Doug Bennett
To Speak For
The Democrats

Democratic nominee for Congress from the Second Congressional District, Douglas Bennett, will present the Democratic Party's position in a partisan opinion session on campus at 8 p.m. Monday.

"Douglas Bennett is one of the rising young, intellectuals in the Democratic Party. His speech on October 4th will be a major campaign address from the Democratic National Convention. Amidst Case's charges but will also present a convincing, cogent case for the survival of America. All Trinity men should be interested in hearing Bennett's reply to Case," said Richard Roeder, the campaign campus Democratic advocate.

Bennett first entered public service as a member of the Board of Public Welfare in Connecticut in 1949 and 1951, and as a member of the Connecticut State Development Commission from 1951 to 1955. Bennett has been a member of the Democratic State Central Committee since 1954, and Democratic Town Chairman of Lyme since 1948. He went to Chicago in August as alternate delegate to the national convention.

One of the problems discussed was that of drinking in the fraternity houses at parties. The Administration requested the presidents of the several fraternities as representatives of those groups to take such steps as they deem expedient to see to it that there would be no drinking outside of the fraternity house and no excessive drinking at any event.

Intoxication and disorderly conduct resulting from the use of alcoholic beverages are particularly serious of concern to the administration and to the complete confidence that several houses would be able, in the interest of the College, to resolve this matter.

Dean Clark discussed this with the group the several rules of the Committee on Administration and the Faculty in regard to initiation procedures and asked the several fraternities to cooperate in seeing that these rules are carried out. The principal role pertaining to this matter reads as follows:

"The practice of initiating men into fraternities at Trinity by means of what is commonly known as 'Hell Week' shall be prohibited.

"This restriction is in no way intended to interfere with the formal phase of initiation. Neither does it abolish the house building. To-tails assigned to the pledges. Rather it restricts those stages of initiation ceremonies which might cause physical or emotional harm to the initiates, such as fraternizing, trips, all night vigils, etc."

The matter of fraternity scholarship was also discussed and the presidents of the several houses were requested to continue to see that the new groups took steps to improve the scholarship averages of the fraternities. This matter had particular interest had been in the meetings held during the past academic year.

(Created on page 4)
We are glad that the United States National Science Foundation has魄ited the marriage of Trinity to send a personal representative to the College to talk about the I.F.C. The Dining Club, only half joining the group. A standing joke among students, and ven among record of the fully.

It appears, we shall be deriving not, like they can handle a million
towards fraternities. The M.I.T. incident last fall brought such profound repercussions that fra­ternities have realized the disastrous results that can occur from hazing. The authorities in their
time. We sympathize with the authorities in their

Pogo Platform Cracks Under the Force of Wild Aussie Marsupials

SYDNEY, Australia—Special (Delayed in Transit) —Monotremes and other minority groups in this Australian city today protested against the invasion of this Island Continent by the American Napoleonic for president. Pogo Possum. "We are prepared to offer our own candidate, a Platypus by trade, who is the darling of college and university students throughout the length and breadth of our land," said a prominent Echidna. "We feel that what the United States needs is a man who is right down to earth. And we are the people who can offer such a man. Our candidate is flat on the ground as anybody can get." A spokesman for the Kangaroo con­tinent said that this was not the point. "The fact of the matter," explained the Kangaroo, "is that we don't care a fig as to where this man stands on the ground, we want to know how does he feel about labor." The Echidna group replied that their man was one of the most radical men around, and that the Kangaroo was "is not. "This man is a reformer, he is not one of the people," they declared. "The Kangaroos have not as much room in the White House for egg laying and suckling as the Monotremes, who are the people of the country. The Monotremes have certain peculiar habits which might not be dig­nified and certainly would be out of place in the White House. "For example," said a source close to the Great Barrier Reef, "they lay eggs and suckle their young." This has been hotly denied by the Monotremes. They claim that only the female of the species lays eggs. The Monotremes have countered with the explanation that the President of a great superpower is hardly the place for such activity, no matter what part of the family engages in the pursuit. "This is for the American People to decide," angrily points out the Morning Monotreme, in a lead editorial, "Food laying is not a criminal offence, and where can it be done better than indoors?" The Kangaroos have not yet replied.

