Local Chapter Elects Twelve Seniors to Phi Beta Kappa

Twelve Trinity seniors have been elected to the Beta Chapter of Phi Beta Kappa, the university's honor society.

IRC Will Attend UConn Meeting

A strong Trinity delegation will participate in the Fifth Annual College Conference on World Affairs to be held Friday and Saturday at the University of Connecticut.

The IRC's delegation is participating under the auspices of the International Relations Club, sponsored by the Foreign Policy Association of Hartford, this year's topic to be discussed is "S. S. Relations with Southeast Asia." The Friday night keynote speaker will be Mr. David H. Flanz, First Secretary and Head of Chancery, Permanent Mission of the Federation of Malaya to the United Nations; son of Tunku Rahman, Prime Minister of Malaya.

Other specialists to be present at the two-day meeting are: Dr. John Mossing of Yale University, Dr. Allen Cole of the Fletcher School of Law and Diplomacy, M. Ludl Thomas of UConn, Dr. Don Hart of Yale, and Dr. John Brown Moses, the Chancellor W. Nimitz Professor at the Naval War College.

The Southeast Asian countries which will be under discussion are: Burma, Cambodia, Laos, and Viet Nam, Indonesia, Malaysia, Philippines, and Thailand. The discussions will be on a round-table basis with a specialist of each country present to direct and moderate the conference. At least 12 different colleges will be present.

There are a few spots vacant in the Trinity delegation; persons interested in attending should leave their name and class '70 or contact Peter Lowenstein to make arrangements.

On March 30-April 2 at the Mayo Hotel, Rochester, D. St. John and Trinity's IRC will be represented at the Fifth Annual College Conference on World Affairs. This conference will be a policy planning conference modeled after the Department of State on the problems in the Middle East. Students interested in attending this all-college conference should also consult Lowenstein.

Gwynn Named Warden Ofeld Of English Department

Frederick L. Gwynn has been appointed Professor of English and Head of the English Department, it was announced by President Jacobs. Dr. Gwynn is Associate Professor of English at the University of Virginia, Charlottesville, where he teaches American Literature. He is editor of "Our Country," the official magazine of the National Council of Teachers of English.

In making the announcement Dr. Jacobs said, "He will assume the chairmanship of the English Department, a post so ably filled for the past 12 years by Dr. Morris E. Allen. Dr. Allen, James J. Goodwin Professor of English, will continue his teaching duties at Trinity."

Trinity "Footnote"

Concerning the appointment, Dr. Gwynn in a recent interview stated: "I consider any publicspeaking engagement at this university very fortunate in acquiring for its faculty as full professor Dr. Frederick L. Gwynn, who will succeed me in the leadership of the Department of English. He has my full support, as well as that of the others in the university. In fact, I am looking forward to a period of rapid development and improvement of the department's successful past in Trinity's educational program."

Dr. Gwynn was born in Tampa, Florida, and has been active in the public schools of Maine, Massachusetts, and Texas. He spent four years at Harvard University where he attained his A.M. and Ph.D. degrees in English.

Lieutenant Commander

During World War II Dr. Gwynn served as a member of the U. S. Naval Reserve on the U.S.S. Roosevelt, B-43. He also served as a public relations writer for the Navy Department in Washington, D.C. and becameLieutenant Commander of the U. S. Naval Reserve. He was awarded the Distinguished Service Medal.

The clan of his active duty was returned to Harvard as Instructor in English and senior tutor at Adams.

Wendell Kraft Replaces Mason

As Assistant to Pres. Jacobs

Wendell L. Kraft, Captain, U. S. Navy (retired), and associate professor of government at Trinity since 1954, has been named assistant to the president. It was announced Monday.

Professor Kraft has filled the vacancy created when John A. Mason, longtime member of the Trinity administration, assumed the position of executive director of development.

In making the announcement Pres. Jacobs said he "greatly values" Professor Kraft's "extensive administrative experience which he has brought to this position...I have been impressed that Prof. Kraft will continue to be a driving force in all our development activities."

Prior to coming to Trinity upon retiring from the Navy, where he served as an electronic engineer, he was a member of the faculty of the U. S. Naval Reserve Officer Candidate School.

Prior to his retirement, he held the position of Assistant Chief for Administration at the Naval School of Gunnery, largest of the Navy's training establishments.

