concentrated on redecorating the basement and adding new furniture to the bar room and living room.

Painting the basement and woodwork throughout the house, Alpha Chi Alpha re-pan, three living rooms and two of the dining room. The “Crow” also added new furniture to the TV room, hung new draperies, put a new rug down, and laid a tile floor in the bathroom.

Putting in a new bath and shower and constructing a new bedroom on the third floor, Kappa Psi also converted an old bathroom on the second floor into a study room and painted several parts of the house.

After a long period of waiting, Alpha Delta Phi purchased the house west of the present house, and should have it moving there soon. In the other house, they painted all the floors and painted the entire first and second floors, as well as buying considerable new furniture and new mattresses for the beds.

Jesters to Perform “Bonds of Interest”

Benvenuto’s “Bonds of Interest” will be presented by the Jesters when they open their season on November 1, 2, 3, and 6.

In presenting this play the Jesters are departing from their customary practice of producing plays that are translated in English drama, although not always well known.

The “Bonds of Interest” is a Spanish play based on the Italian Commedia dell’Arte of the 17th century. This group is being composed of bands of illuminant players who use only a basic plot and stock characters, improvised each performance.

Scenery will be created to emphasize the lightness, and fast-moving qualities of the play, and to incorporate a new 3 dimensional effect using the arena style.

Glee Club and Smith Will Present Concert

The College Glee Club will hold a joint concert with the Smith College Glee Club on October 28, at Northampton. The combined groups will present Haydn’s Lord Nelson Mass and Canon 27 by Bach. The concert will be managed by Milton Areal and Carl Newzark.

Dr. Barber, director of the Glee Club, announced the new appoint-ments of the group yesterday. They are: Charlie Haas, President; Ted Ritter, Vice-President, and head of the Freschman octet; Pete Thomas, Secretary, and George Dugdall, Treasurer.

Gene Corcoran was also appointed Assistant Publicity Chairman.

Bond to Follow Gridmen To Bay State Saturday

Students made up the College Band and attend to the call of the Reservists at the annual Gridiron Game in Boston. The College Band will be led by the Reservists on the field.

The Band will play the national anthem and the Alma Mater before the game commences. The Band will also play the national anthem and the Alma Mater after the game.

The Band will play the national anthem and the Alma Mater before the game commences. The Band will also play the national anthem and the Alma Mater after the game.

There once lived a crazy mixed-up old giant. He lived at the top of a beanstalk and he got his kicks out of a little red hen. Of course, that wasn’t bad, because that chicken laid golden eggs.

Now down at the bottom of the stalk lived our boy, Jackson. Our boy was low on loot and his mother . . . man, she wasn’t making much of a living either.

So Jackson started thinking of a way to get loot fast: “How,” said he to himself, “could I get away from that character upstairs?” He looked around the but for something to trade—how about an old piano roll? Mom’s binoculars?

Uncle Looey’s plectrum banjo? Wait a minute!!! In the cistern was a six-can carton of Budweiser! So he gets the Bud and as he was up the stalk, Well, citizens, there’s no use dragging this Budweiser bit out: The giant buys the Bud, gives Jackson the hen, moon’s down, and they’re both invited to a great party up to date. Get Budweiser, man . . .

It’s the world’s favorite beer!

THE TRINITY TRIPOD

U. S. State Dept.
Representative to Visit Here Friday

Mr. Allan G. James, a representa-
tive of the State Department, is to visit Trinity this Friday. He will visit to any students interested in the State Department in Washington, D.C. in the Executive Secretary.

Examination On Dec. 8, 1954

The Department of State has in-announced that a one-day written examination for the Foreign Service will be held on December 8, 1954. Quali-
dates must be age 20 and under, and a United States citizen for five years. Applications for the examina-
tion must be received by the Bureau of Examiners in Washington, D.C. before midnight October 24, 1954.

RFC . . .

(Continued from page 1)

A white generation has grown up
which has never known independence. Both the Nazi and Communist governments have suppressed all counter-government movements vigorously, leaving the young citizens of these countries to puzzle out for themselves what the ideal concept of “free-
edom” and “democracy” really mean. Programs of Radio Free Europe are prepared by exiles and refugees. A juryed schedule of news and cultural events is planned daily.

Letters smuggled out testify to the programs’ interest and need, said Mary Courtier.

There will be an increasing accent of youth in Radio Free Europe. Col-
leges across the country will be asked to prepare programs for their com-
temporaries behind the Curtain. These will be tape-recorded, translated in part and finally transmitted.