THE TRINITY TRIPOD

Barry Sullivan Fights Charlie's Bar for Spot

Not all shows are as difficult to see as "Big Red Lady." In fact, there are some other productions in the big city worthy of undivided attention. One such show is "Tommy" directed by Mr. Libbey has crowded too much of the stage within the small confines of the theater. Otherwise lib is playing with a smoothness that combines with a blast. Josef Murne has injected a touch of comic music which is heard throughout the play. It moves, augmented by the magnificent sets of Owen Jenkins.

Seventy-eight-year-old Friday Carline is exciting the irreplaceable father and auburn-haired old man who fused to the defeat suffered in the Boer War. X. Ellis is the American native, and Louis Bem­ett is the unsympathetic wife. The anti-atheism is brought out by Paul Mann, whose in­truous role in the production, and the Secondary Theme Nated.

The second and final installment of the Tripod's series concerning the fraternity question will be presented in next week's issue. The subject: The Case For Fraternities, by Herbert L. Brown. A book of space prohibits publication in this issue.

VOTE "YES"

S. D. C. . . READ THIS AND WEEP

We do not believe that the Sophomore Dining Club deserves a cent from the Senate, especially not for a banquet. The Dining Club, only half of whose members are at active, has a record of almost no activity. It appears that this is the second year for the past four years.

We do not think a banquet, sustained by Sen­ate funds, could possibly bolster the spirit of this almost non-existent organization. Granted, there are a few faithful members of the Dining Club who are constantly showing guests about our campus, but they are the exceptions to the record of the Soph Dining Club, which is a standing joke among students, and even among the members of the club.

Hurrah for the Club, however—they have for perseverance alone, are now cour­agedly basking the blood. We urge fraternities to save them, spirited young men to take it upon themselves also to further the building of our college. The Soph­omores Dining Club, composed of the outstand­ing men from the freshman class, doesn't look like they can handle such a mission success­fully.

HERE COMES ANOTHER JUST LIKE THE OTHER

From the Senate ledger of last Monday night we find that the Senate has created a new In­terdormitory Council. The I.D.C., although not steeped in years of tradition like the Sopho­more Dining Club, has the same record of lack of activity. This group does not even have tradi­tion on their side. In fact it appears doubt­ful to us whether or not there has been a need for such an organization.

We are all looking forward to finding out what the duties of this Council really are. It seems that no past mem­bers can even tell us.

TEA AND SYMPATHY?

We sympathize with the authorities in their problems concerning the fraternities. We do so, however, feel that the fraternities were in pressing need scoldishly, nor do we feel that the current methods of initiation have caused any concern. The M.I.T. incident last fall brought such profound repercussions that fra­ternities have been forced by student pressures that can occur from hazing.

National fraternity headquarters in general have taken more powerful action than the College or I.F.C. We do not believe any methods of initiation carried out on this campus would violate common sense. The price is too high. We feel that the administration should be proud of the way the fraternities at this campus have met the challenge of the M.I.T. incident, and the subsequent wave of public disapproval towards fraternities.

Case Gives Low Key
Address On Political Issues
By FRED WERNER

The reasoning of the Republican Party in seeking to re-elect a President is that this nation had more peace, progress, and prosperity during his administration than during the four years of the Democrat. President Eisenhower was inaugurated President in November, 1953, because of Eisenhower. No reasoning could be more23-9
illegal! The G.O. P. has, intentionally or otherwise, fallen into a fallacy which any one at all familiar with Soviet style, as it is, and that is the post hoc, ergo propter hoc fallacy, which is to say, after this (Eisenhower's inauguration), therefore because of Eisenhower.

No one disagrees with the premise that the nation is currently enjoying a high, if uneven, level of prosperity, and a shaky peace. The G.O. P. has produced eyewashers of statistics showing that the U. S. is free from inflation, unemployment, crime, is short, our national income in it is in its fiscal year. This premise is valid on.