A native of Chicago, Ills., he was graduated from the U. S. Naval Academy. In 1944, as did graduate, after three and a half years and two terms, receiving his commission at the latter institution in 1929.

WHY NOT...

Student Government has been set back a number of years by the lack of leadership and the lack of imagination of the Senate. Monday, the Senate passed the resolution on body constitution, after only two weeks of off-the-cuff, hasty
debate, so that each student will have an opportunity to express himself. Also should the
college be able to develop on itself an educational, social, and economic program. 

The Editor of the "Trinity Tripod calls for an all-college referendum to determine the question of fraternity membership for the college which sponsors it. This is by the student body and the student Senate.

The first step in the right direction concerning the College Education is a referendum to determine the question of freedom of the student body. The referendum of a Trinity student should be considered as a basic principle of student government.

In this way each student should be given a fair chance to express his opinion on the issue of fraternity membership.

The Editor believes that the student body should decide the proposed constitution's effect on the college. The referendum of the student body will be an important step in the establishment of a true self-governing college where the student body can express their student government.

In the first place, the college should have the right to determine whether or not there is an all-college referendum. **Concert Given By College Band**

Last Friday evening the College Band, under the direction of Mr. William B. Green, instituted a new feature on the campus, with the First Annual Winter Band Concert. This Ore is another step in the Band's long-range program to present more and better instrumental music.

Playing to a small but appreciative audience, the group presented versatility in presenting a wide variety of music. The program opened with John Philip Sousa's "Stars and Stripes Forever," marched, King Cotton, and then took a complete change of pace in Langdon's Ballet Egyptian.

Following the first two numbers, a quartet from the Band, consisting of Hart Hewitt, '59, Bob Adams, '60, and Terry Robbins, '59, sang two favorites of the group, "Allez, Allez, Allez," and "French Canzona," from Sonate No. 1, a creation of the group's own arrangement of the spiritual "Were You There."

**Hot Coast Guard Downs Bantams; Trin's Late Sprint Falls Short**

By MATT LEVINE

"Too hot to handle" — This was the general feeling about Coast Guard's basketball team Saturday night when they swatted the Bantam cagers by a 74-68 score.

Off and running at the start, the Coasties could do no wrong. Shooting at an amazing clip, and finishing every type of shot in the books, they gained a 14-4 lead in the first five minutes. Dan Parent and John Thornton did most of the dirty work from the outside and the inside, respectively.

Cold Beer

In direct contrast to these phenomenally shooting tactics, the Bantam shooting eyes were as cold as a bottle of Budweiser. Unlike the UMass and Tufts games, in which huge deficits were piled up early, sloppy ball handling wasn't as much the reason for the team's downfall as was the Cadets' all-out hustle.

Boasting a fifty-per-cent shooting average, the Coasties left the Bantams in a 42-23 predicament at halftime.

Fast Breaking

The second half found the New Lononders cooing off, but working an effective fast break to drive even further into the lead. Out to make up for their last two straight defeats at the hands of a Trinity army, the Cadets exploded with exuberance and led at the three quarter point, 79-63.

Finally, with Ed Anderson, Art Polstein, and Barry Royden chalking up eight and nine, respectively, the club proceeded to put on a show in the home stretch which avowed theConn. College cuties and their blue serge ensigns. Unfortunately, the rally came too late and the Cadets had to be satisfied with an "almost" comeback.

Jay and Ed Sparkle

Jay Deyer and Jack Foster were also in the five which stamped the exciting return. For the first time in many a moon, the combination of assist-man Jay Deyer and pivot-man Ed Anderson, one which led a successful fresh team two years back, was at its glistening best.

In the final tally column, Thornton scored 22 and Parent marked up 20 for the winning Coast Guard five. For Trinity, Captain Polstein led with 14, followed by Anderson with 12, and Foster and Royden with 10 apiece.

The Bantam quieted down the season's last night against rival Wesleyan at the field house.

Little Bantams Swab Coaslies; BowtoSeminary

By RICK BOYD MANN

The Trinity Fresh cagers went after their tenth win last night against arch-rival Wesleyan. The Freshmen's hopes for a completely successful season rested on the outcome of this game.

In the past week the baby Bantams split their two games. After suffering their fourth loss of the year at the hands of St. Thomas, they came back to handle whip St. Coast Guard A.V.'s, on the USC/MA home court.

Last Saturday, the Freshmen defeated the Coaslies by a 85-63 count. The game was a lot tougher than the score indicates. After leading 43-28 at half-time, the fresh team found theirselves in trouble as the Sailors ranked off seven straight points at the opening of the second half. Doug Tennull, Bill Scully and Ken Cromwell then put out the fire and pulled the Freshmen to a comfortable lead. Cromwell was high man with 23 points and had 6 assists to boot.

Scullly finished with 19 counter was Ted Daniels, who played an excellent all-around game, had 33 points and 13 rebounds. Buzz Meyer also had a role in the victory as he came through with 11 points and 10 rebounds.

The Freshmen met an exceptionally hot team from Wesleyan and suffered a heart-breaking 78-70 setback. The yearlings were down by 12 at the half and never could quite catch the Tommies. At various stages in the second half, the Freshmen led within four or five points but never much closer. Doug Tennull led the team with 32 big points and six rebounds followed with 19. Kenny Cromwell chipped in with 12.

Packets Eagerly Awaits Wesleyan

Coach Dan Jessee has nothing but optimism for the varsity squad this Friday with Wesleyan. If the Blue and Gold can take this one, the season will stand as a respectable 6-4 slate, two of the three losses being class C-3 matches.

In spite of the impressive winning 8-1 loss which Army's bellhops handed the squad last Saturday, the contest was an extremely close one. There were three five game matches, in which Ward, Morse, and Holland led their Cadets before going down in defeat. Holland's match went into overtime. Alex Fava scored the win of the day, crushing Army's number 8 man.

Each match looked close, but Army's superior conditioning showed to great advantage. The Trinmen began to take chances as the matches progressed, and this was where the Cadets finished their win. Jernum emphasized, however, that the team showed Army a tougher match than they have in twenty years from those quarters.

The Freshman team dropped their match last week to Episcopal Academy of Philadelphia. The score was 25-20, Mills and Ricketts being the winners for the home team. Episcopal is rated as having the best squash teams of any Prep school in the country. Like the varsity, the freshmen look forward to bouncing Wesleyan this weekend.

With this record already in the books, Coach Dan Jessee looks for next year's club to be even more outstanding. He is counting on two in particular to move up to the varsity from this year's 5-2 Fresh.

Black Whirls to New Mark As Mermen Drown Wesleyan

By JIM GIBBS

Tuesday night saw 1,000 fans packed into Durham Gym to watch the win-ningest TriSigma swimmers drown arch-rivals Wesleyan.

Outstanding in the victory was record-setting sophomore George Black, who swam a split of 1:02.6 in the 100-yard freestyle.

Black started off the meet by anchoring the winning distance relay, which took 3:54.4.

Later, he added a 2:02.8 for the 200-yard freestyle and a 1:03.3 for the 100-yard breaststroke.

The tri Sigma took 7:50 for the 800-yard freestyle relay, which included Brian Foy, Bob Morgan, and Kevin Kroh.

Brian Foy opened the winning 200-yard freestyle relay with a 1:00.8, while Bob Morgan followed with a 1:02.8.

Kurt Sees Wes As Rough Match; Squad Prepares

Twenty-two days from today the varsity track opens its 1958 season with its only indoor meet, the annual Wesleyan battle. Coach Kurt Kurth thinks that this will be the first real test for us in many a year.

The majority of the squad has been working out for over a month with a few of the distance men running through the winter. A strong core of middle and distance runners will anchor the team. Looking forward for the second part of the season, the team plans to send a full delegation to Lord Jeff territory with a win or two expected.

Kurt Kurth commented. The team will be a strong cluster of young talent consisting of Rick Richardson and Jules Worthington in the pole vault, Jerry Long, finals, and Doug Frost, big Ray Sheppard and Doug Frost in the javelin.

All national league games will begin at 7:30, the American at 8:00.

The finals will be held March 14, and March 18. On the 14th, the third place teams in each league will battle, and on the 18th, the second and first place teams, of each league.
Federal Aid

Local Autonomy Discussed at TX Conference

The Annual Regional Conference of the New England Chapters of Theta Xi was held last Saturday at Trinity's Alpha Chi Chapter. The purpose of these conferences is to strengthen intra-fraternity relations within the Region and to discuss mutual problems of administration and policy.