However, the conclusion, that this period of economic greatness is because of General Eisenhower is where the G.O. P. has erred significantly, not at all. Just because we reached those economic heights while Eisenhower was President does not mean that he is responsible for them. Any other one who has followed the office could, of course realize that the responsibility for the general condition of an economy is not placed on one person. It is a job that demands a confidence that is possible, the income-tax reduction on individual income taxes for the first time in over a generation. The Democrats have taken part of this and in 1944 and 1948, the President was given the credit for our economic prosperity on the President of the United States. The property tax has been reduced 10 mills for the first time in over a generation. The Democrats have taken part of this and the Republicans have not.

This group is now bearing down and see us.

October 24, 1956

President Senator Clifford Case of New Jersey accused the Democratic Party of blindest distortion of fundamentals. Your reporter will not have you in more public service. Of course, this is in no way a new attack. At the moment, the Christian Science Monitor, which the Chaplain called "Soviet Style,") over-mixing. Stagnation in the parish, and parishes that don't mix, are in the Episcopal church. It is not great, however, the fact that two parties are in conflict, are in conflict, whatever it is they believe, is necessary. The Democratic Party, the Democratic Party will have its chance on Monday night when Douglas Bennett, candidate for Congress from the Second District of Connecticut, will speak in the campus auditorium at 7:00 p.m.

Soph Dining Club to Aid Big Blood Drive

The Sophomore Dining Club, sponsoring the annual Blood Drive, this year, it is necessary to decide what party carries on the inherent principles that have given our country its particular coloring. Just what are these fundamental aspects of our country? Debate . . .
(Continued from page 1) commenting the reasons for the Repub-
lincs re-election, Mr. Spear main-
tained that the Democratic party is
a party of extremes and still be-
lieves "in fighting the depression of
1932." Concluding, he pointed out
that the Republican party is the party
of the future—since it believes in
long-range principle, not short
range expediency, outlasting the ener-
gy of all people toward the dedica-
tion to peace and prosperity in the
future.
In reply to the Republicans, Frank
Kury stressed three points. First,
that Eisenhower was not more re-
ponsible for the peace in Korea than
was Truman for the settlement of
W. W. H. Secondly, the Democrats
are the party of the future since they
had illustrous leaders as Woodrow
Wilson and his League of Nations
and Franklin Roosevelt and the New
Deal. Finally, he said that the Eisen-
hower "Atoms for Peace" program was
nothing but a publicity stunt.
Following these four speeches were
reflections by Dr. Thompson and Dr.
Cooper, which briefly summarised
the work points in each other's argu-
ments.
The debate was closed by a lively
question-answer period.

Financial Club . . .
(Continued from page 1) rounds out our extra-curricular ac-
tivity program by giving us an organi-
zation which stresses the merits of
business.
Mr. Shields has, during the past
twenty years, acquired a quietly im-
pressed record. He is president of Pal
Uplin Fraternity, and actively enrolled
in the Young Republican's Club, the
Christian Union (former first
captain), the Cinema Club, the Review
and the Sports Car Club (secretary
and charter member). He has won
numerals and letters in soccer, squash,
and lacrosse.
A Brooks Harlow, of Alpha Delta
Phi, is a member of the Sophomore
Dining Club, captain of the squash
and the tennis team. Both men
have an extensive background in
finance and are excellently equipped
to provide the Court of Ex-
chequer.
Professor Lawrence Tevis, head of
the economics department, is the facul-
ty advisor for the association. Con-
closing his interview with the Tri-
opod, Mr. Shields stated that, "Thank
you for the interest and encouragement of
the economics department and of the ad-
ministration, the Court of Exchequer
can now join the ranks of Trinity's
outstanding activity program."
Books on Soccer and Squash Soon by Dath

Roy Dath, varsity soccer and tennis coach, is in the process of writing two books, one on soccer and one on squash. Each book will deal with the fundamentals of the respective sports.

For the soccer book, the subject matter will cover only the basic principles, correct form, and play procedure of each sport. The books will contain illustrations and pictures of proper playing form.

Both books will be printed on the campus in the Central Services Office and will be used by the Trinity Physical Education Department in the elementary courses of soccer and squash.

The books should be completed with in the next three months and will be distributed without charge.