Delegates from M.I.T., R.P.I., the University of Connecticut, and the recently-suspended Chapter at Amherst were present. Saturday's morning program consisted of six discussion groups led by the presidents and committee chairmen from the various chapters.

In the afternoon, President Jacobs addressed the assembled delegates. The main portion of his speech dealt with the relationship between the local fraternity chapter and the college administration and the selection of membership, which is on page 2. A general discussion followed this address, moderated by President George Diggs, President of the local Chapter. This meeting dealt primarily with the problems of racial integration and national authority which have faced Theta Xi since the suspension of its Amherst Chapter last summer following the pledgeing of a negro.

With or without federal aid, there will be no reason to "lower" admissions standards. By 1965, it is conceivable that 20,000 applications annually will be filled in Williams.

Admission to the small college and to the large university will be equally difficult to attain. Standards of the small college may be lower and the student may have more faculty choices, for long waiting lists will have been compiled. At first, this may seem to a teacher's advantage—and it may be—but unless efforts are made to enlist qualified students into the teaching profession, unlicensed institutions make more efficient use of their facilities, unless college and universities expand to meet the "baby boom," one of the great assets of our society will be lost, for mass education is essential to the development of our country.

As a program, federal aid should only supplement the traditional fund-raising sources. There are some dangers in any government program to the freedom of the individual. But all revenue measures must be implemented if democratic right of education is to continue.

Art and Morality Discussed By Speakers from 4 Colleges

By LARRY BOULDIN

"The Relation of Art and Morality" was the topic for discussion at the recent meeting of the schools of the Connecticut Philosophy Intercollegiate, which was attended by guests at the meeting on the campus of Conn. College. Dunstan McDonald of Trinity read one of two papers, the other being presented by a student from Wesleyan.

In his paper, which analyzed the moral responsibility of the literary artist, McDonald presented three propositions: first, that literature can neither be purely informative nor purely aesthetic; second, that whatever the moral effects may be, literature has the function of raising critical standards; and third, that there is a sense in which the literary artist does have moral responsibility.

Supports Position

In support of his position, McDonald referred to the obvious fact that there are statements and meanings

make clear—only in the right of each chapter to choose its own members. The privileges may vary chapter to chapter. If it selects for its members only those with blue eyes with blond hair, who are members of this church and of that political party.

The college, having chosen to do so, and this I want to make clear, is entitled to benefit from informing any chapter that it must against its wishes take anyone. The College further would declare that action involved taking in a member merely to prove a point. I hope that you understand what I am talking about. Such action would under no circumstances be welcome. If a chapter is a member of a national organization that refuses to admit an adherer to this point of view, the College, much as it believes in fraternity and its various benefits, will have to take official action. A chapter, if it is a member of such a national organization, cannot be reconciled with those of its national organization, will be welcome, provided it wishes to do so, to operate as a local society. After all, the College's primary interest, as I have already indicated, is to be in the local chapter and in the moral growth of its members themselves. If they wish to make more or less important in the student life of the college. And one fraternity chapter should be free to choose, subject to its standards and purposes, even though its purposes may be different from those of the national organization. This chapter can do much to supplement the work of the national organization, will be welcome, provided it wishes to do so, to operate as a local society.

Up to this time Trinity has not taken a stand on the important matter under consideration. And I hope sincerely that it will not be necessary to do so. I am confident that each chapter on the campus will resolve this issue in accordance with the views I have expressed. The College is interested—and this I want to contain in art works that either implicitly or explicitly philosophical thought, and that the College's official position is not composed of these kinds of the moral. We must recall, however, that it is primarily aesthetic, and that its main function is aesthetic.

Phi beta Kappa

"The Relation of Art and Morality" was also been paper of Phi Beta Kappa last semester were Robert B. West, chairman of the College and Borden W. Painter, Remington E. Rose, and David A. Smith.

WRTC Initiates NewsPrograms

This week WRTC-FM commenced its expansion of its program fare. This is part of the present plan to eventually broadcast a full 18 hour programed day of music, news and special events engineering.

The Wire Service of the United Press Association was installed this week supplying stations with facilities to present five minute newscasts beginning at 5:45 each evening.

Back in March, the program, Observations, allows Trinity students to express their views on the political, and the philosophical and ethical vocation of the United States in the light of their particular field of study.