Medusa

The following men have been placed on Censure by the Medusa: George Baxter, '58, Timothy Temple, '58, James Haynes, '59, William Crowell, '59, William Schacht, '58 and Thomas Kizer, '59.

The penalties involved by being on Censure are the following: (1) Noticing of students on bulletin boards and in the Trippod. (2) Notification of parents or guardian. (3) Loss of unfurling, display and exhibition privilege to participate in extra-curricular or extra-departmental activities.

The second Censure insures automatic suspension from College, length to be determined by Medusa.

No student can be graduated until his record has been restored to good standing.

Reading Course to Improve Speed; Technique Explained

The slow reader at Trinity need not flunk out! Ralph Williams, Associate Professor of English, has developed a course to help those students lacking in reading skills improve their speed, comprehension and vocabulary.

The non-credit, free-of-charge course begins Monday afternoon, for a four-week period. Only by consistent attendance may a student get complete change. Improvement will be noticeable, those with more than one conflicting class assigned, will be placed in some with more than one conflicting class and assigned.

One of the devices employed by Mr. Williams to help the student is a series of four-minute films. On each of these is printed a short story in book form. Only parts of each story are to be read; the rest is obscure. Three fixtures per line are shown intermittently on the screen, starting at a rate of one hundred-and-eighty-five words per minute.

Student who so far have read after each film have been directed to construct a plan of the story. 

Booklets distributed by General Electric are read in class and the student's reading comprehension tested again.

The Tachistoscope machine, similar to the shutter of a camera, is also used in the course. Three, four, five and six digit messages can be sent through in one second for every one-hundredth of a second. By writing down numbers as he sees them, the student is able to solve a problem a few seconds, but greater fixations quicker, the word-by-word reader.

DURING the first and last class sessions, each student is given a reading material test. By this means improvement can be measured. Only when the student has learned to every-day reading can a student benefit most from the course.

Kury

(Continued from page 1)

to give Truman victory in the peace of World War II. Did not Churchill and others have a part in ending World War II, just as Turkey, Britain, and the U. N. had a large part in Korea? There was another major factor which brought peace to Korea, and that was the death of Stalin in January of 1953, which reversed the Soviet opposition to the Chinese Communist desire for peace, which they wanted to achieve in 1952 through India because of the drain the war was making on them. When this originated before Eisenhower became President. And it was shown that one of the most profound is General Eisenhower's responsibility for peace, third, that the Eichhoven Administration had a evolved the same program at the Geneva Conference in January of 1956 but because Stevenson came out first with his stand, Eisenhower is now opposed it.

Yes, we have gained and prosperity in the Middle East and prosperity in the Middle West. Any real progress has been made in the Middle East and prosperity in the Middle West. Any real progress has been made in the Middle East, and we have existed in spite of General Eisenhower's luck of leadership. This month, "Peace, Process, and Prosperity"—which is incidentally, the same slogan used by Mr. Stevenson in 1945 to become president and then dictator of France—is nothing more than three glittering generalities which the G. O. P. is perpetrating on the public, in an effort to win elections.

I CHALLENGE ANYONE TO PROVE CONCLUSIVELY THAT EISENHOWER IS DIRECTLY RESPONSIBLE FOR EITHER PEACE, PROSPERITY, OR PROSPERITY.
Datham, Williams Collide Saturday; Trin Racks UMass

HOPING to continue their undefeated season, Trinity’s varsity soccer team will battle Williams, this Saturday in what captain Doug Raynard termed the “toughest game of the season,” a game in which the visiting Ephs will be “a strong sophomore group, who have added a lot to the success of the team this year,” according to Raynard.

The Bastians racked up six goals to the University of Massachusetts’ one in a game at Amherst Saturday. After a defensive first half, the Trinners found themselves only one goal ahead of the scoreless Yaleians. The one goal of the half was credited to Bill Howard.

Commented Raynard, “After a rough first half, the team settled down and played good ball in the second half,” in which they scored five more goals to the Bastians’ one.

John Widing, left off the second half with the first of two goals that he scored, while Raynard added to the score on a penalty kick. Other marksmen were credited to Bres Shull and Bill Howard.

Both teams are 2-0-0, but the Trinners are ranked second in the national polls. The Yaleians are also 2-0-0 and ranked 11th nationally. The game is at 2 p.m., Sunday, Nov. 2.

AD, SN Pace Football

Both football leagues are turning into more similar to the National League Pennant Race. In the American League, Alpha Delta Phi took another win, continuing their unblemished record. Delta Phi and Delta Kappa Epsilon won their games. The one loss by each of the teams is the absence of first place.

After a week’s play, the teams are as follows in the National League, Sigma Nu is still on top, but the Jaguars and Theta Xi are pushing them. By taking the two games of the week, Sigma Nu stayed in first place with a four and zero record. It was once again the Crocs who showed down the top contenders. By holding the Jaguars to a scoreless tie, the Crocs won the game, but a regular tie between them is not out of the question.

It looks like the Theta Xi is undefeated as well, and tied the Crocs. The Theta Xi is 4-0, and the Crocs are 5-0. The Theta Xi and the Crocs are one of the best teams in the country.

Yearlings Crush Wes Gridmen As Wyckoff Scores The Best’s Goal

By LARRY MENCHE

SHOWING CONSIDERABLE improvement since their game with Springfield, the frosh football players whipped Wesleyan 26-0 in Middletown Friday. Starters were Alfred Moylan, left end; Dick White, left tackle; Chuck Orton, center; Frank John, right end; Jim Colby, right tackle; Don Johnson, left tackle; and Del Martin, fullback.

Komoroski has sent out a memorandum to all the teams announcing the installment of a third referee.

Trin Whips Colby; Sam, Kelleher Shine

By MAC COSTLEY

"FEAST OR FAMINE" was solidly established as the Bastians’ mark last Saturday, when the Trin gridders came out on the long end of a 4-0 decision over Colby.

The Hilltoppers, who thus far have either won by a substantial margin or gained a great majority, racked themselves on an impressive victory before 5,280 Parents’ Day fans at New England Field. The victory marked the start of a week’s rest for the Bastians, and they meet Coast Guard November 3 on Trinity Field. The Cadets also have an open date this week.

Big One

The triumph at Waterville was a first for Coach Dan Jones. The victory marked the first time a Trinners’ team beat Colby on the Middletown site. Despite the loss, the White Mules held a 3-5 edge in the series between the two schools.

Colby had two big thorns in its side Saturday, in George Kelleher and Sam Nines, the co-captains and all of Colby’s touchdowns. Hardworking Kelleher continued to star for the Mules, scoring on two occasions within four minutes, while Nines, turned in the spectacular plays by the two schools during the second period by landing a 40-yard pass on Colby’s 36-yard pass.

Fall Behind

Although they fell behind 0-6 in the first period due to a fumble and a pass interception, the Bastians blazed back and moved into the first quarter. They scored the last of the first period of the score and drove into the end zone twice more before the end of the half. Nines also helped the Trinity protection on the extra point, but this was in vain, thanks to a field goal from a brilliant 58-yard pass kick.

In the second period, Colby blasted back with the second half kickoff. Moving the ball to the six inch line, the frosh were able to convert. The red and green came on the scoreboard.

Harrier Squad Finals Wins

TRINITY’s rejuvenated cross-country team, all winners from its first victory in three years, stands triumphantly in the midst of a season promising never before approached by the best of New England and Gold aggregators.

For the first time since the fall of 51, the Hilltoppers administered the Harrier taste of defeat to an opponent this time a New Britain Teachers College nine, which surrendering.

Bob Logan, the smooth-striding Bob Logan who suffered first place, the Trin runners fed out a 26 to 29 victory over rival squad which was dilated to three-thousand strength because of close circumstances.

Bob Logan

Spotting a kick that rested at the center of a crowd, Logan crossed the finish line in 16 minutes, four seconds faster two seconds away from the course record. Hub Segal found a hole near mile marker No. 5, 16:58.8, Spence Smith eighth in 17:16.9, and Sam Olds ninth in 17:24.9.

Although he lacked the time of Vermon Willard’s 16:51.9, a mark on the books, Logan was the first to finish in three minutes. The Trinners were the first to take the tape over the Vermont Mill. Race among some of the best competitors.
